GROWING STEADILY

**We have left behind
a year full of
accomplishments
in terms of growth
and profitability.**

**We take pride in our
achievements as the
steadily growing,
pioneering bank of
Progressing Turkey.**

Corporate Profile

SMEs in Turkey are producing, growing and looking forward to the future with optimism **with the support of Halkbank.** Their success is our success...

Believing that the social conditions and prosperity of Turkey can best improve in a robust, productive environment, Halkbank has **operated with the mission of providing support to the producers of the economy since its founding.**

We see our clients as the most important players in the real economy; **we conduct our operations understanding that they are the drivers of the economic growth** that has increased national income and raised living standards in Turkey in recent years.

Our activities are based on the principle of standing by our clients and providing support at all times and under all circumstances. The best proof of this commitment is our steadily increased lending and new branch openings, even during the economic crisis.

SMEs in Turkey are producing, growing and looking to the future with hope, thanks to the support of Halkbank. Their success is our success...
Halkbank's success is the success of growing and developing Turkey.

Halkbank in Brief

Halkbank today is a **steadily growing, 75-year-old** brand that ranks among the longest established, pioneering and respected in progressing Turkey.

Halkbank was founded in 1938 to support craftsmen and tradesmen and to accelerate the country's economic development. The Bank's core business strategy has not changed in its 75 year history. Halkbank sees every craftsman, farmer and small, medium or large size enterprise owner that creates value and generates employment as a business partner; the Bank strongly believes it's duty is to support these economic producers with its entire financing capability both in good and bad days. Allocating 36.8% of its total loans to SMEs, Halkbank continues to be their primary supporter in Turkey.

As of the end of 2013, Halkbank operates with a global perspective, through 872 domestic and 5 overseas branches, 1 overseas representative office, 2,961 ATMs, telephone and internet banking platforms, mobile banking applications; the Bank's innovative products and services provide customers with an unparalleled banking experience. Some 48.9% of Halkbank's outstanding shares are publicly held and the Bank boasts the highest return on equity (ROE) among its peers thanks to its highly efficient use of capital.

Halkbank today is a steadily growing, 75-year-old brand that ranks among the longest established, pioneering and respected in progressing Turkey.

Amendments to the Articles of Association in 2013

Halkbank's Historical Development

Since its establishment, Halkbank has placed a priority on investments that **contribute to the Turkish economy and the country's social development.**

During the early years of the Republic of Turkey, economic difficulties resulted from the lack of capital stock, scarcity of production facilities and the under-developed private sector. These factors prevented the emergence of institutions that were able to lend to small enterprises, artisans and tradesmen.

The Great Depression of 1929 led to challenging economic circumstances in Turkey. Over time the commercial activities of artisans and tradesmen contracted.

The banks and other state enterprises that started operations in the years following the establishment of the Turkish Republic were unable to address the unique problems facing small artisans and tradesmen, which constituted the largest segment of the economy. As a result, Halkbank was established to lend specifically to artisans, tradesmen and small businesses at favorable terms in order to achieve lasting economic development, social stability and peace.

Mustafa Kemal Atatürk, who stated, "It is extremely essential to create an organization that will provide small business owners and large industrial enterprises with the loans they so desperately need, easily obtainable and inexpensively priced, and to lower the cost of credit under normal circumstances," paved the way for the inception of Halkbank.

Subsequently, Atatürk provided guidance for the newly founded Bank's future objectives by proclaiming, "My bliss will rise to the highest level when I see the small shops of tradesmen replaced with glorious factories."

Halkbank's Historical Development

Aiming to earn positive value to Turkey by providing financing to the producers, Halkbank, is able to serve **all the financial needs of its clients by the variety of its credit products.**

Halkbank's founding

Halkbank was founded pursuant to the Halkbank and Public Funds Law enacted in 1933.

This legislation promoted development of a hybrid system with a dual structure that included an occupation-based microcredit facility that Turkey lacked at the time. Under this system, Halkbank would manage micro-lending centrally while public funds would be set up to assume the principal function in the areas deemed appropriate by the Bank. However, it took five years to implement this hybrid system.

Halkbank provided credit services through the Public Funds channel, from which it received financing, from 1938 to 1950. In 1964, the Bank increased its capital and started working actively to expand its deposit base and lending activities.

Halkbank acquired Türkiye Öğretmenler Bankası T.A.Ş. (Töbank) in 1992, Sümerbank in 1993, and Etibank in 1998. Growing more diversified and stronger with each merger, Halkbank reorganized in 2000 to operate more effectively in a modern banking and internationally competitive environment while readying itself for privatization. In 2001, the Bank acquired Emlak Bankası and its 96 branches, personnel and balance sheet.

Pamukbank was merged into Halkbank in the second half of 2004. Finalized merely in half the time of the originally projected timeline of nine months, this integration was recorded in the world banking history as a bank merger that was completed successfully in a very short amount of time.

The first bank to establish an Entrepreneur Information Center in 1995 and the first bank in Turkey to offer a Women's Entrepreneur Loan in 2007, Halkbank has always been a pioneer in the industry. It was also the first state-owned bank to use TV banking and to open an offshore branch abroad.

Successful Public Offerings

Halkbank's share flotation in 2007 generated record demand for the largest public offering ever in Turkey at that time. Some 24.98% of the Bank's outstanding shares were sold for US\$ 1.8 billion. Bids placed by domestic and international investors for the Bank's floated shares totaled TRY 17.3 billion (US\$ 12.9 billion), eight times the size of the public offering. Halkbank's successful flotation received the "Best Public Offering" award for the year from Sweden-based East Capital, a leading independent European investment company.

In 2012, Halkbank carried out a secondary public offering of its shares that increased its free-float ratio to 48.9%. The highly successful public offering raised TRY 4.5 billion for the Bank. Of the total offering, 80% of the shares were sold to foreign investors while domestic institutional investors and domestic retail investors were each allocated 10%. Halkbank completed its secondary offering, recorded as the largest public offering on the Borsa İstanbul A.Ş. and the third-largest in Europe, with the smallest discount to date, marking yet another notable achievement for the Bank.

Professional Approach to SME Banking

Since its foundation, Halkbank has always prioritized those investments that contribute to both Turkey's economic and social development. Thanks to major strides taken in recent years, the Bank continues to strengthen

its well-respected position in the banking industry attained through a countrywide branch network, high quality products and services, and a professional approach to SME banking.

Striving to extend resources to productive enterprises and to create value for Turkey, Halkbank meets all funding demand with competitive interest rates thanks to its diversified lineup of loan products for investment, production, domestic and foreign trade, and retail financing. In addition to its domestic funding sources, the Bank also cooperates with international financial institutions including the European Investment Bank, the Council of Europe Development Bank and the French Development Agency. Furthermore, Halkbank offers a wide range of conveniences to SMEs including special loans and products tailored to their unique requirements; in addition, the Bank meets the local and regional needs of SME customers through credit agreements with chambers of commerce and industry throughout Turkey.

Halkbank is constantly evolving. Specifically, the Bank works to increase cooperation with regional development agencies; extend additional loans through KOSGEB (Small and Medium Enterprises Development Organization); and bolster the amount and variety of funding sources secured from international financial institutions. In addition, Halkbank implements organizational change strategies to better serve SMEs and meet their unique needs. The Bank's fast, effective, high-quality SME solutions ultimately aim to contribute to the country's economic development by strengthening SMEs, the foundation of Productive Turkey.

Halkbank's Historical Development

Halkbank **uses technology** to facilitate customer banking transactions in all environments **as required of the financial services industry today.**

Rich Retail Banking Portfolio

With a core strategy of "increasing productivity and profitability", Halkbank's objective in the coming period is to be a customer-oriented bank with a strong market presence in retail services.

Upon entering the retail banking segment, Halkbank enriched its consumer loan portfolio with offerings that meet every type of need with attractive terms. In addition to general purpose loans for education, healthcare and vacation, the Bank added retail loans with convenient repayment options for target occupational groups to the Bank's product portfolio.

Thanks to a partnership agreement between Halkbank and HSBC in 2007, Halkbank credit cards were enhanced with Advantage features; as a result, Halkbank cardholders could benefit from the installment and CashPoint features of the Advantage card.

The first prepaid contactless debit card in Europe launched thanks to a partnership between Halkbank and Visa. Bank24 Jet combines many functions including a contactless payment card for small-sum purchases, a public transit card, KGS, a self-service payment card and a pass card.

With its initiative that shortened the process of receiving and evaluating credit card applications and delivering cards to customers, Halkbank became the first bank in Turkey to receive ISO 9001 Quality Management System Standard Certification in 2008.

In December 2012, Halkbank terminated its Advantage card partnership with HSBC and launched a new credit card brand, Paraf, with the slogan, “Paraf: Home of Benefits.” With Paraf, which is not only a credit card product but also a platform that enables partnerships with other banks, Halkbank plans to offer services customized to the personal preferences and needs of customers.

Strong technologic infrastructure

Halkbank uses its advanced technology infrastructure as a powerful competitive advantage. Thanks to a revamped technological infrastructure, centralized database and automated operations facilities, the Bank significantly reduced the operational task workload performed by the branches for settlement and reconciliation purposes. Halkbank launched a variety of technology related initiatives including data warehousing, data mining and customer relationship management; these projects help facilitate the Bank’s business strategy development and decision-making processes, identification of customer profiles and needs, and products and service offering.

Halkbank implemented its “Identity Management System” (IdM), developed in cooperation with Koç Sistem, at the Bank’s headquarters and branches in 2008. The Identity Management System allows employees to conduct all banking transactions as well as receiving healthcare and social security services using a single ID number or card.

Halkbank uses technology to facilitate customer banking transactions in all environments as required of the financial services industry today.

A Strong Regional Bank in Nearby Geography

Halkbank is striving to extend its robust domestic performance to overseas markets and to become a strong regional bank in Turkey’s surrounding geography. In 2011, Halkbank acquired the shares of IK Bank, the SME bank of Macedonia. Aiming to be one of Macedonia’s top three banks, Halkbank operates in the country as Halk Banka A.D., Skopje. In 2012, Halk Banka A.D., Skopje acquired Ziraat Banka A.D., Skopje along with all of its assets, liabilities, branches and personnel.

Istanbul became the Bank’s headquarters

At the Ordinary General Assembly Meeting of Halkbank held on the date of March 29, 2013, Bank’s headquarters was repositioned from Ankara to Istanbul with the approved amendments made to the Articles of Association.

Halkbank’s Human Resources

Under a reorganization initiative, Halkbank upgraded its employee profile as well as its organizational structure. As of year-end 2013, the Bank’s head count totaled 14,798.

Halkbank Milestones

1933

Founded pursuant to the Halkbank and Public Funds Law, Halkbank carried out its credit services through the Public Funds channel for which it provided financing from 1938 to 1950.

1940

Halkbank extended its first SME loans to small and medium-size enterprises.

1950

Carrying out its credit services through the Public Funds channel between 1938 and 1950, Halkbank was authorized to open branches and lend directly in 1950.

1964

Halkbank created the first fund for the construction of small industrial markets and estates. That same year, the Bank started working actively to expand its deposit base and lending volume.

1975

Halkbank became the bank of larger industrial enterprises as well with the launch of industrial investment and working capital loans.

1992

Halkbank grew with the acquisition of a number of banks starting in 1992. As part of this process, Türkiye Öğretmenler Bankası (Töbank) was merged into Halkbank in 1992 with all of its personnel, branches, assets and liabilities.

1993

Halkbank acquired Sümerbank in 1993 with only its assets and liabilities.

1995

The first Entrepreneur Information Center was established.

1998

Etibank was merged into Halkbank with only its assets and liabilities in 1998.

2000

Halkbank launched restructuring initiatives pursuant to Law No. 4603 regarding the restructuring of state-owned banks to operate in accordance with the requirements of modern banking and global competition and to prepare for privatization.

2001

Halkbank acquired Türkiye Emlak Bankası, which was then in the process of being liquidated, with its 96 branches, personnel and balance sheet.

2004

In the second half of 2004, Pamukbank was successfully merged into Halkbank with all of its assets, liabilities, branches and employees.

2007

Halkbank's floatation in 2007 which met with the record demand, was registered in the history of the Borsa İstanbul A.Ş. as the largest public offering carried out in Turkey up to that date. 24.98% of Halkbank shares were floated. Thanks to this successful floatation, Halkbank received the annual "Best Public Offering" award from East Capital, a leading European investment company. Within the framework of agreement between Halkbank and HSBC that year, Halkbank credit cards were enhanced with Advantage feature.

2008

Halkbank credit cards were redesigned to offer all privileges of Advantage and launched under the Halkbank Advantage brand.

With its initiative that shortened the process of receiving and evaluating credit card applications and delivering cards to customers,

Halkbank became the first bank in Turkey to receive ISO 9001 Quality Management System Standard Certification in 2008.

In addition, the first prepaid contactless debit card in Europe launched thanks to a partnership between Halkbank and Visa; Bank24 Jet combined a large number of diverse functions.

In 2008, Halkbank launched the SME Transformation Project to help SMEs comply with national and international regulations and practices in corporate social responsibility, the environment, occupational health and safety and energy efficiency.

2009

Entering into cooperation agreements with development agencies, Halkbank became the first bank to establish solution partnerships with these entities; the objective of which is to contribute to regional economic development and social progress.

2011

"Halk Academy", the school of banking, was restructured to provide the highest quality of training for Halkbank employees; The Academy conducted programs generally dealing with banking, personal development and social responsibility.

Halkbank Operations Center was established as part of the Operational Transformation Project that was initiated to increase the Bank's efficiency and accelerate its growth.

Halkbank is striving to expand its successful domestic performance to overseas markets and become a powerful regional bank in Turkey's surrounding geography. In 2011, the Bank acquired the shares of Export and Credit Bank Inc./ Skopje, the SME bank of Macedonia. Aiming to be one of Macedonia's top three banks, Halkbank conducts its activities under the business name of Halk Banka A.D., Skopje.

2012

Halkbank launched its credit card brand, Paraf, with the slogan, "Paraf: Home of Benefits" in 2012. Showcasing its ambitions in the retail banking segment with the launch of Paraf, the Bank aims to raise its credit card market share to 6%.

Halkbank shares were floated in 2012 through a secondary public offering, which raised the Bank's Free-float ratio to 48.9%.

In 2012 Halkbank secured a syndicated loan of € 558 million and US\$ 207.5 million with the participation of 46 banks from 23 countries and successfully completed the issuance of US\$ 750 million worth of Eurobonds, confirming its strong reputation in the eyes of international investors. The Bank also issued TRY 1.5 billion of bank bonds.

2013

At the Ordinary General Assembly Meeting of Halkbank held on the date of March 29, 2013, Bank's headquarters was repositioned from Ankara to Istanbul with the approved amendments made to the Articles of Association.

Halkbank expanded its Paraf card product portfolio in 2013 and introduced Parafly, a credit card designed specifically for travel spending. Attaining its year-end target after just six months, the Bank issued some 3.2 million Paraf cards to customers in 2013.

Halkbank rolled over its syndicated loan of € 562 million and US\$ 259 million with the participation of 41 banks from 19 countries and placed its second Eurobonds issue in international capital markets which totaled US\$ 750 million. The Bank also issued TRY 2.5 billion in bank bonds.

Integrity
Creativity
Dynamism
Rationalism
Teamwork
Productivity

Transparency
Sensitivity
Self-confidence
Openness to change
Social responsibility awareness
Sharing of knowledge and experience

Halkbank's Strategies

Chairman's Assessment

One of the six largest banks in Turkey, **Halkbank kept its promise of serving productive Turkey** and continued its support to Turkey and the real economy.

Halkbank secured a total of EUR **562** million and USD **259** million syndicated loans.

We will continue to support our SMEs with both financial and non-financial banking products and services.

Dear stakeholders,

Especially as of its first half, the year we left behind has been one of global economic recovery. Despite the fact that there were a number of short-term fluctuations, when the stability Turkish economy gained as well as the power and significance Turkey possesses in the global arena are considered, we can say that we have, also with the help of our financial system, successfully came through this process.

During its last meeting of the year, the Federal Reserve System of the US (Fed) has announced that there will be a USD 10 billion decrease in the purchase of securities. This decision, which resolved the uncertainty that had been going on since the beginning of the year regarding expectations of change in the purchase of assets, is a sign that global economies are in the beginning of the process of normalization. Although the decisions by Fed caused concern for the short-term, we do not expect them to have a great impact on our economy. When the potential of our country is taken into consideration, we can easily say that Turkey will continue to be one of the global attraction centers.

Turkey achieved 4.4% growth rate in the third quarter of the year by going over the expected 4.2%, and the successful performance of the finance industry had an impact in reaching this rate. This result indicates that Turkey performs in accordance with expectations even under uncertain circumstances thanks to the power of its financial industry and the success of its economic policies. We believe that Turkey will achieve a growth rate in line with expectations at the end of the year as well.

In 2013, Turkey increased its volume of foreign trade with the member countries of the OECD by 7.2% in comparison to the previous year, and reached USD 192,895 million. We see that the export rates will be increasing and that the current deficit will be decreasing in line with the measures taken within the framework of the Medium-Term Plan and the savings policies that will be put in place as of 2014. The fact that there is an increase in export to EU countries during this period shows that Turkey will continue its successful performance.

Thanks to our high reputation in international markets, we also continue our efforts to contribute to Turkey's successes. That our issuance of bonds in USD with a seven-year maturity with the minimum borrowing rate in January has attracted international investors is one of the significant signs of this contribution.

In June, we have secured a total of EUR 562 million and USD 259 million syndicated loans in two tranches from the international markets by signing a one-year syndicated loan agreement with a consortium comprising 41 banks from 19 countries. We will continue to provide syndicated loans, which we were able to renew 109% in USD, for financing foreign trade activities of the real economy and to contribute to our country's economy as it gains global significance.

As one of the biggest banks in Turkey, we are proud to put lucrative investment products at the disposal of our customers.

In this respect, our bank has issued its sixth bond on December 23-25 2013. Due to great interest of investors, we have increased the amount of issuance from TRY 750 million to TRY 1 billion and successfully completed the public offering. Thus, the planned demand came to over 1.6 times the public offering value. This result is a sign our customers' trust in our bank, and with the strength we take from this trust, we will continue our operations with the same resolve.

As the bank of productive Turkey for the past 75 years, we will continue our support for small- and medium-sized enterprises (SMEs) in the coming period as well. We believe that supporting the real economy will be more important than before within the framework of the savings policies that will become prominent as of 2014, and we add new products and services in order to support our SMEs in any way we can, financially and otherwise. In this respect, we will continue to use the strength and reputation of our bank in order to contribute to our country by signing national and international protocols.

Dear stakeholders,

All the uncertainties in 2013, and the economic fluctuations as a result, have showed once more how important a strong financial system is for a stable economy. One of the six largest banks in Turkey, Halkbank kept its promise of serving producing Turkey and continued its support to Turkey and the real economy.

As a bank that left 75 years behind, we believe that we will take another step further with every new day with the strength we receive from our past and with our success of adapting to the new, and that we will achieve new successes in the new year with the faith of our esteemed stakeholders, the trust of our customers and the tenacity of our employees.

Sincerely,

Hasan CEBECİ
Chairman of the Board of Directors

General Manager's Assessment

Achieving results consistent with the goals

we have set in 2013 is our pride and joy.

TRY 139.9 billion

Our total assets increased by 29.2%.

TRY 84.8 billion

Our cash loans increased by 28.8%.

Dear stakeholders,

When we look at the global economic outlook, we see that there was a moderate recovery especially as of the first half of the year. The long-lasting recession in the Euro Zone as well as due to the low domestic demand and the resulting decelerated growth caused many international institutions to revise their forecasts down. In addition to this, continuing financial problems in developed countries and the fact that they are abandoning the expansionary monetary policy as well as the deceleration in developing countries are among the factors that compress the global economy. The volatility of capital flows due to these risks increase the downside risks in relation to the economies of developing countries through credit and expectation channels.

The developments in global economy have various impacts on the economy and finance industry of our country. During this period, as the contribution of foreign demand to growth rate gradually decreased due to weak global demand, domestic demand had positive effects. Despite this, the uncertainties of the strategies of the Federal Reserve System of the US (Fed)

regarding the expansionary monetary policy, volatility in capital movements and the rise in the exchange rates and interest rates had a negative impact on growth indicators.

Although the fact that Turkey gain investment grade rating caused fluctuations in peaking markets, the uncertainties in Fed's monetary policies continues to affect risk appetite. Despite these developments, our country achieved results in line with its aims as a result of the prudent financial policies that have been applied since 2002, attained macroeconomic stability and is in the least susceptible position to economic and market fragilities.

Towards the end of the year, in their statement where they mentioned that the Turkish banks might face pressure from increasing interest rates and low growth rate, Fitch Ratings indicated that the banks are strong enough for the increasing risks. Similarly, we also see that, with its asset quality, capital adequacy, funding structure and profitability capacity, the banking industry preserves its strong and healthy position. When all of these developments are taken into consideration, with the help of the power of the banking system, we believe that our country will reach the growth rate it aimed for.

In the case of our bank, as we leave 75 years behind, we are proud to be one of the most successful financial institutions in Turkey in terms of growth and profitability, and the fastest growing bank in Europe since 2008. As a bank with sustainable return on equity that is by far above the industry average we are pleased to see that our success throughout the years is also followed by international institutions. This creates significant motivation for us.

With the strength we derive from these developments, we add new services for the small- and medium-sized enterprises (SME) segment. Continually supporting the real economy since its foundation, our bank has utilized the reputation it gained through the protocols it signed and the collaborations it realized in 2013 in international markets to create new resources for the SMEs. Halkbank signed a EUR 100 million Innovative Enterprises Investment Loan Protocol

with the European Investment Bank (EIB), becoming the first bank outside the EU countries to provide this loan scheme. Our bank will be financing the capital for the new and expanding investments of "innovative" enterprises that are R&D- and innovation-oriented and that have a high growth rate. In addition to this protocol, with the EUR 50 million loan agreement that was signed as a continuation of the EIB Growing Anatolian SME Loan Scheme, the total resources secured from the EIB reached around EUR 950 million.

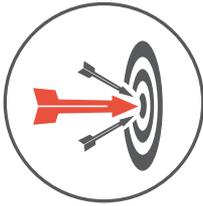

Our bank also signed a new USD 67 million loan protocol with the World Bank in order to finance the capital needed for energy efficiency investments by SMEs and large sized companies. With this protocol, Halkbank increased the total support received from the World Bank to USD 650 million. With the energy efficiency loan scheme, we aim to support increasing the international competitive power of our SMEs.

Enriching the financial support it provides to SMES and small business owners with non-financial instruments, our bank continued its services oriented at tradesmen, craftsmen and entrepreneurs. With the Common Supply System, which was established to bring tradesmen and craftsmen together with the big brands in the industry, we expect the needs especially with regard to commercial vehicle and purchase of goods to be provided under good conditions. Another important step we have taken with regard to the real sector was to renew the Practical Entrepreneurship Training Protocol with the Small and Medium Enterprises Development Organization (KOSGEB). We will be focusing on women entrepreneurs in 2014 and we aim to reach 1,000 women entrepreneurs in 20 cities within the scope of the trainings, which reached 800 entrepreneurs from 17 cities until now. We will provide financial support to those women entrepreneurs who successfully complete their trainings in order to establish their own businesses.

On the other hand, we have realized the public offering of one of our profitable investment products, our bank bonds on December 23-25. Due to great interest of investors, we have

General Manager's Assessment

With the results it achieved during 2013, our bank has kept **its steady performance.**

20.8%

Our bank closed the year with 20.8% return on equity.

TRY 2.8 billion

Our bank had a net profit of TRY 2.8 billion in 2013.

increased the amount of issuance from the previously planned TRY 750 million to TRY 1 billion, and successfully completed the public offering.

In addition to these efforts, we have achieved significant success in the field of personal banking with the Paraf family, and we continue to develop and shape Paraf according to the needs of our customers. With Parafly, our credit card designed for travel expenses, we believe many a new customer will be joining the exclusive world of Paraf.

Our bank, which is closely followed by both domestic and foreign markets, has taken steps to further strengthen its reputation in the international markets. Taking action to open an agency in London in order develop relations with corporate investors and correspondent banks, our bank will also be looking into other opportunities in the Gulf region and the Far East.

As we celebrate our 75th anniversary at the end of 2013, we are proud and joyful that we have achieved results consistent with the goals we have set. Having a net profit of TRY 2.8 billion in 2013, our bank closed the year with 20.8% return on equity. The cash loans of our bank has increased by 28.8% and reached TRY 84.8 billion while our loans make up the 60.6% of our total assets. Our bank has continued its steady performance with these outcomes.

As a result of our efforts in 2013, total assets of our bank increased by 29.2% when compared to 2012 and reached TRY 139.9 billion; the growth rate of our bank was above that of the industry.

We have provided continual support to the SMEs throughout the year and thus maintained our position as one of the leading banks in the field. Our commercial loan volume, which also

includes SME loans, has increased by 27.8% and reached TRY 61.6 billion. The share of the total loans we have given to SMEs including small business owners within our own cash loan portfolio was 36.8%. We will continue our success in 2014 in the field of SME banking, which is yet to become even more important with the savings policies.

Aiming to provide solutions that would meet all needs within the scope of banking services, our bank also came to the fore with its efforts in the field of retail banking. In 2013, retail loans given by Halkbank reached TRY 23.2 billion. Our bank was also below the industry average in non-performing loans in the same period with a rate of 2.6%.

As of December, we have left the first year of our credit card Paraf behind. During the past year, Paraf has achieved significant success and substantially contributed to our bank in the field of retail banking. During this period, while the number of Paraf credit cards increased to 3.2 million, the number of POS terminals reached 163 thousand and the number of merchants to 137 thousand. In 2013, we had a 35.3% increase in the number of credit cards and a 69.7% in the credit card turnover. We will continue to expand the exclusive world of Paraf with new campaigns and products.

Starting the year of 2013 with a target of at least 40 new branches, our bank has exceeded its target by commissioning 56 new branches. Together with its new members, Halkbank family completed the year with a total of 14,798 employees.

While we contributed to Turkish economy with our success in the banking industry, we have also continued to support national volleyball with the Halkbank Sports Club. Awarded with the Confédération Européenne de Volleyball

During the past year, Paraf has achieved **significant success** and substantially contributed to our bank **in the field of personal banking.**

Cup, our men's volleyball team brought the most important international volleyball cup home. As part of our support in sports, we have sponsored the FIFA Under-20 World Cup, the largest FIFA organization after the World Cup itself, and the Cup Tour organized as part of the competition. We aim to contribute to raising successful athletes with the work we do in this field.

Dear stakeholders,

With our 75 years of experience, strong financial structure and strategies, we aim to continue our operations in line with our mission during 2014 as well, and believe that we will reach our aims with the support and faith of our customers, investors, employees and business partners. We extend our thanks to all our esteemed stakeholders who give strength to the Halkbank family with their support and faith.

Sincerely,

Ali Fuat TAŞKESENLIOĞLU

Pioneering Products

Paraf

Paraf, Halkbank's credit card brand that launched with the slogan "Paraf: Home of Benefits" continues to implement innovative products and services.

Parafly

Halkbank introduced Parafly, its credit card brand designed specifically for travel spending, with the slogan "Fly All You Can" in 2013.

Urban Transformation Loan

The Urban Transformation Loan product was developed to meet customer needs that may arise from Law numbered 6306 on the Transformation of Areas under Disaster Risk, and to finance the construction of new residential or office buildings to replace substandard existing structures planned for demolition.

Olay Loan

The "Olay" Loan is a no-fee product designed to meet the need for cash of Halkbank's direct payrollers as well as all public sector employees.

Halkbank Secured Check

Designed to facilitate the business of SMEs, Halkbank Secured Check guarantees the payment of the entire amount printed on the check on its due date.

People's Day Loan

Launched in celebration of Halkbank's 75th anniversary, the People's Day Loan is a promotional credit product with special interest rate and repayment terms.

Hızlı Geçiş Sistemi (HGS) Electronic Toll Collection

This convenient product allows for the purchase of Electronic Toll Collection (HGS) stickers from Halkbank without an added fee.

Mutual Fund Deposit Account

Halkbank developed the Mutual Fund & Deposit Account product to offer customers the ability to invest in two existing product groups, TL term deposits and mutual funds, in certain percentages at the same time.

Review of Operations in 2013

Rapid growth in the corporate and commercial banking segment **continued in 2013**, as Halkbank added new clients to the customer portfolio and further broadened its lending base.

CORPORATE AND COMMERCIAL BANKING

Continued Customer Satisfaction

The core of Halkbank's marketing strategy is its customer-oriented approach and focus on customer satisfaction. The first step in the Bank's relationship with its clients is identification of customer needs. Halkbank prioritizes customer satisfaction by offering the right products based on client needs and providing customers with convenient service. Conducting its Corporate and Commercial Banking operations in line with this approach during 2013, Halkbank also evaluated and finalized large-scale project finance options for its clients.

In addition to corporate and commercial branches, the Bank's SME and COMPOSITE branches affiliated with regional offices continued to provide services with their highly skilled personnel and specialized product range tailored for client profiles in their locale.

25.7% growth in corporate and commercial cash loans

Halkbank's rapid growth in corporate and commercial banking continued in 2013; the Bank's loan base expanded as it added new borrowers to the customer portfolio. During the year, Halkbank extended total cash loans of TRY 32.4 billion to its corporate and commercial segment clients, up 25.7% from 2012.

Review of Operations in 2013

In 2013, Halkbank maintained business relationships with various international financial institutions including the **European Investment Bank, World Bank and the French Development Agency** from which it secures long-term funding facilities; as a result, the Bank was able to finance many clients' investments.

Long-lasting international relations

In 2013, Halkbank maintained its business relationships with international financial institutions including the European Investment Bank, the World Bank and the French Development Agency from which it has obtained long-term, low-cost funding for many years; as a result, the Bank was able to finance many client investments.

Successful initiatives in project finance

Halkbank continued to do marketing and feasibility studies and also technical and fiscal analysis of the projects. Included energy production, transmission and distribution projects (e.g. natural gas transmission and distribution; electricity transmission and distribution; hydroelectric, solar and wind power plants; geothermal power plants; thermal power stations); port, airport, toll road, highway and railway, rail system and metro transportation projects; hospital, shopping center, convention center, hotel with more than 400 beds, holiday village, exhibition center construction projects; and build-operate-transfer, build-lease and operating right transfer projects.

Targeting customer satisfaction and profitability, Halkbank provided high-quality banking services to **corporate and commercial clients via 6 corporate and 37 commercial branches** in 2013.

US\$ 3.3 billion structured finance loan portfolio

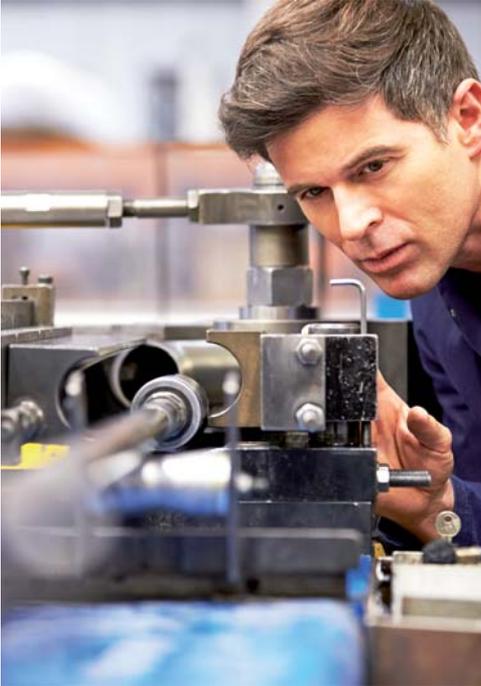

Within its project finance business that serves the merger, acquisition, takeover, and other corporate finance needs of its clients, Halkbank continued to be an active player in the structured finance market in 2013 through direct lending relationships with individual companies and participation in bank consortiums. As of year-end, the Bank originated a total of US\$ 1.8 billion in structured finance loans for 13 projects that passed feasibility and creditworthiness assessments. Halkbank's structured finance loan portfolio totaled US\$ 3.3 billion at end-of-year 2013.

High-quality banking services

Targeting customer satisfaction and profitability, the Bank provided high-quality banking services to corporate and commercial clients via 6 corporate and 37 commercial branches in 2013.

Review of Operations in 2013

Halkbank continued to provide support to SMEs in 2013 with the slogan, “SMEs are our business, not our hobby.” Halkbank’s primary goal is to continue to offer fast, effective and quality solutions that meet the needs of SMEs.

SME BANKING

Halkbank: Turkey’s SME bank, providing support to the economy’s producers for 75 years

Halkbank maintained its SME Banking mission of 75 years and continued to stand by small and medium enterprises in 2013. The Bank provided significant support to small and medium enterprises during the year guided by the slogan, “SMEs are our business, not our hobby.” Halkbank’s primary goal is to continue to offer fast, effective and quality solutions that meet the needs of SMEs.

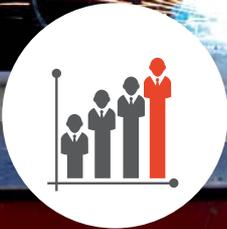

Effectively utilizing its extensive branch network and alternative delivery channels for SMEs, Halkbank developed a dynamic marketing strategy for this key segment in line with the concept of identifying the need on location and delivering the solution to the client’s door. As a result, the Bank positioned its branch network and marketing personnel in those regions of Turkey with a high concentration of industry, commerce and tradesmen. Halkbank’s mobilized marketing staff, while remaining in constant contact with businesses, provides SME-specific products and services, as well as training and advisory services, to a broad base of small and medium enterprise customers.

SME-specific Service Approach

Halkbank SME Banking conducts business via a portfolio management system developed in accordance with the philosophy, “Success comes from getting to know the customer.” SME Customer Relations Representatives use this system to analyze the Bank’s clients in order to offer products, services and solution alternatives based on the business goals and market positioning of SMEs. In addition, the Bank maintains its SME-specific service approach with packages developed for the unique needs of each sector.

Halkbank delivers SME-specific services with its extensive branch network and nearly two thousand SME customer representatives. Halkbank also serves its SME clients on a 24/7 basis through www.halkbankkobi.com.tr and KOBİ Dialog.

In 2013, Halkbank lending to SMEs constituted 36.8% of its total cash loans. Halkbank boasts about 1.2 million small and medium enterprise clients.

Review of Operations in 2013

The pioneer of SME Banking and an all around trailblazing bank, Halkbank unveiled the Unlicensed Electricity Generation Support Loan as another first in the industry.

NEW PRODUCTS AND SERVICES

Halkbank Secured Check - Bank-Secured Checkbook for SMEs

Halkbank bolstered its Bank-Secured Product Lineup with a new offering. The Halkbank Secured Check, the new checking product that will change the payment practices of small enterprises, was launched for SME clients in 2013. Halkbank Secured Check has all of the features of the regular checkbook, but also guarantees payment of the entire amount printed on the check even if the customer does not have a sufficient balance in the account.

Unlicensed Electricity Generation Support Loan - A First in the Industry!

The pioneer of SME Banking and an all around trailblazing bank, Halkbank unveiled the Unlicensed Electricity Generation Support Loan as another first in the industry. The Unlicensed Electricity Generation Support Loan product was designed for SMEs to generate their own electrical energy without having to deal with procedural and licensing burdens. This unique loan is made available to businesses that opt to generate their own electricity from renewable energy sources (wind, solar, hydro) or via micro-cogeneration systems.

Complimentary Energy Efficiency Audit Support for SMEs

Halkbank aims to raise awareness among SMEs that the easiest way to save on energy costs is through conservation and meet their financing needs with suitable credit facilities. As part of this effort, the Bank continues to offer the Energy Efficiency Loan and Renewable Energy Loan. Under an agreement entered into on this subject, Halkbank provides complimentary advisory services to companies that take out energy efficiency loans via a specialist firm authorized by the General Directorate of Renewable Energy of Turkey (YEGM).

KOBİ'lere Hayat

KOBİ'nin patronları güvence altında!

Firma sahiplerine/ortaklarına özel tasarlanan KOBİ'lere Hayat Sigortası ile vefat ve daimi maluliyet durumlarına karşı hayatınızı güvence altına alıyoruz.

Export Support Package

Halkbank extends its full support to exporters in conjunction with the 2023 Export Drive. The Bank developed the Export Support Package to assist SMEs in all of their business processes, from manufacturing to marketing, in order for these enterprises to successfully adapt to global competition, expand into overseas markets and establish a presence in these markets. This all-inclusive package encompasses technology, and machinery & equipment needs, expo participation loans to venture into overseas markets, forward and option products to hedge against fluctuations in foreign exchange rates, and Eximbank-sourced credit facilities. In addition to the Export Support Package, the Bank extends access to credit to exporters at favorable terms and conditions under an agreement entered into with the Turkish Exporters Assembly (TİM).

Medical Loan Package

Halkbank introduced the easy-to-use Medical Loan Package developed specially for physicians, dentists and pharmacists. Customers who use

the Medical Loan Package are provided with additional benefits such as discounted banking transactions and fee exemptions. The package offers seasonal repayment options based on the cash flow of the borrower as well as the advantage of not having to make any loan payments in certain seasons.

Life Insurance for SMEs

Halkbank teamed up with its subsidiary Halk Hayat ve Emeklilik A.Ş. to develop the Life Insurance for SMEs product for small and medium enterprise segment clients. This product insures SME and tradesman business owners against death and permanent disability within predetermined coverage limits.

SME Tradesmen Pension Plan

Under the partnership with its subsidiary Halk Hayat ve Emeklilik A.Ş., Halkbank designed the SME Tradesmen Pension Plan exclusively for SME and tradesman clients. This plan is intended as a secure way for customers in the SME segment to invest their savings.

Review of Operations in 2013

POS Workplace Support Package

Halkbank's POS Workplace Support Package offers a multitude of advantages including elimination of the risks associated with storing cash in workplace cash registers and transporting cash; effective cash management; automatic transfer of payments made by credit card into bank accounts; and operational convenience.

In addition to offering specially designed financial products, Halkbank also provides advisory services as well as complimentary training to SMEs in order to broaden their horizons. The following can be found on the Halkbank SME website:

SME Website

(www.halkbankkobi.com.tr)

Halkbank revamped its SME-dedicated website (www.halkbankkobi.com.tr) in order to better serve tradesmen and SMEs, provide comprehensive informational resources and other support, bring these key client groups together on a single platform, and offer one-stop shopping for all their resource needs. Featuring SME-specific products and services, the website also allows customers to apply for certain products easily via the "Apply Now" section.

- "Ask an Expert" is a platform where small and medium enterprises can obtain complimentary information on matters of interest. Open to all SMEs, whether a Halkbank customer or not, this platform provides advisory services to these enterprises on a wide variety of subjects, from foreign trade and financial management to tax and legal issues.
- "Roadmap for Growth Oriented SMEs" offers complimentary advisory services on balance sheet checkups, investment feasibility and energy efficiency.

- "Halkbank SME Academy Platform" continues to provide training programs designed for small and medium enterprises. Offering equal opportunity to all SMEs by using technology-based training, the platform serves as a guide for small and medium business users. All training via SME Academy is provided free of charge. The platform encompasses a large number of training topics, from basic foreign trade concepts for entrepreneurs and sales and marketing methods to legal information for SMEs and key financial terminology.

Halkbank, KOSGEB (Small and Medium Enterprise Development Organization) and the Credit Guarantee Fund of Turkey (KGF) signed the **“Project Finance Credit Program Agreement”** to bolster the capital of SMEs, enhance their competitiveness and facilitate their access to credit in order to increase the share that small and medium enterprises contribute to the country’s economic and social development.

KOSGEB Support Programs Loans and Joint Venture Support Package Loan

Halkbank, KOSGEB (Small and Medium Enterprises Development Organization) and the Credit Guarantee Fund of Turkey (KGF) signed the “Project Finance Credit Program Agreement” to bolster the capital of SMEs, enhance their competitiveness and facilitate their access to credit in order to increase the share that small and medium enterprises contribute to the country’s economic and social development. Two new credit products were rolled out for SMEs as a result of this agreement.

- **KOSGEB Support Programs Loans:**

As part of the KOSGEB Support Programs Loans product, Halkbank makes available investment and working capital loans to businesses that either are recipients of KOSGEB Support Programs administered by KOSGEB exclusively for SMEs, or have qualified for these programs and are officially registered with KOSGEB Service Centers.

- **Joint Venture Support Package Loan:**

Halkbank offers the Joint Venture Support Package Loan to meet the working capital and investment loan needs of small and medium size enterprises joining forces under the cooperating-leaguuing approach. These SMEs must be either recipients of the KOSGEB Cooperating-Leaguuing Support Program with their joint supply procurement, joint marketing, joint laboratory, joint manufacturing or service provision projects, or must have qualified for these programs and are officially registered with KOSGEB Service Centers.

KOSGEB Reyhanlı District Emergency Support Loan

KOSGEB and Halkbank signed the “KOSGEB Reyhanlı District Emergency Support Loan” agreement to provide financing support to businesses in the Reyhanlı district of Hatay province under favorable terms and conditions where the entirety of the loan’s interest is paid by KOSGEB.

Review of Operations in 2013

Halkbank **continues to provide support to SMEs** via its cooperation with various industry bodies.

COOPERATION WITH INDUSTRY BODIES

Halkbank believes that lending to SMEs constitutes an investment in industrial growth, rising exports, economic development and the future of Turkey. As part of its commitment, the Bank continues to participate in every partnership that serves the interest of small and medium enterprises.

Cooperation with Chambers of Commerce and Industry

Focused on forging close ties with trade bodies under its support to the real economy, Halkbank is the first and only bank that makes available the resources of Chambers of Commerce and Industry as loans to chamber members under attractive terms and conditions. As such, the Bank continued to support SMEs via Chamber agreements in 2013.

Cooperation with Development Agencies

Halkbank was the first Turkish bank to cooperate with development agencies in order to assist in regional economic and social development. The Bank carries out the cash transfers to the owners of the projects that were submitted to the SME Financial Support Program and that qualify for financial support under the Bank's agreements with development agencies. The Bank also offers the Development Agency Co-financing Loan to qualifying businesses.

Cooperation with Organized Industrial Zones - SMEs Grow by Clustering

Halkbank lends its full support to encourage businesses to cluster and cooperate in Turkey's Organized Industrial Zones (OIZ). The "Industrial Zones Support Package," a loan package exclusively for OIZs, encourages the clustering by enterprises engaged in the same industry. Halkbank also makes this package available to help the firms that operate in Organized Industrial Zones, Small Industry Areas and other industrial sites, or that plan to undertake new investments in industrial zones to develop their businesses, gain a competitive edge, create new employment

opportunities, operate in a more favorable environment and increase productivity.

Cooperation with International Financial Institutions - New Funding Facilities for SMEs

Halkbank cooperates with international financial institutions such as the European Investment Bank, World Bank, French Development Agency, and Council of Europe Development Bank to provide mid and long term finance for the investment and working capital needs of SMEs.

Halkbank continued to execute overseas-sourced credit finance agreements to increase low-cost funding and longer-term facilities for small and medium enterprises. As part of this effort, the Bank inked the € 100 million "Innovative Business Investment Credit" agreement with the European Investment Bank in 2013 in order to extend financing to the R&D and innovation related initiatives of SMEs.

Supporting Women Entrepreneurs

Halkbank offers the "First Step for Women Entrepreneurs Loan" product to encourage entrepreneurship, boost employment and support the participation of female entrepreneurs in the economy. The Bank continued to support women entrepreneurs by providing finance, advisory and training services.

Applied Entrepreneurship Training for Women Entrepreneurs

Halkbank's another step is to renew its Applied Entrepreneurship Training agreement with KOSGEB (Small and Medium Enterprise

Development Organization) as another way to continue providing support to the real economy. As part of this training program, which has already reached 800 entrepreneurs in 17 provinces to date, the Bank will focus on women entrepreneurs. The Bank aims to reach 1,000 female entrepreneurs in 20 provinces under the program. The financial support that will be provided to those women entrepreneurs who successfully complete the training curriculum will help them start their own businesses.

Participation in International Women Entrepreneurs Forum

The International Women Entrepreneurs Forum (IWEF), where successful female entrepreneurs from 81 countries come together to share their experiences with fellow participants, was held on May 2-4, 2013. Halkbank promoted its products designed exclusively for female entrepreneurs at its own stand during the forum.

Productive Turkey Get-togethers Continued in 2013

Productive SME meetings are organized in provinces where small and medium businesses operate in large numbers and competition is fierce. In addition to promoting the Bank's products and services for SMEs, economists who attend these meetings speak about relevant topics on the national agenda, the latest economic indicators, regional and industry-specific challenges, and the advantages and disadvantages that the region poses for these enterprises. As part of this series, a Productive Turkey Get-together was held in Konya in 2013.

Review of Operations in 2013

Halkbank continued to serve the funding needs of **tradesmen and craftsmen** by offering the most attractive terms and conditions in 2013.

ARTISANS BANKING

In keeping with its founding mission, Halkbank continues to meet the financing needs of tradesmen and artisans, a key economic segment, by offering the most favorable terms and providing effective, high-quality banking services.

Support for artisans and tradesmen

The Bank aims to continue its support for artisans and tradesmen to offer fast and effective solutions for the financial needs of this segment using the latest technology.

Treasury-sponsored loans

Halkbank's Treasury-sponsored loans for artisans and tradesmen are offered with attractive interest rates and terms; the loans are also guaranteed by the 963 Artisans and Tradesmen Loan and Guarantee Cooperatives (ESKKK). These are available to other artisans and tradesmen without a cooperative's guarantee when there is no cooperative present in the region.

Halkbank offers Treasury-sponsored working capital loans to artisans and tradesmen with monthly, quarterly and semiannual payment options up to a five-year term. The Bank also offers investment loan and letter of guarantee loan products to purchase businesses, commercial vehicles, machinery/equipment and fixtures with monthly and quarterly repayment options up to a five-year term.

Pursuant to the 2013 Council of Ministers Decree regarding Treasury-sponsored loans extended to craftsmen and tradesmen by Halkbank, the practice of the variable Treasury support ratio based on the loan amount was terminated. In its place, the Treasury support ratio was set at 50% for all loans carrying over to 2013 as well as loans originating between January 1, 2013 and December 31, 2013. As of

May 1, 2013, the interest rate was reduced from 10% to 8% for Treasury-sponsored loans up to one year and from 12% to 10% for loans with a term of longer than one year. As a result, the net interest rate paid by tradesmen ranges from only 4% to 5%.

In addition, Treasury-sponsored loans for tradesmen and craftsmen are exempt from the banking and insurance transaction tax (BSMV)*, stamp duty, and resource utilization support fund tax (KKDF).

Craftsmen and Tradesmen Borrowers Increased to 286,123

Treasury-sponsored loans to tradesmen and craftsmen increased by 38.9% to TRY 9,617 million as of year-end 2013, up from TRY 6,926 million a year earlier; meanwhile, the number of craftsmen and tradesmen Halkbank extended loans to rose to 286,123. Halkbank's direct lending without ESKKK loan guarantees totaled TRY 282.3 million while investment loans amounted to TRY 105 million as of year-end 2013.

The maximum working capital loan amount that can be extended to individuals who are ESKKK partners under the Treasury-sponsored lending program, based on the risk groups of the participating cooperatives, remained in the TRY 40,000 -TRY 125,000 range during the year. However, the upper limit of investment loans was raised from TRY 250,000 to TRY 300,000.

The maximum loan amount that can be extended to individuals under the Treasury-sponsored direct lending program, based on the risk group of the customer, was revised to the TRY 80,000 - TRY 125,000 range as of May 30, 2013.

In addition to the "Tradesman Emergency Support Insurance" product that the Bank launched for tradesman and craftsmen clients in 2012, Halkbank introduced "Tradesman's Workplace Insurance" on September 19, 2013 as a new product to insure against such risks as fire, earthquake, theft, terrorism and flooding.

The Bank developed content specifically for tradesmen and craftsmen on the Halkbank SME website, to better serve bank customers and to reach out to potential clients directly. Tradesmen and craftsmen can apply for Treasury-sponsored loans by following the related menu options on the Bank's website.

Halkbank designed its Supply Procurement Pooling System (OTS) Project to be a new sales channel to meet the unique needs of tradesman and craftsman clients for commercial vehicle and merchandise purchases under attractive prices and conditions. The system went live on December 9, 2013 on the Halkbank SME website. The new system brings together the tradesman-supplier-Bank triangle to form a stronger, unified structure; tradesmen and craftsmen make purchases at attractive prices and save time while suppliers lower their marketing costs. In the initial phase, Halkbank is offering discounted special OTS pricing to its tradesman and craftsman customers on Renault and Dacia brand vehicles in partnership with Renault Mais.

Halkbank administers the "Tradesmen and Craftsmen Incentive and Support System (ESDES)" program in cooperation with the Ministry of Customs and Trade and Çankaya University. At the meetings conducted for various occupational segments as part of this initiative, Halkbank representatives were present and they promoted the Bank's lending and support facilities to attendees.

*Only manufacturing companies are exempt from the BSMV in Treasury-sponsored direct loans.

Review of Operations in 2013

Halkbank's total retail loan portfolio climbed to TRY 23.2 billion in 2013, up 31.3% and the share of retail loans in the Bank's overall portfolio rose to 27.4%.

RETAIL BANKING

Halkbank continued to grow its retail banking business line in 2013 by using creative marketing approaches for diversified customer segments.

Despite the fiercely competitive retail market environment, Halkbank's total retail loan portfolio climbed to TRY 23.2 billion in 2013, up 31.3%, thanks in part to the Bank's extensive service network, high service quality and superior customer satisfaction. Meanwhile, the share of retail loans in the Bank's overall loan portfolio rose to 27.4%.

Retail Loans Differentiated Based on Need

Halkbank's consumer loan portfolio, which includes general-purpose, car and mortgage loans, grew 27.6% to TRY 20.8 billion in 2013. Mortgage and general-purpose loans are the growth drivers in the Bank's retail loan portfolio.

Strong growth performance in mortgage loans

Halkbank has become one of the most preferred banks in mortgage lending thanks to its broad product range, flexible repayment options customized for each customer, and its attractive promotional campaigns.

With its differentiated solutions that meet the needs of construction companies engaged in homebuilding as well as retail homebuyers, Halkbank had a stellar year in housing project financing. The Bank participated in nearly 80 branded housing development projects in Istanbul and other large metropolitan areas.

Review of Operations in 2013

Innovative, Pioneering and Diversified General-purpose Loans

Halkbank closely monitored customer needs and expectations, as well as the changing legal and regulatory environment, implemented promotional campaigns, and launched new cash loan products.

Thanks to products and promotional campaigns that offered a wide range of options such as no-interest, low-interest, no-fee and deferred payment loans, Halkbank's general-purpose loans were up 20.1% to TRY 11.6 billion for the year.

Implementing ready loan promotional campaigns through its campaign management system, the Bank took a proactive approach to meeting customer needs.

A participant in the discount promotional campaign held by the Housing Development Administration of Turkey (TOKI), Halkbank became one of the largest originators of home and commercial housing loans for TOKI.

Halkbank continued to expand its differentiated products and services in 2013.

- As part of the marketing efforts for general-purpose loans, in addition to the regular monthly promotions, the Bank conducted mass-market promotional campaigns, as well as special campaigns targeting specific occupational groups, such as "Doctors' Day" for the healthcare sector and "Loan 155" for law enforcement personnel in 2013.
- Standing by prospective homeowners with the "My Sweet Home" concept, Halkbank provided customers attractive terms and conditions along with superior service.
- Flashing "Green Light" to everyone looking to purchase a car with budget-friendly payment

Halkbank aims to increase Paraf's market share by offering **innovative and competitive credit card products.**

terms, Halkbank developed its new car loan product around this novel concept.

- Designed exclusively for employees of state enterprises whose salaries are direct-deposited into their Halkbank accounts, the "Advance Promotion Loan" allows public sector personnel who are usually paid their promotion earnings in monthly installments to receive this amount lump sum as a loan; the loan payments are deducted directly out of their monthly promotion imbursements.

Need-based Solutions for Urban Transformation Projects

Halkbank developed the Urban Transformation Housing and Office Construction Loan product to meet customer needs arising from Law on the Transformation of Areas under Disaster Risk, in order to finance the construction of new residential or office buildings to replace substandard existing structures. The government also provides interest support to these customers. In addition, Halkbank offers a special mortgage loan product for residents in high-risk structures, homeowners or tenants, so they might buy a home in a safe building.

Paraf Era in Credit Cards

At the expiration of its program partnership cooperation with HSBC in December 2012, Halkbank launched its new credit card brand Paraf with the slogan, "Paraf: Home of Benefits" in order to boost its credit card business.

Beginning to carve out its niche in the market with the slogan, "Paraf: Home of Benefits," Paraf aims to offer customer innovative and competitive products worthy of its tagline while increasing its market share.

Paraf is the first credit card brand in Turkey to allow cardholders to pick a specific day of the month as their own personal campaign day. On the selected day, customers can take advantage of one or more of the options offered, such as additional discount, installment, rewards points or deferred payment.

Review of Operations in 2013

As a pioneering service in Turkey, Paraf Gold and Paraf Platinum offer cardholders discounts at all domestic and overseas restaurants on Saturdays.

Paraf cardholders can earn discounts for each day they pay their credit card bill before the due date after their statement closing date. With this pioneering feature that will undoubtedly impact the competitive environment, Halkbank aims to increase the customer satisfaction level of credit cardholders.

As part of the Increasing ParafPara (ParafMoney) feature, Paraf Klasik, Gold and Platinum cardholders can earn rewards points up to twice their total monthly spending.

Halkbank added to the long list Paraf's "firsts" and partnered with ISPAK, a subsidiary company of the Istanbul Metropolitan

Municipality, to offer a free car parking benefit; Paraf cardholders can now also use ISPAK's parking lots and multi-storey parking garages free of charge during the month.

After introducing Paraf, Halkbank launched Parafly, a credit card brand designed specifically for travel charges, with the slogan "Fly All You Can" in June 2013.

The ParafPara (ParafCash) balances of Parafly cardholders can be used for a multiple of the face value, where the amount of the multiple applied depends on the type of service, for charges made through the dedicated Travel Line for the exclusive use of cardholders. Thanks to the Katlı ParafPara (ParafCash Multiplied) feature that offers the highest multiple in the industry, ParafPara balances are multiplied by four for all flight and accommodation spending, and by five for all

cruise, car rental, bus travel and tour package charges. Avans ParafPara (Advance ParafCash) is also available when ParafPara balances are insufficient for the desired service.

Introducing a significant number of trailblazing practices in the credit cards sector, Parafly offers many benefits to cardholders. The Lounge Everywhere product, introduced the sector by our bank, gives Paraf Platinum and Parafly Platinum customers a TRY 50 discount on their restaurant expenses at both domestic and overseas airports on days they have a flight.

Parafly users have access to a wide variety of privileged travel related benefits such as Lounge Everywhere, My Paraf Day, and Early Payment Discount and other benefits such as complimentary and International Travel and Personal Accident Insurance, Discounted Shuttle, Travel Assistance and Concierge services. Cardholders can also avail themselves of complimentary lounge service at the Domestic and International Terminals of Atatürk Airport and Esenboğa Airport as well as installment payments for their overseas spending.

In 2012, the General Directorate of Highways terminated the Card Pass System (KGS) on

Turkey's bridges and highways and launched Electronic Toll Collection (HGS). Subsequently, Halkbank began offering complimentary HGS stickers to its customers. Bank customers can make automatic payments to their HGS stickers with an auto pay order on their Halkbank credit cards. This allows customers to make payments until the payment due date indicated on the statement without incurring any interest charges or fees.

86% of Banking Transactions Performed through ADCs

Halkbank used non-branch delivery channels intensively in 2013 in order to increase customer satisfaction, reduce the operational workload at the branch level, deepen customer relationships and acquire new clients. During the reporting year, 86% of the Bank's banking transactions were performed through alternative delivery channels (ADCs). Halkbank continually undertakes efforts to improve and expand its alternative delivery channels, which save time and reduce costs for both customers and the Bank alike. In 2014, Halkbank plans to further increase the percentage of transactions performed through alternative delivery channels while launching new services to improve Halkbank's service quality, accelerate new customer acquisition, and increase the loyalty of existing customers.

Review of Operations in 2013

Intensive sales and marketing activities through ADC's continue

Halkbank also used ADCs intensively for sales and client activation initiatives. During the reporting year, the Bank's activities in these areas included welcome calls for new salary direct-deposit customers; activations for inactive ADC clients; credit card recovery, returned card, credit card and overdraft account limit monitoring; contact information updating; pre-approved loan/card product offers; automatic bill payment instruction offers; deposit-related information; canalization activities and insurance sales.

For the first time in 2013, Halkbank initiated the overhaul its Home Insurance product. The Bank also carried out new sales initiatives along with the renewal of Critical Illness and Health Insurance policy products that launched in 2012. Efforts are underway for the sale and renewal of other Halkbank insurance products in 2014.

With the new Housing Development Administration of Turkey (TOKİ) hotline service launched as part of the Call Center, Halkbank started to send SMS notifications regarding

customer insurance policy renewals, real estate tax payment reminders, overdue installment payments and TOKİ line from pilot branches in 2013. The "TOKİ" option was added to the branch call response menu, connecting such calls directly to the Call Center. This initiative is scheduled to be deployed at all branches in early 2014.

Additionally, Halkbank made intensive use of SMS and e-mail channels for mass campaign announcements.

The Number of Active Customer Using the Call Center Increased 38% in 2013

- The Call Center's inbound call volume rose by 60% in 2013 compared to the previous year while transaction volume handled by the Department was up 58%. In 2013, 2.4 million outbound calls were placed through the "Automated Outbound Calling Platform," which was launched to provide proactive services and increase the Bank's outbound calling capability. Moreover, nearly 8 million outbound calls were placed on behalf of Halkbank to inform customers, sell and market Bank products and services using both in-house and external resources.

With the addition of
407 new ATMs,
Halkbank's automated
teller machine network
grew 16% and **reached
2,961 ATMs in 2013.**

- The POS Support service, formerly provided by Bileşim Alternatif Dağıtım Kanalları ve Ödeme Sistemleri A.Ş., began to be carried out by the Call Center in April 2013. As of December 2013, the Bank's Call Center began providing service to TOKİ customers through a dedicated phone number.
- In keeping with the rising inbound and outbound call volume, the number of personnel employed at the Halkbank Call Center increased 66% during the year.
- Halkbank undertook initiatives to modernize the Call Center infrastructure and overhaul the outbound calling platform in 2013. Other infrastructure projects related to inbound calls, e-mail, fax, web chat messaging and social media inputs is still ongoing.

Halkbank's active internet banking customer base soared 27% to 750 thousand users during the year.

Halkbank unveiled an SME portal for small and medium business customers and launched <http://parafly.com.tr> to promote Parafly products and campaigns. The culture & art portal <https://kultursanat.halkbank.com.tr/> as well as the Bank's sports portal <http://www.halkbankspor.org.tr> were revamped and made

compatible with mobile devices.

The Bank started to use Mobile Marketing SMS messaging with target locations and the Internet Branch began to serve clients in the English language. The one-time-password (OTP) application "Şifrebaz Cep" was made available on iOS and Android platforms, in addition to Java.

Halkbank carried out a large number of initiatives to increase transaction diversity. The Bank presented customers the opportunity to review the outcome of their credit card applications through the Internet Branch; in addition, legal entity clients were enabled to use the Internet Branch with the "autonomous organization" user option. Halkbank also implemented the Secure SME project during the year.

ATM network expansion continues in 2013

With the addition of 407 new ATMs, the Bank's automated teller machine network grew 16% and reached 2,961 ATMs in 2013.

During the reporting year, the annual transaction volume performed on the Bank's ATMs increased 17% to 252 million transactions; in addition, the network's total annual transaction turnover was up 31% to TRY 55 billion. With the newly installed and replaced ATMs, the number of Cash-Deposit ATMs reached 2,019, a 23% increase.

In order to enhance urban landscape aesthetics while expanding its ATM network, Halkbank enhanced 37 taxi stands with ATMs while working in conjunction with local municipalities. The Bank's Mobile Collection and Payment Desks in the form of buses and minibuses also commenced service. As part of its efforts to improve banking access for those with disabilities, the Bank expanded its handicapped-friendly ATM network to 184 ATMs.

Review of Operations in 2013

Halkbank's total deposits increased 26% and reached TRY 100.8 billion. Turkish lira-denominated deposits grew 20.4% while foreign currency deposits were up 37.7% during the year.

A healthy, wide-spread deposit base

Halkbank has adopted a dynamic deposit management strategy based on optimization of cost, market share, liquidity and non-deposit resource facilities. The Bank offers services to the mass market with deposit products developed in line with this strategy.

The Bank's deposit management strategy, which is critically important to maintaining Halkbank's solid funding foundation, is based on the key principles of cost, market share and liquidity. Expecting deposits to remain a very important source of funding in the coming year, Halkbank plans to continue to maintain a customer-oriented, stable, and broad-based deposit structure.

Effective deposit management serves to broaden the funding base and ensure continuity while also allowing Halkbank to roll out innovative products to diversify client transactions. The Bank continued to offer the Fixed-Rate Productive Deposit Account, Flexible Term Deposit, and Mutual Fund & Deposit Account products during the year. Halkbank's primary goals in this segment include growing faster than the industry average in savings deposits and achieving growth in deposit products in a highly competitive market. Additionally, due to the deposit reserve requirements, differentiating according maturity lengthening the average maturity of deposits continued to be a significant issue for the Bank. However, Halkbank sustained its strong and widespread deposit volume as well as the maturity composition of its deposits.

Halkbank's total deposits increased 26% and reached TRY 100.8 billion.

Halkbank's total deposits increased 26% and reached TRY 100.8 billion as of end-2013. Turkish lira-denominated deposits grew 20.4% while foreign currency deposits were up 37.7% during the year.

Total demand deposits increased 16.9% in comparison to 2012 and reached TRY 18.7 billion while the share of demand deposits in total deposits stood at 18.6% .

Technology-aided CRM applications

Placing a major emphasis on the use of technology, Halkbank launched various projects featuring technology-aided customer relationship management applications and completed ongoing infrastructure initiatives in 2013.

Contracted companies in cash management rose 19% to 893, up from 749

Thanks to its effective technology-assisted CRM applications, Halkbank entered into significant number of new cash management agreements with many customers in 2013. The number of contracted companies in cash management rose 19% during the year, from 749 to 893. Halkbank's Direct Debit System (DDS) customer portfolio increased 30.9%, while the Bank's DDS dealer network was up 20.6%. In 2013, the Bank also raised its DDS commission income by 38%.

Halkbank Cash Management Portal commenced service for cash management products that require integration with the Bank's system (e.g. Direct Debit System, Company Collections, Bulk EFT/ Money Transfers, Automatic Check/Bill Collection) to be usable without the need for any intermediary third-party software implementations.

HALKBANK
Finans Türkiye Bankası

Continued Growth in Salary Payment Services

Halkbank continued to grow its salary payment intermediation business and acquired new clients in 2013.

As of year-end 2013, 13,514 primary companies made salary payments through Halkbank to a total of 1,176 thousand recipients.

Retiree customers rose to 1.957 thousand

Emekli Sandığı (Retirement Fund) pensioners who receive pension payments under the agreement with SGK (Social Security Institution of Turkey) increased from 234,659 to 239,481 while the number of Bank's retiree clients are 1.957 thousand.

Review of Operations in 2013

Halkbank conducts
**an objective
assessment** of its
clients' creditworthiness
and strikes an effective
and competitive
balance between risk
and collateral.

HALKBANK'S LENDING POLICIES

In addition to the changes implemented to comply with the law, Halkbank updated implementation directives and other related regulations for its loan policies in accordance with the Bank's goals, strategies, risk appetite and prevailing economic conditions in 2013. The Bank also revised its standardized processes to be followed in evaluating loan applications in accordance with the segmentation criteria as well as loan assessment and evaluation.

Regarding the criteria set for determining the limits of the loan authority to be delegated to the branches, Halkbank regularly monitored and updated the limits as necessary based on measurable quarterly data in accordance with the Bank's risk appetite and strategies.

Halkbank made revisions and improvements in its product-based collateralization structure and risk coverage ratios of the collaterals for certain customer segments in the process of valuing securities and immovable assets taken as a lien against the loans during the borrowers' grace period as part of the Bank's credit assessment and rating modules. Consequently, Halkbank now conducts an objective assessment of its clients' creditworthiness and strikes a more effective and competitive balance between risk and collateral. Comprehensive analyses and development efforts of assessment and rating modules are also ongoing.

The Bank installed the rating modules developed for its subsidiaries Halk Finansal Kiralama A.Ş. and Halk Faktoring A.Ş. including all related infrastructure; finalized the operating instructions of the modules and delivered them to the subsidiaries; and completed the process by conducting training on using the modules.

Halkbank completed the efforts which would enable the demand and business flows of assessment reports used in evaluating loan applications to be processed on the system. Alongside this process, Halkbank also carried out the scanning of credit application documents into the system, their integration with the information module, and the system-based control of related unit adaptations. As a result, the Bank achieved cost savings due to the execution of the process in a paperless environment while the acceleration of the process and resulting time savings yielded a significant reduction in labor costs.

As a result of the new accounting standards and the alignment of the methods and implementations which will be used in the analysis of the financial statements to be prepared according to TFRS in full compliance with the IFRS; new charts of accounts were created within the scope of the revision that will be made on Bank rating systems. Furthermore, the process is still in progress.

Halkbank's loan portfolio management activities aimed to:

- Conduct loan pricing to facilitate a return commensurate with the risk assumed;
- Ensure adequate collateralization in accordance with the risk taken on;
- Attain the targeted regional and global market shares;
- Manage the Bank's credit products more effectively to enhance Halkbank's competitive edge;
- Develop credit and non-credit services and products that meet the needs of different customer segments in the most effective manner.

Review of Operations in 2013

Halkbank determined its management strategies **by following national/international macro-economic developments closely** throughout 2013.

TREASURY MANAGEMENT

2013 has been a year in which FED's monetary policies pressured the global markets. FED Chairman's announcements to reduce its bond purchases due to the accelerating economic activity in the USA caused global appetite for risk - amplified in the cheap and abundant liquidity environment - to decrease. With the increasing reactions of the global markets to the macro economic data announced in the USA, the strengthening perception pointing to the recovery of the world's largest economy caused the developed countries' stock markets, Wall Street in particular, end the year at the highest level. Thus, in parallel to the dropping unemployment figures in the USA to the FED's reference values, FED has decided to taper bond purchasing program in 2014.

Although signs of recovery can be seen in the Euro Zone, the fragility of the economic activity still continues. The unemployment figures in the region are still at the highest levels while the inflation rate is way below the European Central Bank's target. In line with these developments, European Central Bank is expected to continue its expansionary monetary policy.

Emerging market economies continued to be the main resource of growth even though they decelerated in 2013. Growth rates of the economies of the developing countries are expected to climb again according to the IMF's 2014 forecasts. On the other hand, uncertainty created as a result of the FED's tapering strategy caused the risks to become more obvious on the growth picture of the developing countries and their financial markets. Interests on borrowings considerably decreasing in the cheap and abundant liquidity environment in the developing countries started to climb up with the concerns on the FED's tapering the quantitative easing. At the same time, developing countries' currencies lost value because of the accelerating capital outflows.

In 2013 a balanced growth was achieved in Turkey's economy which completed the rebalancing phase in 2012. In terms of sustainability of growth; domestic demand's contribution on growth as a result of the recovering domestic demand conditions, and private sector investments' impact on growth turning into positive are important developments that came forward. Recovery in the economy was reflected positively into the budget and thus supported a higher performance above the targets of the Medium Term Program. Although strengthening domestic demand and increasing gold import raised the current deficit to some extent in 2013, the moderate progress of the current deficit seems to continue if the gold export figures are excluded in the calculation. On the other hand, rising food prices in 2013 had impacts on the inflation rate while the upward trend in FX in the second half of the year caused the inflation rate turn out to be 7.4% by the end of the year.

In 2013, Turkey's economy was rated "investment" by four international credit rating agencies. Where the expectations for rating increase was priced and with the support of the high global appetite for risk in the first half of the year capital flow into Turkey's economy occurred at the highest levels. However, decreasing capital flows into developing countries and capital flows out of the developing countries with the uncertainty created by the FED's monetary policy increased the pressure on the financial markets in Turkey.

Dynamic Treasury Management strategies

Within the framework of its risk/income oriented management approach, Halkbank determined its management strategies by watching national/international macro-economic developments closely throughout 2013. Capable of adapting itself to the changing economic conditions with the support of its strong capital and financial structure the Bank maintains its profitability and momentum of growth as a consequence of the dynamic policies it pursues.

Successfully maintaining the title of Turkish GDS Market Maker since 2003, Halkbank gave emphasis to issuing securities in 2013 with the aim of creating alternative resources and elongating the maturity structure of the existing resources. In this aspect, Halkbank diversified its resources by successfully issuing securities on national and international platforms.

Efficient liquidity management

Halkbank, performs balance sheet management, in the light of the Assets & Liabilities Committee's strategy decisions aligned by taking macro economic analyses, stress tests and risk management reports into consideration. In consequence of these market analyses, short term funding where provided by money market transactions needs successfully, fund surplus was efficiently utilized, while TRY and FX liquidity management was performed in the most efficient way possible by using various derivative tools and other debt instruments.

Customer oriented service in the FX and Commodity Markets

Halkbank improved itself in terms of products and technology in parallel to customer needs. Halkbank offers both income products and hedge products in the rapidly developing derivative markets in Turkey. Increasing its support through its products that will meet the import/export companies' need to defend themselves against the FX and interest rate risk in this period, Halkbank gives importance to service quality in this area.

The Bank continued to increase its volume and profitability especially in the FX and commodity markets by means of; the widespread branch network throughout Turkey, its wide customer portfolio composed of SME's in majority and its corporate scale customers. With the marketing strategies targeting its customer base Halkbank continued to be a competent player in the FX and commodity markets.

Review of Operations in 2013

In 2013, Halkbank **continued to grow its foreign trade finance volume** and became an even stronger and reliable institution internationally thanks to its expanding correspondent bank network.

INTERNATIONAL BANKING

Growing Correspondent Bank Network

Thanks to an ever-growing extensive branch network, specialized staff and customer-oriented approach, Halkbank continued to grow its foreign trade finance volume in 2013 and became an even stronger and more trusted bank internationally thanks to its expanding correspondent bank network.

Halkbank is a preferred business partner due to its deep-rooted know-how, strong relationship management strategies and excellent business potential.

Taking advantage of its extensive network of more than 2,000 correspondent banks in 144 countries, Halkbank provided support to its customers via structured finance products, alternative financing mechanisms and traditional foreign trade instruments.

Halkbank continued to establish new long-term correspondent relationships and take advantage of market opportunities in light of its forward-looking policies, needs and expectations while also developing products that will make a difference for its customers.

The Bank cooperated with a significant number of correspondent banks to offer medium- and long-term financing to clients that import capital goods from abroad, provided with insurance and guarantees from Export Credit Agencies.

Halkbank boasts one of the largest credit lines within the GSM-102 Program of the US Department of Agriculture and continued to make this facility available to customers that import agricultural products from the United States.

Effective Communication with Shareholders and Global Investors

Halkbank continued to regularly provide reliable and clear information to existing and potential investors and shareholders throughout 2013.

Raise your expectations!

With its globally competitive and sustainable profitability ratios, Halkbank is the choice of international corporate investors in Turkey.

www.halkbank.com.tr

 **HALKBANK**

Productive Turkey's Bank

Halkbank met with investors, analysts and asset managers in individual and group meetings. The Bank also attended a large number of conferences and meetings in Turkey as well as overseas, especially in financial centers where international institutional investors are based.

In meetings held with investors, Halkbank discussed its financial and corporate governance structure, market position within the domestic

banking industry and internationally, corporate strategies, and expectations for the upcoming period.

Halkbank presented its financial results simultaneously to domestic and overseas investors via conference calls at the end of each quarter; the Bank addressed questions related to the financial results in detail as promptly as possible. In addition, Halkbank maintained open communications

Review of Operations in 2013

Halkbank continues to **provide alternative financing mechanisms to its customers** by securing funding resources from international capital markets.

channels with investors throughout the year; evaluated all questions, comments and requests conveyed to the Bank; and regularly made disclosures regarding significant issues and developments in areas that could affect investment decisions.

A bank well known and demanded by institutional equity investors, Halkbank also began to be followed very closely by international bond investors after its Eurobond issue in January 2013. The Bank's bond issue was four and a half times oversubscribed due to great level of interest it attracted. Halkbank reached nearly 200 international bond investors and became acquainted with a new investor base thanks to its Eurobond issue.

Borrowings from international financial institutions

Halkbank continues to offer alternative funding facilities to customers by securing financing resources from international markets. As part of this effort in 2013, the Bank rolled over a syndicated loan of € 562 million and US\$ 259 million with the participation of 41 banks from 19 countries. With banks from Europe, the US and the Middle

East participating, the syndicated loan transaction featured broader participation compared to the previous year.

Halkbank continued to secure long-term funding facilities under dual agreements with international financial institutions (e.g. European Investment Bank, World Bank, French Development Agency, Council of Europe Development Bank, among others) to finance the investment and working capital needs of SMEs. The long-term nature of the overseas-sourced loans had a positive impact on the maturity composition of the Bank's balance sheet. Halkbank signed a € 100 million EIB Innovative Business Loan agreement, to be used in financing the working capital and investment needs of pioneering firms; the Bank also secured a € 50 million EIB Greater Anatolia SME-2 loan, under the EIB Greater Anatolia Program, from the European Investment Bank in order to extend financing to SME customers. In addition, Halkbank entered into a US\$ 67 million loan program with the World Bank to fund the energy efficiency investments of customers.

In 2013, Halkbank secured a total of US\$ 2 billion in resources from international financial institutions.

In order to further diversify its long-term foreign funding sources, Halkbank placed its second Eurobond issue denominated in US dollars. The Bank issued US\$ 750 million in bonds with a fixed interest rate and seven-year maturity. Priced to yield 4.057%, the bonds have a coupon rate of 3.875% and maturity date of February 5, 2020. As of the deal's closing date, Halkbank recorded the lowest borrowing costs in US dollar terms, with a fixed interest rate and a seven-year maturity, in Turkish banking industry.

The Bank offered refinancing and post-financing facilities for foreign trade transactions for its clients.

Halkbank obtained approximately US\$ 5.5 billion in resources from international financial institutions and international capital markets in 2013.

Halkbank **rolled over its syndicated loan** of € 562 million and US\$ 259 million with the participation of 41 banks from 19 countries in 2013.

Overseas Branches

Halkbank operates branches in the Turkish Republic of Northern Cyprus (TRNC) and in Bahrain. The Bank conducts its operations in TRNC via a four-branch network located in Lefkoşa (Nicosia), Gazimağusa (Famagusta), Girne (Kyrenia) and Paşaköy (Assia). The Bank's Northern Cyprus branches provide all banking services that are offered at Halkbank branches in Turkey. The TRNC branches are fully staffed and equipped with advanced technology to provide effective service for its clients in the country. The Northern Cyprus branches are included in Halkbank's performance system and monitored more closely, which resulted in more efficient and profitable operational results. Halkbank plans to increase its market share in TRNC by expanding the existing branch network and developing a product portfolio suitable for that market.

Halkbank's Bahrain Branch, which commenced operations in 1994, is located in Bahrain, the financial center of the Gulf Region. Through the Bahrain Branch, the Bank aims to make Gulf Region funds available, both to Halkbank clients and to

Turkey in general, as financing facilities; enter into strategic partnerships with the major banks in the region; fund foreign trade transactions that take place as a result of the increasing business volume between the Gulf Region and Turkey; and finance the projects planned for the region. This branch extends working capital, investment and syndicated loans to its clients.

Halkbank also initiated efforts in 2013 to establish a liaison office in London. Registration of the Türkiye Halk Bankası A.Ş. London Liaison Office was finalized on January 10, 2014.

The Bank's overseas subsidiaries and affiliates

Halk Banka A.D., Skopje

Halkbank is working to develop relationships in new foreign markets to support companies as they expand abroad. Joining the Halkbank family as a subsidiary in 2011 as a result of the Bank's aim to be present in alternative markets, Halk Banka A.D., Skopje continued to grow in 2012 by acquiring Ziraat Banka A.D., Skopje, another Turkish-owned bank in Macedonia. The Bank provides a full range of banking services to its retail and corporate customers. In line with its strategy to expand in other Balkan countries, Halk Banka A.D., Skopje opened a representative office in Serbia during the year.

Demir-Halk Bank (Nederland) N.V.

Established in the Netherlands in 1992 and 30%-owned by Halkbank, Demir-Halk Bank (Nederland) N.V. also conducts operations in Belgium, Germany and Turkey in addition to Holland. Offering a full range of banking services to its corporate and retail customers, the Bank was founded to serve Turkish companies and their partners in Western Europe.

Review of Operations in 2013

The Bank exceeded its centralized operations target for 2013, **with a centralization ratio of more than 90% for bulk transactions.**

OPERATIONS

As part of the efforts to centralize the Bank's operations, central operations business flows commenced in 14 separate business processes that were previously under the work load of the branches. In addition, the Operations Center went into full service with all of its human resources staff and equipment infrastructure. The Bank exceeded its centralized operations target for 2013, with a centralization ratio of more than 90% for bulk transactions.

Halkbank implemented additional numerical criteria to measure the quality of branch operations, monitored the operational service quality of branches closely, and commissioned independent service quality measurement studies such as secret customer surveys and phone-based post-service customer satisfaction surveys.

In 2013, Halkbank launched **Sustainable Banking and energy management initiatives**, measured its carbon footprint, and drafted a CDP (Carbon Disclosure Project) report.

Halkbank began providing custody service to those customers whose personal portfolios are under the discretionary management of the Bank's subsidiary Halk Portföy Yönetimi A.Ş.

The Bank initiated a project to upgrade its alarm and security camera systems with new technology to allow for central monitoring and more flexible/rapid response; raised the security infrastructure standards; and backed up all locations with a secondary security network communication via GPRS. Security risk criteria were defined for the Bank's locations and risk scores began to be calculated for each locality, region and for the overall Bank.

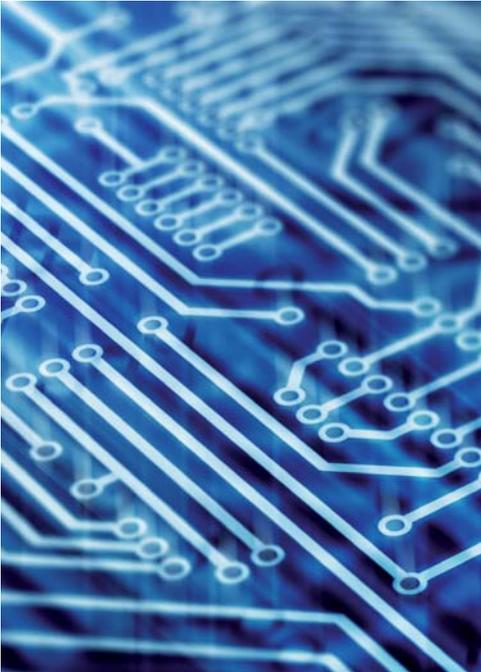

In 2013, Halkbank launched Sustainable Banking and energy management initiatives, measured its carbon footprint, and drafted a CDP (Carbon Disclosure Project) report.

The "Integrated Service Management" platform "OFFROAD," which was created to ensure effective management of the Bank's support services, commenced operations in May 2013.

After the launch of the platform, Halkbank began to execute the purchasing, vehicle/fleet management, personnel services management, technical services, electronic security, physical security, cleaning services, repair/maintenance services, materials/equipment procurement, and blue collar personnel performance evaluation processes through the business flow system. As a result, the Bank now has key performance indicators (KPI) for each and every support process in the system as well as a reporting and oversight infrastructure that allows for the monitoring of service level agreements (SLA).

Review of Operations in 2013

Halkbank continued to enrich its **advanced technology infrastructure** with new products and services launched in 2013.

INFORMATION SYSTEMS AND TECHNICAL SERVICES

Halkbank continued to enrich its advanced technology infrastructure with new products and services launched in 2013, while ranking among the industry's pioneers in effective deployment of new technology.

Halkbank Further Enhances Customer Satisfaction via New Products and Services

The Bank is currently upgrading the Call Center with next-generation technology in order to provide effective and personalized services to customers through a wider variety of channels including voice, instant messaging, video, electronic mail and social media. Thanks to the project that commenced service in 2013 with core functionality, not just Call Center customer service representatives but theoretically all Bank employees will be able to be part of the Call Center system in 2014.

The English language Internet Branch went into service during the year. In addition, the screens for customer service representatives serving foreign clients from the Call Center were switched to English.

The Bank implemented new high-performance infrastructure solutions to bolster the business intelligence environment where campaign management, data mining, analytical reporting and analyses are performed.

Halkbank Ranks among the Most Pioneering Banks in the Effective Deployment of New Technology

The Bank implemented software and hardware infrastructure upgrades that allow for the development of complex service models in both virtual and physical environments to be offered and quantified as an IT service through automation products using cloud technology.

Thanks to the virtualization solutions that have been implemented at Halkbank since 2008 and their ever-widespread use, applications with high license costs but low frequency of use are virtualized, resulting in greater flexibility, cost advantages and savings in labor costs for the Bank. To take advantage of the benefits of virtual platforms in the Bank's external services as well, Halkbank invested in Virtual Platform Security solutions: Corporate Portals, Corporate Connections, Corporate Data Transfer, Internet Branch, and Dialog Call Center applications were also virtualized. Consequently, the Bank was able to deploy additional resources rapidly during times of heavy use of these services, meeting all demands promptly and ensuring a high level of customer satisfaction.

Next generation firewalls were put in use for the network segmentation and access controls that protect and report the Bank's data communication originating from non-bank sources, including the internet, and provide a secure environment for communication with other companies. As a result, the Bank technologically revamped protection infrastructures of external-facing services; repositioned servers for critical services at the data center in separate protection zones; restricted access via more effective controls.

Halkbank copied the backup and archive data located in the Bank Data Center onto the Disaster Recovery Center, ensuring the availability of all production environment data on the Core Systems platform during a disaster scenario.

The Bank established an electronic certificate infrastructure for Financial Seal Electronic Signature function to be used pursuant to the requirements of the Tax Procedure Law. This will serve to safeguard the integrity, source and content of the data belonging to legal entities and other companies, organizations and businesses as well as ensure confidentiality in certain necessary cases.

Halkbank is Ready for the Future with Its Transformation Programs

Under the program to upgrade the "Software Development Infrastructure," the first phase of which has been completed, initiatives to attain a more effective and agile infrastructure supported by next generation technology are ongoing. Further, the Integrated Desktop Application that was rolled out in 2013 is helping Halkbank adapt solutions to increase the productivity of users on a large scale.

The new "Data Center" is planned as one of Halkbank's top priorities in 2014. The ongoing efforts to establish an efficient, secure and dynamic next-generation Data Center are expected to come to fruition in 2014.

Review of Operations in 2013

Halkbank's extensive branch network includes **872 branches in Turkey** (786 branches, 6 corporate branches, 37 commercial branches, 3 free-zone branches, 38 satellite branches and 2 special transaction centers), **25 regional offices, 5 overseas branches and 1 overseas representative office.**

HALKBANK'S EXTENSIVE BRANCH NETWORK

Halkbank continued to operate through Head Office units and extensive domestic and overseas branch network with a high-quality service approach in 2013.

Halkbank's extensive branch network includes 872 branches in Turkey (786 branches, 6 corporate branches, 37 commercial branches, 3 free-zone branches, 38 satellite branches and 2 special transaction centers), 25 regional offices, 5 overseas branches and 1 overseas representative office.

Operational Restructuring Projects

Corporate Content Management System Project (DUMAN)

Kurumsal İçerik Yönetim Sistemi Projesi'nin hedefi The Corporate Content Management System Project aims to transfer Halkbank's internal and external printed and electronic document traffic, fax messages and important e-mail to corporate content management; share these with users according to their defined levels of authority; and archive them. Another objective of the project is to create a paperless office environment within Halkbank.

Process Management Project (GENESIS)

The Bank initiated efforts to analyze and document processes and to undertake process simplification, development and improvement under the GENESIS Project. The project prioritizes the processes that are part of the Management Declaration pursuant to the regulations of the Banking Regulation and Supervision Agency of Turkey (BRSA).

As part of these efforts, the Bank participated in the Career and (self-Improvement) Day events held at some universities during 2013.

Halk Academy

As of September 2009, Halkbank began conducting all of its training activities under the umbrella of Halk Academy. Thanks to its customer orientation as well as its well-planned systematic approach, the Bank received ISO 9001:2008 Quality Certification in 2011.

Halk Academy conducted 2,137 training sessions across 20 programs for the Bank's employees in 2013. 48% were taught by in-house instructors while the remaining 52% were administered by external training firms/instructors of

Halkbank provides employees with **continuous training, expansive career opportunities** and modern work spaces while taking heed of employee satisfaction.

these trainings. The Academy held periodic assessment and informational activities through 55 meetings and conferences which were broad participated. In order to support in-class training in 2013, Halk Academy made an extensive e-learning catalogue available to employees; the catalogue consists of 300 training modules in technical banking, bank applications, personal and professional development, IT trainings, and quality standards.

Not limiting its training activities to the classroom, the Bank also began offering high-tech training methods, education simulations using e-learning, e-survey, e-testing, e-library applications through www.halkakademi.com.tr which launched with a refreshed user interface.

Halk Academy also organizes training activities for the Bank's subsidiaries, affiliates and SME customers in addition to Halkbank employees. The SME Training Platform, which was launched for SME customers with just four training categories in 2010, served some 2,750 members with an e-learning catalogue of 40 training modules as of end-2013.

ANNUAL REPORT COMPLIANCE STATEMENT

To the General Assembly of Türkiye Halk Bankası Anonim Şirketi:

We have audited the accuracy and compliance of the financial information contained in the annual report of Türkiye Halk Bankası Anonim Şirketi ("The Bank") as of December 31, 2013 with the independent auditor's report drawn up as of the end of the related accounting period. The subject of the report is under the responsibility of the Bank management. Our responsibility as the firm carrying out the independent audit is to present opinion on the Annual Report.

The audit was carried out in accordance with the procedures and principles regarding the preparation and publication of annual reports which entered into force under Banking Law No. 5411 and the regulations on the principles of independent auditing. These regulations require that audits be planned and carried out with the purpose of giving reasonable reassurance as to whether there are any material errors in the annual report. We believe that the audit carried out provides a reasonable and sufficient basis for forming an opinion.

Our opinion is that, in line with the procedures and principles in force as of December 31, 2013 pursuant to Article 40 of Banking Law 5411, the financial information contained in the enclosed Annual Report of the Bank reflects the information on Türkiye Halk Bankası Anonim Şirketi's financial standing accurately; contains a summary report of the Board of Directors as well as the independent auditor's opinion that was provided by us; and is consistent with the information contained in the independently-audited financial statements.

NEW VERSION

ARTICLES OF ASSOCIATION of TÜRKİYE HALK BANKASI ANONİM ŞİRKETİ

SECTION ONE INCORPORATION

Incorporation:

Article :1-) The Articles of Association of Türkiye Halk Bankası Anonim Şirketi, are hereby amended as follows as per the Law No. 4603.

Title of the Company:

Article:2-) The trade title of the Bank is "Türkiye Halk Bankası Anonim Şirketi", which is abbreviated as "Halkbank". It shall hereinafter be referred to as the "Bank" in this Articles of Association.

Head Office and Organization:

Article:3-) (1) The head office of the Bank is in Istanbul, at the address of Barbaros Mahallesi Şebboy Sokak No:4 Ataşehir/Istanbul. Any changes in the address of the Bank's head office shall be notified to the Trade Registry, and announced via the Trade Registry Gazette of Turkey. Notices sent to the last registered and announced address of the Bank shall be deemed as received by the Bank. The failure to register any new address within applicable legal period of time upon relocation from the registered and announced address shall be considered as a cause for termination by the Bank.

(2) Changes in the address shall be notified to the Banking Regulation and Supervision Agency, the Capital Markets Board, and other relevant authorities.

(3) The Bank's organization is comprised of the General Directorate as well as domestic and foreign service units. The Board of Directors is authorized

Amendments to the Articles of Association in 2013

to determine the attributes, duties and authorities, and legal forms of these service units.

Purpose and Subject:

Article 4- The purpose of the Bank is to engage in all kinds of banking activities which can be duly performed by deposit banks, subject to the fulfilment of all obligations and requirements provided in the Banking Law as well as other laws and regulations.

In order to attain its purposes, the Bank shall use all such authorities and powers that are available to it under the Banking Law as well as other laws and regulations.

The Bank may offer all kinds of cash and non-cash credit facilities in Turkish Lira or foreign currencies; act as a broker for export, purchase, and sale of such financial instruments that are offered at domestic and international financial markets; perform investment banking activities; purchase, sell, and transfer credit facilities collectively or individually; perform trading activities at domestic and foreign forward markets; procure funds from interbank markets as well as other domestic and foreign resources; perform capital market activities; act as a broker for export and import activities; act as an agency for insurance companies and other financial institutes; participate in all kinds of partnerships which banks can establish, or become a partner of in the country and at abroad, or establish new partnerships, or terminate its existing partnerships in accordance with applicable laws and regulations.

Furthermore, the Bank may offer credit facilities to tradesmen and merchants as well as small and medium sized industrial enterprises directly or through Credit Cooperatives for Tradesmen and Merchants provided that interest rates of such credit facilities may not be less than actual costs of the Bank.

In case the percentage of publicly held shares of the Bank falls below 50%, activities of the Bank regarding the offering of credit facilities to tradesmen and merchants as well as small and

to determine the attributes, duties and authorities, and legal forms of these service units.

Purpose and Subject:

Article:4-) (1) The purpose of the Bank is to engage in all kinds of banking activities which can be duly performed by deposit banks, subject to the fulfilment of all obligations and requirements provided in the Banking Law as well as other laws and regulations.

(2) In order to attain its purposes, the Bank shall use all such authorities and powers that are available to it under the Banking Law as well as other laws and regulations.

(3) The Bank may offer all kinds of cash and non-cash credit facilities in Turkish Lira or foreign currencies; act as a broker for export, purchase, and sale of such financial instruments that are offered at domestic and international financial markets; perform investment banking activities; purchase, sell, and transfer credit facilities collectively or individually; perform trading activities at domestic and foreign forward markets; procure funds from interbank markets as well as other domestic and foreign resources; perform all kinds of capital market activities; act as a broker for export and import activities; acts as an agency for insurance companies and other financial institutes; participate in all kinds of partnerships which banks can establish, reserving the provisions of Capital Markets laws and regulations, or become a partner of in the country and at abroad, or establish new partnerships, or terminate its existing partnerships in accordance with the Banking laws and regulations and Capital Markets laws and regulations.

(4) Furthermore, the Bank may offer credit facilities to tradesmen and merchants as well as to small and medium sized industrial enterprises directly or through Credit Cooperatives for Tradesmen and Merchants provided that interest rates of such credit facilities may not be less than actual costs of the Bank.

(5) In case the percentage of publicly held shares of the Bank falls below 50%, activities of the Bank regarding the offering of credit facilities to tradesmen and merchants as well as small and

medium sized industrial enterprises shall continue in accordance with the methods and principles that shall be determined by the Council of Ministers.

The Bank may not be involved in activities that may not be performed by deposit banks pursuant to the Banking Law, the Capital Markets Law, and other relevant laws and regulations, activities for which necessary consents or authorizations could not have been obtained from relevant authorities in spite of them being specified in applicable laws and regulations, or activities which are banned to be performed by deposit banks pursuant to other relevant laws and regulations even if such activities are specified in these Articles of Association

Acquisition of Movable and Immovable Assets; Transactions That Involve Movable and Immovable Assets:

Article 5- The Bank may not be involved in trading of immovable assets and commodities for commercial purposes. The Bank may not participate in partnerships that are solely involved in trading of immovable assets except for mortgaged housing finance institutions and real estate investment trusts, and the Bank may not offer credit facilities to real persons and legal entities involved in these activities.

However, without prejudice to the provisions of relevant laws and regulations, the Bank may, with a resolution of its Board of Directors, acquire, give, sell, transfer, impose pledges and mortgages on, all kinds of movable and immovable assets, all kinds of rights, especially including industrial and intellectual rights, rights of redemption, rights of repurchase, usufructs, easements, superficies, and other in-kind rights, and rights of receivables; receive pledges and mortgages imposed on movable and immovable assets; release existing mortgages; hire or rent movable and immovable assets, industrial and intellectual rights, and other similar rights; register rental contracts and preliminary sales contracts at land registers in its

medium sized industrial enterprises shall continue in accordance with the methods and principles that shall be determined by the Council of Ministers.

(6) The Bank may not be involved in activities that may not be performed by deposit banks pursuant to the Banking Law, the Capital Markets Law, and other relevant laws and regulations, activities for which necessary consents or authorizations could not have been obtained from relevant authorities in spite of them being specified in applicable laws and regulations, or activities which are banned to be performed by deposit banks pursuant to other relevant laws and regulations even if such activities are specified in these Articles of Association.

(7) In the event that the purpose and subject of the Bank is amended, required permits shall be obtained from the T.R. Ministry of Customs and Trade, Banking Regulation and Supervision Agency and the Capital Markets Board.

Acquisition of Movable and Immovable Assets; Transactions That Involve Movable and Immovable Assets:

Article:5-) (1) The Bank may not be involved in trading of immovable assets and commodities for commercial purposes. The Bank may not participate in partnerships that are primarily involved in trading of immovable assets except for mortgaged housing finance institutions and real estate investment trusts.

(2) However, without prejudice to the provisions of relevant laws and regulations, the Bank may, with a resolution of its Board of Directors, acquire, give, sell, transfer, impose pledges and mortgages on, all kinds of movable and immovable assets, all kinds of rights, especially including industrial and intellectual rights, rights of redemption, rights of repurchase, usufructs, easements, superficies, and other in-kind rights, and rights of receivables; receive pledges and mortgages imposed on movable and immovable assets; release existing mortgages; assign its receivables as well as securities associated therewith; hire or rent movable and immovable assets, industrial and intellectual rights, and other similar rights; register

Amendments to the Articles of Association in 2013

own name; and cancel such registrations. The Bank may impose pledges and mortgages individually or collectively as well as jointly.

The Bank may acquire immovable assets for the purpose of sustaining its banking activities and collecting its receivables within applicable legal limits, and dispose of the same whenever appropriate through sale or exchange thereof or otherwise.

The Bank may obtain all kinds of in-kind and personal securities in order to secure and collect its rights and receivables. The Bank may carry out registration, cancellation, and other transactions at land registers, tax offices, and other public bodies and entities in connection with such securities.

(3) The shares representing the Bank's share capital are traced through book-entry registration pursuant to applicable principles of dematerialization.

SECTION THREE BODIES OF THE BANK

Bodies of the Bank:

Article 7- The authorized bodies of the Bank are as follows: The General Assembly, the Board of Directors, the Committee of Credits, the Audit Committee, the General Manager, and the Auditors.

General Assembly:

Article 8- The Bank's General Assembly meets in ordinary or extraordinary form. The General Assembly meets in ordinary form at least once a year within three months of the expiration of each fiscal year of the Bank. The General Assembly meets in extraordinary form and takes necessary decisions whenever necessitated by the affairs and activities of the Bank in accordance with applicable provisions of the Turkish Commercial Code and these Articles of Association.

Duties and Powers of the General Assembly:

Article 9- The General Assembly shall, in addition to the tasks and duties that are provided herein, assume such duties and powers that are specified in the Turkish Commercial Code, the Banking Law, and other relevant laws and regulations.

Meetings of the General Assembly:

Article 10- The General Assembly shall meet at the Bank's Head Office or any other suitable location within borders of such civilian administration unit where the Bank's Head Office is situated, or within borders of Istanbul. The person calling the meeting shall make the choice in this regard.

Issuance of Debt Instruments:

Article:7-) The Bank may issue all kinds of debt instruments that are specified and defined in the capital markets laws and regulations. The Bank's Board of Directors shall be authorized to issue the debt instruments.

SECTION THREE BODIES OF THE BANK

Bodies of the Bank:

Article:8-) The authorized bodies of the Bank are as follows: The General Assembly, the Board of Directors, the General Manager, and Committees that shall be established as per relevant laws and regulations.

General Assembly:

Article:9-) The Bank's General Assembly meets in ordinary or extraordinary form. The General Assembly meets in ordinary form at least once a year within three months of the expiration of each fiscal year of the Bank. The General Assembly meets in extraordinary form and takes necessary decisions whenever necessitated by the affairs and activities of the Bank in accordance with applicable provisions of the Turkish Commercial Code, Capital Markets laws and regulations, Banking laws and regulations and these Articles of Association.

Duties and Powers of the General Assembly:

Article:10-) The General Assembly shall, in addition to the tasks and duties that are provided herein, assume such duties and powers and make such decisions that are specified in the Turkish Commercial Code, the Banking Law, the Capital Markets Law, and relevant secondary legislation adopted under these laws.

Meetings of the General Assembly:

Article:11-) The General Assembly shall meet at the Bank's Head Office or any other suitable location within borders of such civilian administration unit where the Bank's Head Office is situated, or within borders of Ankara. The person calling the meeting shall make the choice in this regard.

Amendments to the Articles of Association in 2013

Invitation for General Assembly:

Article 11- The General Assembly shall be called for a meeting by the Board of Directors or by those who are authorized in this regard as per applicable laws and regulations.

The date, time, venue, and agenda of the General Assembly meeting shall be announced in the Trade Registry Gazette of Turkey as well as in at least one newspaper that is circulated through the location of Bank's head office, at least three weeks in advance of anticipated date of the meeting.

Agenda:

Article 12- The agenda of an ordinary General Assembly meeting shall include such items as the reading of reports issued by the Board of Directors and the Auditors; the review and approval of balance sheets and P & L statements; the release of members of the Board of Directors and Auditors from their respective liabilities separately; the proposals received about distribution of profits; the election of members of the Board of Directors and Auditors whose term in office have expired; and such other items that are considered appropriate to be discussed at the meeting.

Invitation and Announcement for General Assembly:

Article:12- (1) The General Assembly shall be called for a meeting by the Board of Directors or by those who are authorized in this regard as per applicable laws and regulations.

(2) The date, time, venue, and agenda of the General Assembly meeting shall be announced in the Trade Registry Gazette of Turkey, in at least one newspaper that is circulated across the country, at the website of the Bank, at the Public Disclosures Platform (PDP), and also via other means as designated by the Capital Markets Board at least three weeks in advance of anticipated date of the meeting excluding the dates of announcement and meeting.

(3) The invitation for meeting shall not be sent separately via registered and reply-paid letter for the Bank's shares that are traded on the stock exchange.

(4) The invitation for meeting shall be sent separately via registered and reply-paid letter for the Bank's dematerialized shares which are not traded on the stock exchange. However, the invitation for meeting shall be sent via registered and reply-paid letter to such address, which are clearly known based on records available in the Share Ledger, for those shares that are monitored collectively through the "Dematerialized Unknown Shareholders Account" at the Central Registry Agency.

Agenda:

Article:13- (1) The agenda of an ordinary meeting of the General Assembly shall include the election of managerial bodies; the matters associated with financial statements, annual report of the Board of Directors, and mode of allocation of profits; the determination of distributable shares of profit and dividends; the release of members of the Board of Directors; and other matters and issues which are considered appropriate in connection with the fiscal year.

The agenda of an Extraordinary General Assembly meeting shall include topics which have necessitated the holding of the meeting as well as other topics fit to be discussed at the meeting.

(2) The agenda of an Extraordinary General Assembly meeting shall include topics which have necessitated the holding of the meeting as well as other topics fit to be discussed at the meeting.

(3) The agenda shall be determined by the individuals who have called the meeting. Topics that are not in the agenda may not be discussed or resolved at the General Assembly. Exceptions specified in law are hereby reserved.

Attendance to General Assembly Meetings; General Assembly Meetings via Electronic Means:

Article:14-) (1) The Bank shall attend to General Assembly meetings in accordance with the principles and methods that are specified in the Turkish Commercial Code, the Capital Markets Law, and other relevant laws and regulations.

(2) The beneficiaries whom are entitled to attend General Assembly meetings of the Bank may also attend these meetings via electronic means pursuant to the Article 1527 of Turkish Commercial Code. The Bank may establish an electronic general assembly system which enables the beneficiaries to attend the general assembly meetings electronically, to share opinions, to provide recommendations at the meetings and to cast votes, or the Bank may purchase such services from other systems which have been established for this purpose in accordance with the Regulation on the Electronic General Assembly Meetings. It shall be ensured that the beneficiaries and the representatives are able to exercise their rights specified under the Regulation at all General Assembly meetings via the established system pursuant to this provision of the Articles of Association.

(3) The principles and methods specified in the laws and regulations adopted by the Central Registry Agency shall be taken into consideration with regards to the establishment and operation of the electronic system for general assembly meetings.

Amendments to the Articles of Association in 2013

Council of the General Assembly Meeting:

Article 13- Chairman of the Board of Directors shall preside the meetings of the General Assembly, in case the Chairman is not present, such duty shall be carried out by the Deputy Chairman. Chairman of the Board of Directors or the Deputy Chairman presides the meeting, the meeting shall comprise of two clerks selected among the shareholders, and two vote collectors selected among the shareholders or other persons, by the General Assembly.

Quorums:

Article 14- Relevant provisions of the Turkish Commercial Code shall apply to the meeting and decision quorums.

Right to Vote and Method of Voting:

Article 15- Shareholder present at the General Assembly meetings shall be entitled to one vote per share. Votes shall be cast by showing of hands. However, voting by ballot must be exercised if it is requested by shareholders representing one tenth of all shares represented at the meeting.

Laws and regulations of the Capital Markets Board shall govern the matter of voting by proxy.

Ratification of Balance Sheets and Release:

Article 16- A decision of the General Assembly on the ratification of the balance sheet implies release of members of the Board of Directors and Auditors and Managers. However, where certain points were not shown on the balance sheet or the balance

Chairman of the General Assembly Meeting:

Article:15-) (1) Chairman of the Board of Directors shall preside the meetings of the General Assembly, in case the Chairman is not present, such duty shall be carried out by the Deputy Chairman or the General Manager. Chairman of the Board of Directors or the Deputy Chairman or the General Manager presides the meeting, the meeting shall comprise of at least one minute keeper selected among the shareholders, and one vote collector selected among the shareholders or other persons, by the General Assembly.

(2) The Chairman of the meeting may appoint experts for transactions of the general assembly via electronic means.

(3) Transactions of the General Assembly shall be carried out in accordance with provisions of internal directives.

General Assembly Meetings and Decision Quorums; and Impact of Decisions:

Article:16-) Relevant provisions of the Turkish Commercial Code and the Capital Markets laws and regulations and Banking laws and regulations shall apply to the meeting and decision quorums.

Right to Vote and Method of Voting:

Article:17-) (1) At the General Assembly, shareholders shall be entitled to number of votes in proportion with the total nominal value of their shares.

(2) Each shareholder shall be entitled to at least one vote even if such shareholder owns only one share.

(3) Laws and regulations of the Capital Markets Board shall govern the matter of voting by proxy.

Ratification of Balance Sheets and Release:

Article:18-) (1) A decision of the General Assembly on the ratification of the balance sheet implies release of members of the Board of Directors, Managers and Auditors, unless specified otherwise. In addition, where certain points were not shown on

sheet contained certain false points, the members of the Board of Directors, Auditors and Managers shall not be deemed to be released with the ratification of the balance sheet.

Board of Directors:

Article 17- The Board of Directors constitutes of at least seven (7) and at most nine (9) members, to be chosen by the General Assembly.

Members of the Board of Directors shall elect a Chairman, from among its members at their first meeting to be held after the oath-taking ceremony. At the meeting, a member shall also be ELECTED as the Deputy Chairman of the Board. The Board of Directors shall be presided by the Chairman or by the Deputy Chairman of the Board of Directors in his absence.

The requirements specified in the Banking Law for a General Manager shall also apply for one member more than half of all members of the Board of Directors.

Duties and Powers of the Board of Directors:

Article 18- The Bank shall be managed and represented by the Board of Directors.

the balance sheet or the balance sheet contained certain false points which formed an obstruction for the observation of the real state of the Bank and such has been made deliberately, ratification shall not cause release.

(2) A decision for release taken at a General Assembly meeting may not be cancelled by a General Assembly decision.

Board of Directors:

Article:19-) (1) The Board of Directors constitutes of nine (9) members, to be chosen by the General Assembly.

(2) Members of the Board of Directors shall elect a Chairman, from among its members at their first meeting to be held after the oath-taking ceremony. At the meeting, a member shall also be ELECTED as the Deputy Chairman of the Board. The Board of Directors shall be presided by the Chairman or by the Deputy Chairman of the Board of Directors in his absence.

(3) The requirements specified in the Banking Law for a General Manager shall also apply for one member more than half of all members of the Board of Directors.

(4) Causes for termination of membership status shall also prevent the election of members.

(5) Provisions of the Capital Markets laws and regulations and Banking laws and regulations shall be taken into consideration with regards to the determination, the qualifications, and election of independent members of the Board of Directors as well as other similar issues.

Duties and Powers of the Board of Directors:

Article:20-) (1) The Bank shall be managed and represented by the Board of Directors. The Board of Directors and the management, in its scope, is authorized to decide on all kinds of matters and transactions necessary for realization of its purpose, which fall outside the decision making power of the General Assembly according to the Articles of Association.

Amendments to the Articles of Association in 2013

18.1- In order for any contract, bond, power of attorney, and other document and instruments prepared in the name of the Bank to be valid and enforceable against the Bank, such must be signed by at least two authorized signatories of the Bank under the trade name of the Bank, in accordance with the conditions provided in a signature circular drafted by the Board of Directors, registered to the trade registry, and announced in the Trade Registry Gazette of Turkey.

18.2- The Board of Directors shall perform the duties and use the powers that are specified in the Turkish Commercial Code, the Banking Law, and other relevant laws and regulations. The Board of Directors shall be authorized to delegate some of such duties and powers within limits designated by the Board of Directors, and shall ensure the implementation and inspection of such duties and powers.

18.3- The Board of Directors shall appoint one of its members having necessary qualifications required under the Banking Law as the General Manager. The Chairman of the Board of Directors may not be elected as the General Manager.

The Board of Directors may delegate some of its duties and powers to the General Manager within limits designated by the Board of Directors. The General Manager shall coordinate the administrative affairs of the Bank and the effective functioning of the Bank's activities, and in addition perform the duties specified for general managers in the Banking Law as well as other relevant laws and regulations.

(2) The Board of Directors shall perform the duties and use the powers that are specified in the Turkish Commercial Code, the Banking laws and regulations, Capital Markets laws and regulations and other relevant laws and regulations. The Board of Directors is authorized to delegate management partially or wholly by means of internal directives.

(3) In order for any contract, bond, power of attorney, and other document and instruments prepared in the name of the Bank to be valid and enforceable against the Bank, such must be signed by at least two authorized signatories of the Bank under the trade name of the Bank, in accordance with the conditions provided in a signature circular drafted by the Board of Directors, registered to the trade registry, and announced in the Trade Registry Gazette of Turkey.

Term of Office and Termination of Membership:

Article 19.1- Members of the Board of Directors can be elected for a term up to three (3) years according to the decision of the General Assembly.

19.2- A member of the Board of Directors shall be deemed to have resigned from his/her post in the Board of Directors if he/she fails to attend three consecutive meetings for any reason, or fails to attend half of all meetings held during a fiscal year without prior consent of the Board of Directors.

Board of Directors Meetings:

Article 20.1- The Board of Directors shall convene whenever necessary due to its activities with a call made by the Chairman, the Deputy Chairman, or a member of the Board of Directors. The Board of Directors is obliged to convene at least once a month.

20.2- The Board of Directors shall, as a rule, convene in the city of the Bank's head office. However, the Board of Directors may also convene at any other location upon consent of the majority of all members of the Board of Directors.

20.3- The agenda of a Board of Directors meeting shall be determined by the Chairman or Deputy Chairman at least 24 hours in advance of the time of meeting, and shall be sent to the members with the letter of invitation or delivered in person.

Additional topics may be added to the agenda in emergencies, with the request of the Chairman of the Board of Directors. Members of the Board of Directors may also propose a motion regarding taking a decision.

20.4- The following table shows the meeting and decision quorums for the Board meetings and taking decisions depending on actual number of members of the Board of Directors.

Term of Office and Termination of Membership:

Article:21- (1) Members of the Board of Directors can be elected for a term up to three (3) years according to the decision of the General Assembly.

(2) A member of the Board of Directors shall be deemed to have resigned from his/her post in the Board of Directors if he/she fails to attend three consecutive meetings for any reason, or fails to attend half of all meetings held during a fiscal year without prior consent of the Board of Directors.

Board of Directors Meetings:

Article:22- (1) The Board of Directors shall convene whenever necessary due to its activities with a call made by the Chairman, the Deputy Chairman, or a member of the Board of Directors. The Board of Directors is obliged to convene at least once a month.

(2) The Board of Directors shall, as a rule, convene in the city of the Bank's head office. However, the Board of Directors may also convene at any other location upon consent of the majority of all members of the Board of Directors.

(3) The agenda of a Board of Directors meeting shall be determined by the Chairman or Deputy Chairman at least 24 hours in advance of the time of meeting, and shall be sent to the members with the letter of invitation or delivered in person.

(4) Additional topics may be added to the agenda in emergencies, with the request of the Chairman of the Board of Directors. Members of the Board of Directors may also propose a motion regarding taking a decision.

(5) The Board of Directors convenes subject to the presence of the majority of all its members and decisions are taken by a majority of the members who are present.

Amendments to the Articles of Association in 2013

Actual Number of Members	Meeting Quorum	Decision Quorum
7	5	5
8	5	5
9	6	6

(6) Board meetings may be held in person and/or by electronic means.

(7) The beneficiaries whom are entitled to attend General Assembly meetings of the Bank may also attend these meetings via electronic means pursuant to the Article 1527 of Turkish Commercial Code. The Bank may establish an Electronic Meeting System which enables the beneficiaries to attend the general assembly meetings electronically, to share opinions, to provide recommendations at the meetings and to cast votes, or the Bank may purchase such services from other systems which have been established for this purpose in accordance with the “Communiqué on Electronic General Assembly Meetings”. It shall be ensured that the beneficiaries and the representatives are able to exercise their rights specified under the Communiqué, at all General Assembly meetings via the established system pursuant to this provision of the Articles of Association.

20.5- Decisions of the Board of Directors may be taken by obtaining written consent of the members, unless one of the members requires oral discussion. Such decision must be adopted unanimously.

Fees of Board Members:

Article 21- Members of the Board of Directors shall be paid a monthly fee or remuneration determined by the General Assembly.

(8) Decisions of the Board of Directors may be taken by obtaining written consent of at least majority of members to a motion submitted by a member, unless one of the members requires oral discussion.

Fees of Board Members:

Article:23- Members of the Board of Directors shall be paid monthly fees, bonuses, remunerations and/or a share of annual profits determined by the General Assembly.

General Manager:

Article:24- (1) The Board of Directors shall appoint one of its members having necessary qualifications required under the Banking Law as the General Manager. The Chairman of the Board of Directors may not be elected as the General Manager.

(2) The Board of Directors may delegate some of its duties and powers to the General Manager within limits designated by the Board of Directors. The General Manager shall coordinate the administrative affairs of the Bank and the effective functioning of the Bank's activities, and in addition perform the duties specified for general managers in the Banking Law as well as other relevant laws and regulations.

Committees:

Article:25- The Committees established by the Bank pursuant to the Turkish Commercial Code, the Banking Law, the Capital Markets Law, and other relevant regulations are; the Credit Committee, the Board of Auditors, the Corporate Governance Committee, and the Committee of Remuneration. The Board of Directors is entitled to establish other committees if and when it deems appropriate, and the Committees to be established as such shall be considered as managerial bodies of the Bank.

Credit Committee:

Article:26- (1) In order to perform the duties assigned by the Board of Directors regarding credits, a Credit Committee shall be established with the participation of the General Manager of the Bank as well as at least two members of the Board of Directors who satisfy the qualifications expected of the General Manager, except for the term condition. Two alternate members shall be elected among the members of the Board of Directors who satisfy the qualifications expected of the General Manager, except for the term condition, in case any member shall not attend a meeting.

(2) The Credit Committee takes decisions about restructuring credit facilities such as new credit allocations, term extensions, increases, changes in conditions, decreases in interest rates, etc. within limits determined by the Board of Directors. The Committee determines compulsory rules and principles to be followed with respect to credits.

(3) The Credit Committee shall convene with the attendance of all of its members with an agenda determined and sent by the General Manager to the members at least 24 hours in advance of the

Credit Committee:

Article 22- In order to perform the duties assigned by the Board of Directors regarding credits, a Credit Committee may be established with the participation of the General Manager of the Bank as well as at least two members of the Board of Directors who satisfy the qualifications expected of the General Manager, except for the term condition. Two alternate members shall be elected among the members of the Board of Directors who satisfy the qualifications expected of the General Manager, except for the term condition, in case any member shall not attend a meeting.

22.1- The Credit Committee takes decisions about restructuring credit facilities such as new credit allocations, term extensions, increases, changes in conditions, decreases in interest rates, etc. within limits determined by the Board of Directors. The Committee determines compulsory rules and principles to be with respect to credits.

22.2- The Credit Committee shall convene at least once a week with the attendance of all of its members with an agenda determined and sent by the General Manager to members at least 24

Amendments to the Articles of Association in 2013

hours in advance of the meeting. Decisions adopted unanimously by the Credit Committee shall be enforced directly and decisions adopted by majority shall be enforced upon approval by the Board of Directors.

22.3- Decisions adopted by the Credit Committee shall be registered in the minute book. Minute Book of the Credit Committee shall be kept in accordance with the principles to which the Minute Book of the Board of Directors is subject to.

Committee of Auditors:

Article 23- The Board of Directors shall form a Committee of Auditors with at least two auditors who shall assist in the fulfilment of audit and supervision duties of the Board of Directors. Members of the Committee of Auditors shall be elected by the Board of Directors among members of the Board of Directors who do not have executive duties, and whose qualifications are determined by the Banking Regulation and Audit Authority.

The Committee of Auditors shall fulfil the duties specified in the Banking Law as well as in the present and/or future laws and regulations issued by the Banking Regulation and Audit Authority regarding boards of auditors.

meeting. Decisions adopted unanimously by the Credit Committee shall be enforced directly and decisions adopted by majority shall be enforced upon approval by the Board of Directors.

(4) Decisions adopted by the Credit Committee shall be registered in the minute book. Minute Book of the Credit Committee shall be kept in accordance with the principles to which the Minute Book of the Board of Directors is subject to.

Committee of Auditors:

Article: 27-) (1) The Board of Directors shall form a Committee of Auditors with at least two auditors who shall assist in the fulfilment of audit and supervision duties of the Board of Directors. Members of the Committee of Auditors shall be elected by the Board of Directors among members of the Board of Directors who do not have executive duties, and whose qualifications are determined by the Banking Regulation and Supervision Agency.

(2) The Committee of Auditors shall fulfil the duties specified in the Banking Law as well as in the present and/or future laws and regulations issued by the Banking Regulation and Supervision Agency regarding boards of auditors.

(3) The Committee of Auditors is also responsible for early identification of causes which might endanger the existence, development, and continuation of the Bank in accordance with the "Early Identification and Management of Risks" as provided in the Turkish Commercial Code. The Committee of Auditors makes proposals to the Board of Directors with respect to the implementation of necessary measures and remedies against such risks. The Committee conducts necessary activities in cooperation with relevant units of the Bank, and reports its evaluations and proposals, if any, to the Board of Directors regarding such duties.

Corporate Governance Committee:

Article:28-) (1) The Corporate Governance Committee is established and announced to the public by the Board of Directors.

(2) The fundamental duties of such Committee are monitoring Bank's compliance to the corporate

governance principles, and making improvements and making proposals to the Board of Directors in this respect.

(3) The Corporate Governance Committee also ensures compliance with the provisions provided in the Corporate Governance Principles, rendered mandatory by the Capital Markets Board for banking institutes.

Committee of Remuneration:

Article:29- (1) The Committee of Remuneration is established and announced to the public by the Board of Directors. This Committee consists two non-executive members of the Board of Directors.

(2) The Committee monitors and inspects remuneration affairs in the name of the Board of Directors, and fulfils other duties that are specified in relevant laws and regulations.

Number, Election, and Term of Office of Auditors:

Article 24- The General Assembly shall elect at most three (3) auditors among individuals who have received university education, and have experience in the fields of banking, economics or finance for at least ten (10) years. The auditors shall be elected for a term of at most three (3) years depending on decision of the General Assembly. Remunerations of the Auditors shall be determined by the General Assembly.

The auditors shall fulfil audit and inspection duties specified in the Articles of Association, the Banking Law, the Turkish Commercial Code No. 6762, and other relevant laws and regulations.

Amendments to the Articles of Association in 2013

SECTION FOUR AUDIT AND AUDITORS

Auditing and Independent Auditing Firm:

Article: 30- (1) The Bank shall appoint an independent auditing firm in accordance with applicable provisions of relevant Laws, the Decision On Determination Of Companies That Are Subject To Independent Audits, principles and procedures specified by the Authority for Public Supervision, Accounting and Audit Standards and/or the Banking Regulation and Supervision Agency, the Bank shall have its activity accounts, financial statements and annual reports of the Board of Directors undergo independent audits, shall provide to the General Assembly its independently audited year-end financial statements and annual reports of the Board of Directors, and shall publish independent audit reports in determined places and within a determined period of time.

(2) Provisions of Laws and/or regulations of the authorities listed above shall be taken into consideration regarding the election, removal of the Independent Auditing Firm, the termination of their contracts, adverse opinions provided in independent auditing reports, avoidance from providing any opinion in independent auditing reports, and difference of opinion between the Bank and Independent Auditing Firm

Board of Auditors:

Article: 31- (1) The General Assembly shall elect two auditors for the Board of Auditors, regarding matters apart from the independent auditor and auditing activities provided in the Turkish Commercial Code article 397 and so on, for auditing activities and presenting an informative annual audit report to the ordinary general assembly, with higher education, with at least ten years of experience in the fields of banking, economics, law, accounting, auditing or finance.

(2) The Members of the Board of Auditors are elected for a period of 3 years. In case of a vacancy in the membership, the other member of the Board of Auditors shall temporarily elect a person meeting the membership requirements, to be submitted to the approval of the first General Assembly. The

General Assembly may relieve the members of the Board of Auditors from their duties, if it deems necessary. The members of the Board of Auditors can be re-elected. The fee of the Members of the Board of Auditors shall be determined by the General Assembly and paid by the Bank.

(3) The Auditors may be present in the Board of Directors meetings, provided that they do not participate in the negotiations and that they do not vote.

SECTION FIVE ACCOUNTING ORDER, FINANCIAL REPORTS, DISTRIBUTION OF DIVIDENDS AND DONATIONS AND AIDS

SECTION FOUR ACCOUNTS AND DISTRIBUTION OF DIVIDENDS

Fiscal Year:

Article 25- The fiscal year of the Bank shall commence on the first day of January, and end on the last day of December each year.

Balance Sheets and Profit and Loss Statements, Reports of the Board of Directors and of Auditors:

Article 26- The Bank shall keep, publish and send to relevant authorities, its accounts and annual balance sheets, and profit and loss statements in accordance with the procedures and principles specified in the Banking Law. The Board of Directors shall have the ultimate duty and responsibility in this regard.

Balance sheets, profit and loss statements, and reports of the Board of Directors and of the Auditors, approved by an independent auditing firm shall be provided for review of the shareholders at least fifteen days in advance of a General Assembly meeting.

Without prejudice to the relevant provisions of the Banking Law, the financial account and reports, and independent auditing reports required to be prepared by the Capital Markets Board, shall be submitted to the Capital Markets Board and disclosed to the public in accordance with the principles specified by the Capital Markets Board.

Amendments to the Articles of Association in 2013

Fiscal Year and Accounting Order :

Article: 32-) (1) The fiscal year of the Bank shall commence on the first day of January, and end on the last day of December each year.

(2) The Bank shall keep account of its records and activities and maintain its commercial books in accordance with applicable Laws, Accounting and Reporting Standards as published by the organization of Public Supervision, Accounting, and Audit Standards, and the accounting regulations as published by the Banking Regulation and Supervision Agency. Applicable provisions of the Turkish Commercial Law and other relevant Laws shall govern the maintenance of commercial books in physical and/or non-physical environments, and the approval and certification activities regarding the opening, utilization and closing thereof.

(3) The Bank shall draft its financial statements in accordance with the accounting and recording order as specified above, shall announce and submit these to relevant bodies within the designated periods of time.

Annual Report of the Board of Directors:

Article: 33-) The Board of Directors shall draft annual reports that contain details of status, management and organization structure, human resources activities, financial conditions, management evaluations and future prospects as well as financial statements of the Bank, in accordance with corporate governance principles, and the summary report, to provide information to shareholders, account owners and other relevant persons and institutions, and provide to the General Assembly, after they have undergone an independent audit, within applicable periods of time.

Donations and Aids:

Article: 34-) Unless decided otherwise by the General Assembly, the Bank may offer donations and aids with respect to the provisions of and within limits set out in the Banking laws and regulations and the Capital Markets laws and regulations.

Determination, Allocation, and Distribution of Profit

Article 271- The amount remaining after deduction of all kinds of expenses, reserves, and taxes from revenues generated by the Bank during a fiscal year shall constitute the net profit of the Bank.

Unless necessary legal reserves are set aside and the first dividend is reserved shareholders, it may not be resolved to set aside any other reserves, transfer profits to following years, or distribute share of profits to members of the Board of Directors or the Bank personnel.

The net profit shall be allocated as follows:

271.1- Five percent (5%) shall be allocated to the legal reserve;

271.2- Five percent (5%) of the paid in capital shall be allocated to shareholders as the first dividend in proportion with their shares;

271.3- The remaining portion shall be allocated as follows:

271.3.1- A portion up to five percent (5%) may be distributed to members of the Board of Directors and the Bank personnel up to three times of their gross monthly salaries subject to approval of this allocation by the General Assembly and also subject to the determination of rates and amounts by the General Assembly for such allocation.

271.3.2- A portion to be determined by the General Assembly shall be set aside as the second dividend for distribution to shareholders.

271.4- Ten percent (10%) of the sum of all amounts to be distributed as per the Paragraphs 271.31 and 271.3.2 shall be set aside as reserves as per article 466(2)(3) of the Turkish Commercial Code.

271.5- The remaining amount of the profit shall be set aside as reserves.

Determination, Allocation, and Distribution of Net Profit

Article: 35-) (1) The amount remaining after deduction of all kinds of expenses, reserves, and taxes from revenues generated by the Bank during a fiscal year shall constitute the net profit of the Bank.

(2) Unless necessary legal reserves are set aside and the first dividend is reserved shareholders, it may not be resolved to set aside any other reserves, transfer profits to following years, or distribute share of profits to members of the Board of Directors or the Bank personnel.

(3) The net profit shall be allocated as follows;

3.1) Five percent (5%) shall be allocated to the primary legal reserves

3.2.) Five percent (5%) of the paid in capital shall be allocated to shareholders as the first dividend in proportion with their shares;

3.3.) The remaining portion shall be allocated as follows:

3.3.1.) It may be distributed to members of the Board of Directors and the Bank personnel up to three times of their gross monthly salaries subject to approval of this allocation by the General Assembly and also subject to the determination of rates and amounts by the General Assembly for such allocation.

3.3.2.) A portion to be determined by the General Assembly shall be set aside as the second dividend for distribution to shareholders.

3.4.) Ten percent (10%) of the sum of all amounts to be distributed as per the Paragraphs 3.31 and 3.3.2 shall be set aside as secondary reserves as per article 519(2)(c) of the Turkish Commercial Code.

3.5) The remaining amount of the net profit shall be set aside as reserves.

Amendments to the Articles of Association in 2013

27.2- The dates of distribution and amounts of annual dividends shall be determined by the General Assembly upon proposal of the Board of Directors.

27.3- Any dividend which has been distributed in accordance with these Articles of Association may not be taken back. Provisions of Article 473 of Turkish Commercial Code are hereby reserved.

27.4- If contingency reserves are not sufficient for supplying the capital, due to financial losses of the Bank, then profits shall not be distributed to shareholders until such losses are covered in full.

SECTION FIVE TERMINATION, DISSOLUTION, MERGER, OR ACQUISITION OF THE BANK

Termination or Dissolution of the Bank:

Article 28- The Bank may be terminated or dissolved voluntarily for any reason other than its bankruptcy pursuant to a respective decision to be taken at an extraordinary meeting of the General Assembly subject to the compliance to provisions of Article 20, and to the reservation of Article 106 of the Banking Law No. 5411. Dissolution shall take place in accordance with general provisions, by three liquidators appointed by the General Assembly among shareholders or other persons.

(4) If the primary mandatory reserve reaches twenty percent (20%) of the paid up capital, five percent (5%) of the net profit for the primary mandatory reserve shall still be reserved.

(5) The dates of distribution and amounts of annual dividends shall be determined by the General Assembly upon proposal of the Board of Directors.

(6) Any dividend which has been distributed in accordance with these Articles of Association may not be taken back. Provisions of Article 512 of Turkish Commercial Code are hereby reserved.

(7) If contingency reserves are not sufficient for supplying the capital, due to financial losses of the Bank, then profits shall not be distributed to shareholders until such losses are covered in full.

Sarıtaç joined Halkbank as an Assistant Inspector on November 1, 1982 and went on to become an Inspector, Inspector General, Vice Chairmanship of the Board of Inspectors, Member and Head of Board of Discipline. He has been the Chairman of the Board of Inspectors since February 9, 2011.

Organizational Structure

Committees

Audit Committee

The Audit Committee of Halkbank, which was formed pursuant to the Board of Directors Resolution No. 34-01 dated October 31, 2006, conducts its activities in accordance with the provisions of the "Regulation on Internal Systems of Banks" published in the Official Gazette No. 28337 dated 28.06.2012 and is in charge of and responsible for, on behalf of the Board of Directors, overseeing the effectiveness and adequacy of the Bank's internal systems, functioning of these systems along with the accounting and reporting systems in compliance with the Law and related regulations, and the integrity of the information generated by such systems; performing the necessary preliminary assessments in support to the Board of Directors' selecting independent audit companies as well as credit rating agencies, appraisal firms and support service providers; regularly monitoring the activities of these organizations which are selected by the Board of Directors and contracts signed with; and, in accordance with the regulations that became effective pursuant to the Law, ensuring that the internal audit activities of the subsidiaries and affiliates that are subject to consolidation are performed on a consolidated basis and in coordination. Within the scope of "Early Detection and Management of Risk" specified in the Turkish Commercial Code Audit Committee also carries out the duty of early "diagnosis" of the reasons that endanger the existence, development and continuance of the Bank. It counsels the Board of Directors regarding the issues of risk management and implementation of remedies for the detected risks. Carrying out the necessary tasks by means of the relevant units of the Bank in accordance with its duty, the Committee submits the situation analysis and its suggestions (if any) in a report to the Board of Directors.

Duties of the Audit Committee

The Audit Committee is in charge of and authorized for:

- a) Overseeing compliance with the provisions of the Regulation regarding internal control, internal audit and risk management and the Bank's internal policies and implementation procedures that were approved by the Board of Directors as well as making recommendations to the Board of Directors regarding the measures to be taken,
- b) Establishing the channels of communication through which the employees of the internal systems units can contact the Committee directly,
- c) Overseeing that the internal audit system covers the Bank's existing and planned activities as well as the risks arising from these activities, analyzing internal Bank regulations regarding internal audit that will take effect with the approval of the Board of Directors,
- d) Making recommendations to the Board of Directors regarding the election of the heads of the units covered by the internal systems and report directly to the Audit Committee, providing opinion when the Board of Directors considers removing these employees from their related positions,
- e) Soliciting and evaluating senior management's opinions and recommendations regarding internal systems,
- f) Ensuring the establishment of channels of communication through which irregularities and fraud within the Bank can be reported directly to the Audit Committee or to the internal audit unit or to the inspectors,
- g) Overseeing that the inspectors execute their duties independently and impartially,
- h) Analyzing internal audit plans,
- i) Making recommendations to the Board of Directors regarding the qualifications that the personnel to be employed in the internal systems units should possess,
- j) Supervising the measures taken by the senior management and the units reporting to the senior management in response to the matters identified in internal audit reports,
- k) Assessing the professional education levels and qualification of the managers and employees of the internal systems units,
- l) Assessing the existence of methods, tools and implementation procedures necessary for identifying, measuring, monitoring and controlling the risks the Bank is exposed to,

- m) Meeting with the inspectors as well as the independent auditors of the independent audit companies which conduct independent audit process of the Bank within the scope of pre-determined programs and agendas at regular intervals not less than four times a year,
- n) Informing the Board of Directors about the opinions and assessments of the senior management, employees performing risk management, internal control and internal audit functions, and the independent audit company regarding the practices required for the proper execution, ensuring efficiency and improvement of the tasks that are part of their duties and responsibilities,
- o) Reviewing the assessments of the independent audit company with regard to the compliance of the Bank's accounting practices with the Law and other related regulations, soliciting the statement of the senior management regarding the discrepancies identified,
- p) Evaluating the independent audit results, annual and quarterly financial statements and their related documents, and the independent audit report in conjunction with the senior management and the independent auditors and resolving other issues that the independent auditors have reservations about,
- q) Assessing the independence of independent rating agencies, independent audit companies including the ones performing information systems audits, and appraisal firms with which the Bank is considering signing a contract, as well as the independence of the Chairman and Members of their Boards of Directors, auditors, managers and employees in respect of their activities regarding the Bank and the adequacy of the resources assigned to them, presenting a report to the Board of Directors regarding such assessment, repeating these steps at regular intervals not exceeding three months as long as the contract is in effect should the Bank resolve to procure service from them,
- r) Conducting a risk assessment for the support service the Bank is considering procuring, presenting the assessments to the Board of Directors in the form of a report, repeating these steps at regular intervals not less than one time a year as long as the contract is in effect should the Bank resolve to procure service from them, and supervising the adequacy of the services rendered by the support service provider,
- s) Overseeing that the Bank's financial reports contain only the facts and all the information which need to be revealed and that these reports comply with the Law and other related regulations; ensuring that the errors and irregularities identified are corrected,
- t) Consulting with the independent auditors whether the financial reports accurately reflect the Bank's financial position, results of its activities and the Bank's cash flows and whether they are prepared in accordance with the procedures and principles stipulated in the Law and other related regulations,
- u) Not exceeding periods of six months, reporting the activities the Audit Committee has performed during the period and the results of such activities to the Board of Directors, including in these reports the Audit Committee's opinions on the measures that need to be taken and practices that need to be initiated within the Bank as well as other matters significant for being able to continue the Bank's operations in a safe manner,
- v) Supervising whether persons with the authority of extending loans, take part in the evaluation and decision-making stages of the credit transactions involving themselves, their spouses, children under their guardianship, or other real or legal persons that form a risk group with the aforementioned, and establishing the channels of communication through which these matters will be conveyed to them.

The Audit Committee convened 12 times during 2013; during these meetings, the potential risks of the bank, stress tests, scenario analyses, and risk management policies and implementation procedures were discussed. The members of the Committee attended the meetings regularly.

Operational Risk Working Committee

This Committee is formed for the purpose of identifying the Bank's transactions that create operational losses and preventing operational losses. The Operational Risk Working Committee meets once a month on a regular basis.

Duties of the Operational Risk Working Committee

- Establishing the procedures for creating the database required to measure the Bank's operational risks in coordination with the related units,
- Ensuring collaboration between units to be able to record, through a standardized coding system, the errors and deficiencies identified by the Board of Inspectors and other control units,
- Undertaking the technical and administrative efforts required to build a database of the operational losses incurred in the previous periods,
- Forming an opinion on the evaluation and rating of operational risks related to the functional activities that are part of the Risk Assessment Matrix,
- Performing all functions regarding tracking, monitoring and preventing all operational risks incurred by the Bank,
- Performing the duties that may arise as a result of developments in the banking laws and regulations.

The Operational Risk Working Committee convened 12 times during 2013. At these meetings, decisions were taken regarding the identification of operations that cause operational losses and the prevention of operational losses. The members of the Committee attended the meetings regularly.

Credit Committee

Operating within the authority delegated to it by the Board of Directors, the Credit Committee makes decisions related to new loan allocations and on loan restructuring matters such as maturity extension,

increase, change in covenant, and lowering the interest rate for loans.. The Committee sets the mandatory rules and principles governing the Bank's credit decisions. Established to perform the credit-related duties assigned by the Board of Directors, the Credit Committee consists of the Bank's General Manager and a minimum of two members elected from among the members of the Board of Directors who possess all of the qualifications required of a General Manager except for the tenure requirement. Two associate members, who also possess all of the qualifications required of a General Manager except for the tenure requirement, are elected from among the members of the Board of Directors to replace any members of the Credit Committee who are unable to attend a meeting.

An affirmative vote of at least three-quarters of the members of the Board of Directors is required to elect the members and associate members of the Credit Committee. The General Manager serves as the Chairman of the Credit Committee. In the absence of the General Manager, a permanent member presides over the Credit Committee. The Chairman of the Credit Committee is responsible for the coordination of the effective and healthy functioning of the Credit Committee's activities.

Duties and Authorities of the Credit Committee

- Enforcing the policies approved by the Board of Directors related to the Bank's lending policy, size of its placement portfolio, and its breakdown by sector, region and loan type,
- Making recommendations to the Board of Directors to determine the procedures and principles pertaining to the Bank's lending policies and its lending activities on the basis of the portfolio and real/legal persons,
- Ensuring that the loan portfolio is managed in accordance with generally accepted credit risk management principles,
- Delegating some of its duties and authorities as needed provided that the limit and scope are expressly set out; however, the Committee may not delegate its authority with regard to open credit transactions, except for retail loans, and it shall oversee and supervise the actions of the bodies to which it delegated its authority,
- Carrying out the authorities and duties delegated by the Board of Directors.

The Credit Committee convened 51 times and made 864 decisions in 2013. The members of the Committee attended the meetings regularly.

Assets and Liabilities Committee (ALCO)

The Committee was formed to set the policies regarding the management of the Bank's assets and liabilities and the movement of funds within that scope, and to take and implement the decisions regarding the management of the Bank's balance sheet to be executed by the related units.

Duties of the Assets and Liabilities Committee

Deliberating and evaluating the financial structure, portfolio, budget, loan and deposit interest rates of the Bank; developments in the money and capital markets; and the developments taking place in the Bank itself and in other banks.

Committees

ALCO meets regularly once a week, but at minimum once a month, on the date and at the place determined by the Chairman of the Committee. ALCO meetings begin with the discussion of the agenda items put together by the Committee Chairman. Upon invitation by the Committee, Deputy General Managers and other officials may attend these meetings to obtain information and/or offer opinions. The decisions and practices adopted in previous meetings are evaluated at these meetings, after which the decisions to be made and the practices to be adopted are identified. The decisions taken and practices to be adopted are submitted to the General Manager for approval to be transmitted to the related Deputy General Manager.

The Assets and Liabilities Committee convened 50 times in 2013. The members of the Committee attended the meetings regularly.

Corporate Governance Committee

The Corporate Governance Committee oversees the Bank's compliance with the Corporate Governance Principles, identifies conflicts of interest that may arise in this matter, and undertakes improvement efforts. The Chairman of the Corporate Governance Committee is appointed by the Board of Directors from among its independent and non-executive members. The date and location of the Corporate Governance Committee meetings are determined by the Committee Chairman. Upon invitation by the Committee Chairman, other officials may attend these meetings to obtain information and/or offer opinions.

Duties of the Corporate Governance Committee

Overseeing the Bank's compliance with corporate governance principles, carrying out activities to make improvements in this area and presenting opinions to the Board of Directors in accordance with the "Regulation on the Corporate Governance Principles for Banks" published by the Banking Regulation and Supervision Agency and the "Corporate Governance Principles" published by the Capital Markets Board.

The Corporate Governance Committee convened four times during 2013.

Compensation Committee

The Compensation Committee was established pursuant to the Board of Directors Resolution No. 41-32 dated December 27, 2011 for the purpose of supervising and overseeing the Bank's compensation policies on behalf of the Board of Directors. The Committee is comprised of at least two non-executive Members of the Board of Directors.

The Compensation Committee convened once during 2013. The members of the Committee attended the meetings regularly.

Members of the Compensation Committee

Position	Primary Position
Hasan CEBECİ	Member Chairman of the Board of Directors
Dr. Nurzahit KESKİN	Member Member of the Board of Directors

Board of Directors

The Bank is governed and represented by the Board of Directors in accordance with the Turkish Commercial Code, Banking Legislation, Capital Market Law, other related laws and regulations, and the Bank's Articles of Association.

The Board of Directors has the ultimate oversight authority over whether individuals with managerial duties comply with the laws, the Bank's Articles of Association, internal by laws, and the written instructions of the Board of Directors.

The Board of Directors is comprised of nine (9) members. The members of the Board of Directors are elected by the General Assembly of shareholders.

At its first meeting following the swearing-in ceremony, the Board of Directors appoints one of its members as the Chairman of the Board of Directors and one as the Vice Chairman. The Chairman presides over the Board of Directors. When the Chairman is not present, the Vice Chairman presides over the Board of Directors.

The independent members who will serve on the Board of Directors are determined in accordance with the provisions of the Capital Market Law and Banking Legislation.

Committees

The Board of Directors convenes at the request of the Chairman of the Board of Directors or the Vice Chairman or a Board member. The Board is obligated to convene at least once a month.

As a rule, the Board of Directors meetings are held in the province where the Head Office of the Bank is located. However, it is possible to have the meetings elsewhere if a simple majority of all members agree to do so.

Board of Directors meetings can be conducted in a physical and/or an electronic environment. As per Article numbered 1527 of the Turkish Commercial Code, those who have the right to attend the Bank's Board of Directors meetings may choose to do so electronically. Pursuant to the provisions of the "Communiqué on Board Meetings at Corporations Other Than Joint Stock Company General Assembly Meetings To Be Held in Electronic Environment," the Bank may establish an electronic meeting system that permits the rights holders to attend these meetings and to vote in an electronic environment or it may opt to procure the service from systems that are created for this function. The Bank shall ensure that stakeholders will be able to exercise their rights as stipulated in the relevant laws, rules and regulations under the provisions of the Communiqué at the meetings either through the system established in accordance with the relevant provision of the Articles of Association or through an externally procured system.

The agenda of the Board of Directors is set by the Chairman or Vice Chairman calling the meeting at least 24 hours prior to the meeting and it is delivered to the members along with the meeting invitation by the Board of Directors Secretariat Services Department. In the event of an emergency, items may be added to the agenda upon the request of the Chairman of the Board of Directors; members of the Board of Directors may also make a motion on the issues that require a Board resolution to be passed.

The motions that are part of the Board of Directors meeting agenda, as well as all related attachments, shall be transmitted to the Board of Directors Secretariat Services Department by the member making the motion up to the time when the agenda is finalized. The motions that will be taken up as part of the Board of Directors agenda are presented to the Chairman, Vice Chairman and members of the Board of Directors as well as to the General Manager by the Board of Directors Secretariat Services Department.

If the subject of an agenda item is proposed by the Chairman, Vice Chairman and/or a member of the Board of Directors, the subject is converted into a motion by the Board of Directors Secretariat Services Department, signed by the member(s) of the Board of Directors making the motion and presented to the Board of Directors.

A motion that falls within the authority of the Credit Committee but cannot be resolved by the Committee with a unanimous vote is presented to the Board of Directors with all related attachments via the Board of Directors Secretariat Services Department.

The quorum for convening a Board of Directors meeting is a simple majority of the total number of members; the Board passes resolutions with the affirmative votes of a majority of the members in attendance at the meeting.

Unless a member requests a deliberation, Board of Directors resolutions can also be passed by obtaining the written approval of a simple majority of the full membership of the Board of Directors for a motion made by a member, provided that all members of the Board of Directors were notified of the motion.

The Board of Directors convened 43 times and passed 705 resolutions in 2013.

Report of the Board of Directors

2013 was a year in which there was limited recovery in terms of global economy. On the other hand, Turkish economy completed 2013 by showing positive performance with the contribution of the continuing stability, implemented economy policies, strong financial system and the decisions and measures taken by the regulatory and supervisory authorities.

In 2013 - as the Turkish Banking Sector maintained its solid structure - Halkbank, closely watching the sectoral and economic developments, continued to offer financial solutions for its customers' needs with its knowhow, wide branch network and specialized staff while it continued to grow sustainably and consistently pursuing the strategies that will contribute to production and employment.

In 2013, Halkbank renewed its syndicated loan of EUR 562 million and US\$ 259 million with the participation of 41 banks from 19 countries, continued to obtain long term resources within the framework of the agreements signed with the international finance institutions in order to finance the investment needs and operating capital needs of SMEs.

In 2013, Halkbank, issued bank bond with a total nominal value of TRY 2.5 billion, and issued its 2nd bond (Eurobond) with a nominal value of US\$ 750 million.

"Paraf" Card, offered at the service of our customers in December, 2012 made progress in a short time and contributed significantly to our Bank in the area of retail banking.

In 2013, Halkbank, increased its assets from TRY 108.3 billion to TRY 139.9 billion raising them by 29.2% compared to the same period of the previous year. 59.9% of the growth achieved in the assets was due to the increase in the loans.

As of 2013 yearend, Halkbank redirected the major part of its resources for loans. The portion of the loans in the balance sheet was 60.6% while the cash and non-cash loan volume went up from TRY 85.6 billion to TRY 111.9 billion increasing by 30.7%.

In 2013, the securities portfolio of the Bank reached TRY 28.6 billion increasing by 24.4% compared to the same period of the previous year. On the other hand, the portion of the portfolio in the balance sheet was 20.4%.

Total deposit of the Bank went up from TRY 80.0 billion to TRY 100.8 billion increasing by 26%. Moreover, the Bank's total amount of demand deposits which was TRY 16.0 billion in 2012, reached TRY 18.7 billion in 2013 increasing by 16.9%.

2013 yearend profit of Halkbank reached TRY 2,751 million increasing by 6% compared to the same period of the previous year and the Bank achieved to maintain its sustainable profitability.

Opening 56 new branches in 2013, Halkbank increased the total number of its domestic branches to 872 and completed the year with its 14,798 employees.

With its 75 years of experience and knowhow, Halkbank maintained its consistent growth in 2013 as well, having a profitable and productive operating year. For their dedicated work, we would like to thank our employees who accompanied us in reaching these results. We hereby present the Board of Directors' Report, Audit Board Report and the financial reports of Halkbank regarding 2013, for the review of our distinguished shareholders and their representatives.

Best Regards,

Ali Fuat TAŞKESENLIOĞLU
Member of the Board of Directors,
General Manager

Hasan CEBECİ
Chairman of the
Board of Directors

Human Resources Practices

Recruitment and Hiring

Taking into account the developments in the sector, developments that affect recruitment, qualitative changes in human resources, and budget opportunities, the Human Resources Department is responsible for planning how and from which resources, internal or external, the Bank's workforce needs will be supplied for the coming year. Candidates to be hired are expected to possess the following general qualifications, although special qualifications may be sought depending on the position for which a candidate applies.

- Being a Turkish citizen or possessing a work permit obtained from the official bodies in accordance with Law No. 4817 on Work Permits for Foreign Nationals,
- Not being devoid of public rights,
- Not having any compulsory service obligations to any company or organization,
- Being at least 18 years of age as of the date of the examination,
- Being no more than 30 years of age at the time of the commencement of employment for the positions of Assistant Inspector, Assistant Specialist, Service Officer and titles below these (this age limit may be changed upon approval of the Board of Directors for special positions),
- Excluding negligent offenses and suspended convictions apart from the offenses listed below, not having been sentenced with heavy imprisonment or imprisonment for more than six months or even if they have been pardoned, in relation to the following offenses: crimes against the state, infamous or disgraceful offenses such as embezzlement, peculation, extortion, bribery, theft, fraud, forgery, abuse of faith, fraudulent bankruptcy or smuggling except for employment or consumption smuggling, rigging of official tenders or auctions, money laundering or disclosing state secrets,
- Not having been banned from working at banks in accordance with the Banking Law,
- Having completed or deferred military service as of the date of the examination or to be exempt from such military service obligation,
- Except for those who will be employed within the scope of the requirement set out by the Labor Law on the mandatory employment of disabled persons, being in good health as required by the position of employment and not having any mental or physical disabilities that may prevent the individual from doing permanent work in any part of Turkey,
- For Assistant Specialist and Service Officer positions, having graduated from a four-year undergraduate program offered by a university or academy or being a graduate of an equivalent accredited school overseas; for lower-rank positions, being a high school graduate or a graduate of a high-school equivalent institution,
- Possessing the basic qualifications stipulated in the related article of the Banking Law.

Human Resources Practices

Job Applications

Vacant positions at the Bank are announced via newspaper and magazine advertisements as well as on human resources web sites and Halkbank's web site. These announcements clearly state the relevant information about the examinations that will be held for the positions. Those who pass the examination may also be interviewed when necessary to determine whether they possess the knowledge and experience required by the position.

Promotion

There are two types of promotion at Halkbank: promotion in title and/or promotion in position. The minimum requirements to be met by the employees to be promoted to a higher title and/or position from their current title and/or position are as follows:

- The availability of a vacant title and/or position to which the employee will be promoted,
- To have completed the minimum term of office in the current title and/or position, if applicable,
- To have achieved the necessary level of success at the end of the performance review,
- To hold the minimum education level and competencies required by the position and/or title to which the employee will be promoted,
- To have successfully completed the courses and/or seminars to which the employee will attend/attended in relation to the title and/or position to which the employee will be promoted,
- Not to have received a title/position demotion in accordance with a Disciplinary Board decision within the two years prior to the promotion exam/promotion evaluation.

Performance Management

The performance management system that is used actively at the Bank allows Halkbank to link corporate performance to individual performance and to measure it. Performance management is administered concurrently in two main avenues: numeric rating and competency evaluation. The performance evaluation results are used actively in the bonus system and training planning.

Transactions with the Risk Group

The details and related notes of the transactions the Bank carried out with its risk group in 2013 are provided in footnote VII of Section Five of the Non-Consolidated Independent Auditor's Report.

- Call center and marketing operations-related outbound calling service provided Sonoklik İletişim Hizmetleri ve Ticaret A.Ş.,

Profit Distribution Policy

In its profit distribution decisions, Halkbank is obligated to comply with the regulatory requirements of the Banking Regulation and Supervision Agency of Turkey as well as those of all other relevant regulatory entities.

Halkbank determines the most appropriate profit distribution policy by taking into consideration its capital adequacy ratio, equity capital, lending plans, market developments, and investor requests. The Bank drafts its profit distribution proposal in accordance with the profit distribution policy and in line with the provisions of the Articles of Association and subsequently presents this proposal to the General Assembly for approval.

Report of the Audit Board

AUDIT BOARD REPORT REGARDING 2013 ACTIVITY AND FISCAL YEAR OF TÜRKİYE HALK BANKASI A.Ş.

Corporate Governance Principles Compliance Report

1. Statement of Compliance with Corporate Governance Principles

Halkbank has implemented, since its initial public offering in May 2007, the principles set out in the "Corporate Governance Principles" published by the Capital Markets Board of Turkey.

The Bank is subject to the provisions of the corporate governance structures, processes and principles set forth in the "Regulation on Corporate Governance Principles for Banks" published by the Banking Regulation and Supervision Agency of Turkey (BRSA).

The amendments to the Articles of Association and the changes in the composition of the Board of Directors that will be made to comply with Turkish Commercial Law No. 6102 dated January 13, 2011, the Capital Market Law No. 6362 dated December 6, 2012, and Communiqué Series IV No: 56 published by the Capital Markets Board were completed at the Ordinary General Assembly Meeting that was held on March 29, 2013.

PART I - SHAREHOLDERS

2. Shareholder Relations Unit

24.98% of the Bank's outstanding shares began to be traded on the Borsa Istanbul as of May 10, 2007. Since that date, the Bank has been carrying out its activities in accordance with the provisions of the Corporate Governance Principles published by the Capital Markets Board. Halkbank's free-float ratio rose to 48.90% following the secondary public offering in November 2012.

As part of this effort, the shareholder relations function of the Bank is executed by the Financial Institutions and Investor Relations Department and the Financial Accounting and Reporting Department as a Head Office function. The Investor Relations Units which is formed from the Financial Institutions and Investor Relations Department, is responsible for establishing institutional relations with domestic and foreign investors that invest in equities. The other unit responsible for conducting relations with shareholders is the Shareholders Unit that is organized under the Financial Accounting and Reporting Department. Both departments are represented in the Corporate Governance Committee and report all information regarding their activities to this committee. The Bank conducts shareholder relations with a very active organization.

Financial Accounting and Reporting Department:

Name	Position	E-mail	Telephone
	Head of		
Yusuf Duran OCAK	Department	YusufDuran.Ocak@halkbank.com.tr	+90 3122893001
Tuğba ÇETİN ÖZBEN	Director	Tugba.Cetinozben@halkbank.com.tr	+90 3122893005
Zafer ERDEM	Senior Specialist	Zafer.Erdem@halkbank.com.tr	+90 3122893021
Arda EDİRNE	Specialist	Arda.Edirne@halkbank.com.tr	+90 3122893041
Sevil Didem GÜVEN	Specialist	SevilDidem.Guven@halkbank.com.tr	+90 3122893027

Primary Activities of the Department:

- Facilitating the exercise of shareholder rights and conducting the relationships between the Board of Directors and the shareholders,
- Maintaining and updating shareholder records,

- Responding to written requests from shareholders,
- Carrying out the Bank's capital increase-related tasks,
- Fulfilling the legal and regulatory requirements regarding the General Assembly meetings,
- Publishing the material event disclosures,
- Preparing annual and interim reports.

Financial Institutions and Investor Relations Department:

Name	Position	E-mail	Phone
Elvan ÖZTABAK	Head of Department	Elvan.OZTABAK@halkbank.com.tr	+90 2165035950
Lena ÇITELI	Division Manager	Lena.Citeli@halkbank.com.tr	+90 2165035902
Aslı SERTTAŞ	Specialist	Asli.Serttas@halkbank.com.tr	+90 2165035910

Primary Activities of the Department:

- Carrying out correspondence with domestic and overseas investors and analysts, participating in investor conferences and international road shows, providing information to investors and analysts,
- Responding to questions from investors and analysts and classifying the correspondence,
- Releasing information to investors and analysts about the Bank's quarterly financial results, preparing presentations and documents about the financial results, and having these posted on the website,
- Making the necessary updates to the Investor Relations section of the Bank's website in accordance with the Corporate Governance Principles.

3. Exercise of Shareholders' Right to Obtain Information

In order to facilitate the exercise of shareholders' right to obtain information effectively, all changes that may impact the financial and organizational structure of the Bank are announced on the Bank's web site and on the Public Disclosure Platform. In addition, requests for information communicated to the Bank's units via telephone, mail or e-mail are responded to as soon as possible.

In 2013, the Shareholders Unit, which is organized under the Financial Accounting and Reporting Department, responded to approximately 200 information requests submitted in writing, through Halkbank Dialog (Call Center) or via e-mail. On average, between four and five calls are received daily from shareholders wishing to obtain information.

In 2013, the Investor Relations Unit organized four international road shows, 23 domestic and international in-person meetings with international participation, 57 broadly-attended teleconferences and 111 in-person meetings. 9,024 questions were responded to as a result of the correspondences made with a total of 1,795 investors and analysts, 61 of which in international road shows, 618 during in-person meetings, 325 at the Bank's Head Office, 418 by means of teleconference calls, and 373 via e-mail and telephone. The questions were predominantly about the Bank's financial structure, profitability/productivity, position in the sector, block sale status, growth strategies, organizational structure, expectations for the future and the economic and political structure of Turkey.

The Bank's Articles of Associations do not provide for the appointment of special auditors as an individual right; no requests were received to date for the appointment of special auditors.

Corporate Governance Principles Compliance Report

4. General Assembly Meetings

An Ordinary General Assembly Meeting was held during the fiscal year on March 29, 2013 with a participation rate of 71.98% of the Bank's share capital. The announcements for the meeting were published three weeks earlier according to Capital Market Law No. 6362, in the Trade Registry Gazette of Turkey, two national newspapers, Public Disclosure Platform, the Central Registry Agency (CRA) EGKS and the Bank's web site. The meeting announcements were made in accordance with the provisions of the Laws and the Articles of Association.

The Bank's annual report and informational documents were made available to the shareholders prior to the General Assembly for their information and review. Background information on the members of the Board of Directors was disclosed via the Bank's website after the meeting. In addition, as per the Corporate Governance Communiqué that recently took effect, information on candidates for seats on the Board of Directors will be made available to the shareholders prior to the General Assembly meeting.

Shareholders exercised their right to ask questions during the General Assembly meetings and the Bank's management team responded to these questions. Other stakeholders or media representatives did not participate in the meeting. Shareholders did not submit a written agenda item proposal.

Information regarding the charitable contributions and donations made during the year and their beneficiaries was included as a separate agenda item at the General Assembly meeting and it was presented to the General Assembly.

The minutes of the General Assembly Meetings are made available to the shareholders on the Bank's web site and at the Shareholders Unit. In addition, the minutes of the Ordinary General Assembly Meeting of the Bank, which has been a listed company since May 10, 2007, that was held on March 29, 2013 have been published on the Bank's web site and the Public Disclosure Platform, the Central Registry Agency (CRA) EGKS and the Bank's web site.

5. Voting Rights and Minority Rights

There are no privileged shares in the shares of the Bank. The Bank does not have any cross-shareholding relationship with any company that has voting rights in the General Assembly. Minority shares are not represented in the Bank's management.

6. Dividend Right

The procedures and principles governing the Bank's profit distribution are stipulated in Article 35 of the Bank's Articles of Association. The Bank's profit distribution policy is announced to the public on the Bank's web site. In previous years, the portion of the distributable profit remaining after setting aside legal reserves has been paid to the shareholders as dividend. After the profit distribution policy is determined by the Bank's Board of Directors, it is presented to the General Assembly for approval and dividend is distributed to the shareholders within the timelines set out in the regulations. A dividend was paid to the Bank's shareholders pursuant to a resolution passed in the Ordinary General Assembly Meeting held on March 29, 2013. The Bank's profit distribution policy for the period ahead will be determined in light of Halkbank's equity position and the economic developments. There is no privilege in participating of the Bank's profit.

7. Transfer of Shares

The Bank's Articles of Association do not contain any restrictions regarding the transfer of shares.

PART II - PUBLIC DISCLOSURE AND TRANSPARENCY

8. Disclosure Policy:

Pursuant to the "Communiqué on the Principles of Material Event Disclosures" Series: VIII, No: 54 published by the Capital Markets Board of Turkey, the Bank's Disclosure Policy, which was prepared for the purpose of disseminating information to the public within the framework of the Corporate Governance Principles, was drawn up in accordance with the provisions of the Communiqué's Article 23 as well as Article 8 of the Guidelines contained in the appendix of the Communiqué. Within this scope, the Bank's Disclosure Policy is carried out by the following units.

Name	Position	Unit
Yusuf Duran OCAK	Head of Department	Department of Financial Accounting and Reporting Department of Financial Institutions and Investor Relations
Elvan ÖZTABAK	Head of Department	Investor Relations
Yalçın KAYA	Head of Department	Department of Public Relations

Halkbank's Information Disclosure Policy, which sets out and defines four principal methods through which all stakeholders including shareholders, potential investors and the public at large are assured of having timely, accurate and complete information about the Bank, has been posted on the Bank's website.

Since the disclosure to be made by the Bank has the potential significance to impact the decision-making process of investors, it is essential for Halkbank that such disclosure reflects the latest, transparent, objective and accurate information. As part of this policy, the independently-audited quarterly financial statements and financial results presentations are announced through press releases as well as in the Investor Relations/Financial Information section of the Bank's web site. Following the earnings announcements, Halkbank holds conference calls to discuss its quarterly financial performance, to provide guidance for its future performance and to inform stakeholders about the realization of the targets and expectations stipulated during the past periods.

9. The Bank's Internet Site and its Contents

The Bank's web site address is www.halkbank.com.tr. It contains information set out in Article 2.2 of Part II of the Capital Markets Board's Corporate Governance Principles including trade registry information, shareholding and organizational structure, Articles of Association, material event disclosures, annual and interim reports, periodic financial statements and reports, prospectus and the public offering circular, the agenda, list of participants and minutes of the general assembly meetings, the proxy voting form and ethic policies. In addition, a web site in English is provided for the benefit of international investors.

10. Annual Report

Halkbank's Annual Report is generated in accordance with the Corporate Governance Principles and disclosed to the public.

Corporate Governance Principles Compliance Report

PART III - STAKEHOLDERS

11. Informing the Stakeholders

All information that may have an impact on the Bank's financial and organizational structure is published on the Public Disclosure Platform and on the Bank's web site. In addition, in response to individual requests, questions about the Bank are answered through face-to-face meetings, road shows, in-person meeting organizations, phone calls, teleconferences and e-mails. All stakeholders can refer to the related sections of the Public Disclosure Platform or the Bank's web site or other means of communication to reach this information.

Employees are informed about the Bank's activities when deemed necessary using intra-company channels of communication. (i.e. electronic announcements, magazine, website, and etc.). In addition, meetings are held to assess the Bank's targets and strategies for managers and employees on a periodic basis. Stakeholders can refer the Bank's activities that are in breach of related laws or regulations or rules of ethics to the Corporate Governance Committee and the Audit Committee through intra-company as well as other channels of communication.

12. Stakeholders' Participation in Management

Stakeholders' rights to participate in the Bank's management are safeguarded within the framework of the related laws, regulations and the Articles of Association. The Bank's operating principles and relationships with customers are carried out in accordance with the defined principles of ethics.

Problems, requests, opinions, suggestions and complaints about products and services delivered to customers are communicated to the Bank via phone, fax, mail, branch, and e-mail channels as well as through the Head Office units and official bodies. Using certain procedures, demands and requests communicated to the Bank are processed, evaluated and as a result feedback is provided as soon as possible.

Halkbank strives to deliver all banking services effectively and efficiently to continuously create value-added for its customers, shareholders and employees. As part of this effort, the Bank has developed a Quality Recommendation System for the purpose of improving the business processes and delivering more efficient and higher quality services. Employees are also encouraged to participate in management within the scope of this system. Employees submit their suggestions through this system and the suggestions that conform to the evaluation criteria are implemented.

13. Human Resources Policy

Halkbank's Human Resources Policy is devised and carried out based on the following core principles:

- Carrying out activities to achieve the Bank's objectives with an optimal number of staff,
- Selecting and recruiting staff equipped with the proper competencies for the job,
- Valuing and respecting the personality of the employees, ensuring the safeguarding of their material and non-material rights,
- Providing a safe working environment appropriate for the nature of the work being performed,
- Providing a working environment and opportunities to establish social relations that will increase employee's desire and capacity to work,
- Providing employees with fair and equal work, training and development opportunities commensurate with their talents,
- Establishing a salary and benefits system that will ensure the presence of the number of employees possessing the qualifications required by the service and that encourages the staff to continue working without loss of interest and productivity,
- Providing employees with opportunities to increase their knowledge and experience and rewarding successful employees to the extent possible,

- Informing employees promptly on the issues that are of interest to them and being open to communication in order to allow personnel to convey their opinions and ideas to the management easily,
- Ensuring that employees work with a commitment to the principles of productivity and profitability and in a cost-conscious manner,
- Encouraging employees to think creatively and to produce original ideas that will improve the Bank's services,
- In an effort to maintain and further develop the Bank's corporate culture and identity, embracing the principle of filling job assignments internally whenever possible, giving priority to assigning employees from within the Bank to vacant positions, and promoting the employees based on their skills, accomplishments, education and tenure,
- Evaluating employees fairly in accordance with objective criteria.

There are two trade unions in the Bank whose membership consists of employees. However, neither of these unions has reached the necessary number of members within the Bank to qualify for collective bargaining rights. The unions have representatives assigned to carry out relations with personnel.

No complaints were received from personnel regarding discrimination. Job descriptions and work distribution of personnel; as the performance evaluation and merit system are announced to employees and maintained in a portal that is accessible by personnel.

14. Code of Ethics and Social Responsibility

The code of ethics consists of the principles and the regulations that Türkiye Halk Bankası A.Ş. employees need to follow when performing their duties. These principles aim at preventing any disputes or conflicts of interest that may arise between employees, clients and the Bank. Attitudes and behavior in violation of these rules are evaluated in accordance with the Discipline Regulation. Halkbank expects its employees to use common sense and the rules of goodwill with regard to the issues and circumstances that fall outside the scope of these rules.

In line with the principles of business ethics, Halkbank employees are expected to act as follows:

- Demonstrate a self-respecting, honorable and honest demeanor in all business relations.
- Avoid all kinds of behavior and attitudes that may damage Halkbank's reputation during the course of performing their duties.
- Thoroughly know and adhere to the laws, regulations, rules and legislation with regard to their duties.
- Under no circumstances disclose insider information to parties other than those who need to have such information.
- Study, adhere to and be well-informed about the instructions, regulations, procedures and rules that may be made with regard to organizing the working order and maintaining professional discipline.
- Inform managers or the Human Resources Department of any known or suspected breach of rules before taking any personal precautions.
- Always avoid expressing political, social or religious views in the workplace.
- Always dress in a plain and stylish manner that fits the work environment and strictly avoid casual clothes and evening dresses that would conflict with a serious corporate environment or any outfit that may have a political or religious meaning or express a social view.
- Avoid acting in such a manner as to violate the rules on the equality of sexes, respect, public morality, and generally accepted ethical behavior.

Corporate Governance Principles Compliance Report

The Bank has a “Code of Ethics” attached to the Human Resources Regulation. This code lays out the main principles that cover the issues of conflict of interest, rules about the flow of information, relations with clients and human resources. More detailed explanations are given under each main principle heading.

Ethic principles were publicly announced on the Bank’s website.

Halkbank’s social responsibility activities are described below:

Being the leading supporters of SMEs’ and the real sector throughout its 75-years history, Halkbank continued to provide support to both entrepreneurial and industrial enterprises which will carve out a presence in global markets and contribute to the Turkish economy and employment. In addition to its various activities to generate solutions to meet the financial and non-financial needs of SMEs, with a special focus on women and young entrepreneurs, the Bank also sponsored various social responsibility initiatives in education, culture and other such areas.

The corporate social responsibility projects the Bank undertook during the year include: Sponsorship of the International Women Entrepreneurs Forum that was organized for the first time this year in order to bring together female entrepreneurs from Turkey and abroad.

Main sponsorship, for the third time, of the Istanbul Finance Summit that was held with the participation of major figures from the Turkish and international finance industry.

Sponsorship of the traditional Ahi Week celebrations.

Main sponsorship, for the second time, of the SME and Entrepreneurship Awards where businesses that create value-added for the Turkish economy are recognized out of the belief that awarding success creates motivation and incentive.

Sponsorship of the Atlantic Council Energy & Economic Summit that was held with the participation of political and business leaders who shape global energy and economic policies.

Have been took place among the projects that were viewed as social responsibility as of their impact area which were realized during the year.

Halkbank’s new credit card brand Paraf and Soysal Retailing School teamed up to conduct training sessions entitled “Paraf Retail Management Development Workshop” for store managers, the key personnel of the retail industry, in order to increase their knowledge and skills base in modern management methods on September 5, September 19, September 30, November 6 and December 3.

Halkbank initiated the processes to continue in 2014 the Applied Entrepreneurship Training program that was launched last year as part of the agreement signed with KOSGEB (Small and Medium Enterprise Development Organization) in order to popularize entrepreneurial culture and support entrepreneurs.

As part of its activities to promote entrepreneurship, Halkbank sponsored the “From Idea to Action - Business Idea Competition” organized jointly by Halkbank and Gazi University for the first time in 2013. The competition serves to encourage technological innovation and entrepreneurship among faculty members and students, and to solidify the university’s commitment to entrepreneurship.

Halkbank revamped its SME website in 2013 (www.halkbankkobi.com.tr) in order to provide premium service, comprehensive informational resources and other support to SMEs, and bring them together on a single platform. Providing assistance to all SMEs, whether a Bank customer or not, this platform offers complimentary advisory services to small and medium enterprises on a wide variety of subjects, from foreign trade and financial management to tax and legal issues. The training modules designed specifically for SMEs and created to support the personal and professional development of small enterprise owners contribute to the improved performance and service quality of businesses. All applications of the "Halkbank SME Academy," which offers equal opportunity in training to all small and medium enterprises, are provided free of charge.

At the Productive Turkey Meetings organized in the cities where there are lots of SMEs and harsh competition conditions, Bank's products and services for the SMEs are introduced while the participant economists give information on the country's agenda, latest economic indicators, regional and sectoral problems, and advantages/disadvantages for the SMEs in their regions. Within this scope in 2013 a Productive Turkey Meeting was organized in Konya.

Halkbank was the first Turkish bank to cooperate with development agencies in order to assist in regional economic and social development. The Bank carries out the cash transfers to the owners of the projects that were submitted to the SME Financial Support Program and that qualify for financial support under the Bank's agreements with development agencies. The Bank also offers the Development Agency Co-financing Loan to qualifying businesses.

As part of the Renewable Energy and Energy Efficiency Loan Program that was signed with the French Development Agency in 2011, Halkbank continued to provide complimentary training and advisory services to SMEs.

Schneider Electric, the consulting firm that provided advice and input during the development of Halkbank's Energy Policy, conducted energy audits in 17 branch, four regional coordinator's office and two head office buildings of the Bank. The report drafted after these audits was submitted to the Bank's Corporate Governance Committee on June 13, 2013. Halkbank extended energy efficiency loans to 21 firms in 2013.

As part of its energy efficiency initiatives in 2013, Halkbank submitted a report for the International Carbon Disclosure Project (CDP), which was launched to collect the information that will help companies, investors and governments implement measures to combat the threat of climate change.

In addition to its financial services related initiatives, the Bank also pursued internationally recognized projects. As part of this effort, Halkbank acted as the local sponsor for the "FIFA U-20 World Cup." Organized by FIFA (International Federation of Association Football) every other year since 1997 for players under the age of 20, the second largest FIFA event after the World Cup, the "FIFA U-20 World Cup" was hosted by Turkey this year.

Halkbank undertook the Accessible Bank24 project to allow customers with disabilities to carry out their banking transactions conveniently on their own. People with physical disabilities can conduct all ATM transactions using Bank24s. Visually-impaired individuals can perform cash withdrawal or balance inquiry transactions via headphones utilizing the text-to-speech technology. Optionally, the customer may select to mask the account information on the ATM screen.

Our Accessible Bank24 ATMs serve visually-impaired customers at 185 locations and customers with physical disabilities at 46 service points throughout the country, whether they are Halkbank customers or not, as long as they own a debit card.

Corporate Governance Principles Compliance Report

PART IV - BOARD OF DIRECTORS

15. Structure and Composition of the Board of Directors

*The commencement date is the date on which the Members were first elected.

** Member of the Board of Directors Ahmet Kahraman passed away on December 29, 2013.

*** Mr. Süleyman ASLAN has served as a member of the Board of Directors and as the General Manager until February 07, 2014. Members of the Board of Directors Mehmet Emin ÖZCAN and Hikmet Aydın SİMİT resigned from the Bank on March 29, 2013.

The Members of the Board of Directors are elected for three-year terms and their terms of office have not yet expired. The Members of the Board of Directors are authorized to enter into transactions in accordance with the provisions of the related articles of the Turkish Commercial Code. The backgrounds of the Members of the Board of Directors are presented in the Bank's annual report as well as on the Bank's web site and announced to the public.

All Members of the Bank's Board of Directors possess the minimum qualifications required for Members of the Board of Directors as stipulated in the Capital Markets Board's Corporate Governance Principles.

The Corporate Governance Committee nominated three candidates to serve as independent Board members; the Committee's report on whether these candidates possess the qualifications to be an independent Board member dated February 27, 2013 was submitted to the Board of Directors on the same date. The Board of Directors submitted a list of candidates to the Capital Markets Board in an official letter dated March 1, 2013. In its official response dated March 21, 2013, the Capital Markets Board did not communicate a qualified opinion. Due to the resignation of one of the candidates from the Bank, the Committee nominated one independent Board member candidate and its report dated March 29, 2013 was submitted to the Board of Directors on the same date. The Board of Directors submitted the candidate to the Capital Markets Board in an official correspondence dated April 3, 2013 and did not receive a qualified opinion in the reply correspondence received on April 17, 2013.

Whether the Members of the Board of Directors are permitted to hold positions outside of the Bank are determined in accordance with the Banking Law as well as the Regulations and Board Resolutions of the Banking Regulation and Supervision Agency of Turkey.

The Members of the Board of Directors can hold positions in representation of the Bank at the subsidiaries that the Bank has the right to be represented.

16. Operating Principles of the Board of Directors

The Board of Directors convenes at the request of the Chairman of the Board of Directors or the Vice Chairman or a Board member. The Board is obliged to convene at least once a month. The agenda of the Board of Directors is set by the Chairman or Vice Chairman calling the meeting at least 24 hours before the meeting and it is delivered to the Members along with the meeting invitation by hand or by the Board of Directors Secretariat Services Department.

Since the Bank's Head Office has locations in both Ankara and Istanbul, the Bank has the technology infrastructure that allows members to attend the Board of Directors meetings remotely. The Board of Directors Secretariat Services Department enters the Board Decisions into the decision book. All discussions and briefings that take place during the meetings are recorded and kept by the Board of Directors Secretariat Services Department.

Neither the Articles of Association of the Bank nor the Regulation on Management Bodies gives any majority voting rights nor affirmative/negative veto rights to any Member of the Board of Directors.

During 2013, 43 Board of Directors meetings were held.

The authorities and the responsibilities of the members of the Board of Directors are primarily set out in the Bank's Articles of Association and also in the "Regulation on Management Bodies" adopted pursuant to Board of Directors Resolution No. 22-42 dated May 27, 2013. This Regulation sets out in detail the Bank's operating principles and the duties and authorities of the Board of Directors, the Credit Committee and the General Manager of the Bank. While the Internal Regulation on Management Bodies includes provisions on the Audit Committee, detailed regulations are stipulated in the Internal Regulation on the Duties, Powers, Operating Principles and Procedures of the Audit Committee adopted pursuant to Board of Directors Resolution No. 34-01 dated October 31, 2006.

Corporate Governance Principles Compliance Report

The authorities and responsibilities of the Bank's Managers are stipulated in the existing regulations and also determined by the authorities delegated by the Board of Directors particularly in financial matters as well as the authorities delegated to the lower ranks by the General Manager, to whom these authorities were delegated in the first place.

17. The Number, Structure and Independence of the Committees Formed by the Board of Directors

The Bank has established committees comprised of the members of the Board of Directors: Credit Committee, Audit Committee, Corporate Governance Committee, and Compensation Committee. In addition to these committees, there are a number of other executive and/or directing boards, committees and commissions in which the Board of Directors members do not take part.

In accordance with the Regulation on Lending Transactions of Banks published by the Banking Regulation and Supervision Agency, the Credit Committee consists of two members of the Board of Directors and the General Manager. The General Manager acts as the Chairman of the Credit Committee. In the absence of the General Manager, the Credit Committee is presided over by a primary member of the Credit Committee. The Chairman of the Credit Committee is responsible for the coordination of the Committee's activities to ensure that they are run in an effective and smooth manner.

The Bank's Compensation Committee consists of two non-executive Members of the Board of Directors.

The Corporate Governance Committee of the Bank consists of four members of the Board of Directors, the Deputy General Manager of Human Resources and Organization, the Deputy General Manager of Financial Management and Planning, the Deputy General Manager of International Banking and the Head of the Human Resources Department. The Independent Member of the Board of Directors acts as the Chairman of Corporate Governance Committee. The four Members of the Board of Directors who are also Corporate Governance Committee members have no executive function.

The mandatory Article numbered 4.5.1 of the Corporate Governance Principles exempts banks from the obligation of creating a Risk Assessment Committee. The Bank did not set up a separate Nominating Committee in 2013. As per Article numbered 4.3.2.3 of the Management Internal Regulations dated May 27, 2013, the Bank delegated the functions of this committee to the Corporate Governance Committee in compliance with the regulatory provisions of the Capital Markets Board and Banking Regulation and Supervision Agency.

18. Risk Management and Internal Control Mechanism

Pursuant to Articles 23, 24, 29, 30, 31 and 32 of Banking Law No. 5411, banks are responsible for establishing and operating adequate and effective internal control, risk management and internal audit systems that cover all branches and all subsidiaries and affiliates subject to consolidation and that are compatible with the scope and structure of their activities and compliant with changing conditions in order to monitor and control their risks exposure.

In accordance with this, the Bank's Risk Management, Internal Control and Internal Auditing units carry out their activities in compliance with the above-mentioned articles and the Regulation on Internal Systems of Banks published in Official Gazette No. 28337 dated June 28, 2012 by the Banking Regulation and Supervision Agency of Turkey.

The internal systems units carry out their activities under the Audit Committee, which consists of Board of Directors members with no executive functions. These activities intend to measure and eliminate potential risks.

Of Internal Systems units, the Departments of Internal Control and Risk Management operate under the supervision of the Deputy General Manager responsible for Internal Control and Risk Management while the Board of Inspectors operates under the supervision of the Audit Committee, which is formed to provide support in carrying out the control and supervision on behalf of the Board of Directors.

The Board of Inspectors oversees that the Bank carries out its activities in accordance with the Law and other related regulations as well as internal strategies, policies, principles and objectives; the smooth, adequate and effective functioning of the risk management and internal control systems.

The operations of the internal systems units for the measurement and elimination of risk and their findings regarding the safe operation of the Bank are evaluated by the Audit Committee every six months and are reported to the senior management of the Bank. In addition, the Audit Committee has regular meetings with the internal systems units throughout the year to analyze and evaluate the Bank's risks.

19. Strategic Goals of the Company

The Mission, Vision, Main Goals and Core Strategies of the Bank were adopted pursuant to Board of Directors Resolution No. 41-04 dated December 27, 2006 and disclosed to public on the Bank's web site.

20. Remuneration of the Board of Directors

In accordance with Article 23 of the Bank's Articles of Association, the Bank pays a monthly salary to the Members of the Board of Directors. The amount of such monthly salary is determined by the General Assembly. In this context, the Bank has paid to the Senior Management TRY 69 million gross in 2013. Within the limits in the Banking Law, it has been provided to use credit for the Board of Directors.

Audit Committee's Assessment on The Operation of The Internal Control, Internal Audit And Risk Management Systems And Information About Its Activities In 2013

Board of Inspectors

The Board of Inspectors of Türkiye Halk Bankası A.Ş. reports to the Board of Directors through the Audit Committee and consists of a Chairman, five Vice Chairmen and 239, Chief in Inspector, Senior in Inspector Inspectors and Assistant Inspectors.

Pursuant to the "Regulation on Internal Systems of Banks" of the Banking Regulation and Supervision Agency of Turkey that was published in Official Gazette No: 28337 dated June 28, 2012, the Board of Inspectors audits, periodically with a risk-based approach without any limitations, all of the Bank's activities and units including the domestic and overseas branches and Head Office departments to provide assurance to the senior management regarding the compliance of the Bank's activities with the Law and other related regulations and the Bank's internal strategies, policies, principles and objectives as well as the effectiveness and adequacy of the internal control and risk management systems; identifies the deficiencies, errors and misconduct; and offers its opinions and recommendations for preventing the recurrence of similar situations and ensuring the effective and efficient use of the Bank's resources.

The Board of Inspectors conducts its activities through three distinct but complementary procedures and methods: On-Site Audit, Centralized Audit and IT Audit. 79% of the Board's inspectors perform On-Site Audit activities, 9% are engaged in Centralized Audit activities, 7% carry out IT Audits and the remaining 5% conduct the inspection/investigation or audit report review/inspection activities and other projects and tasks assigned by the Board.

Audit activities were conducted in (539) branches; (20) regional coordinator's offices; (9) departments; (8) subsidiaries; (4) overseas branches and (28) Information Technology areas in accordance with the risk-oriented auditing approach under the 2013 Audit Plan.

The Board also conducted Centralized Audits and Information Technology Audits in accordance with the international best practices and under the guidance of independent auditors and the Banking Regulation and Supervision Agency of Turkey with the aim of early detection of irregularities and operational errors by focusing on high-risk transactions; auditing the confidentiality and accuracy of the information generated by the information systems as well as the effectiveness of the internal controls embedded in the processes; and thus preventing potential actions that may harm the interests of depositors and shareholders of the Bank.

The updated risk positions related to the findings identified during the audit and the efforts undertaken by related units in order to eliminate these findings are monitored regularly through the Finding Monitoring System by a designated team charged with this task.

In addition, inspections and investigations were conducted under the authority and responsibility of the Board in 2013.

The Department's activity processes are administered in accordance with ISO 9001:2008 Quality Management System Standards; it was certified by the related accreditation agency in 2013.

Internal Control

The Bank's Internal Control Department performs the tasks of monitoring and making evaluations through financial, operational and other control points and reporting its findings to the management levels simultaneously, impartially and objectively with the oversight of the Audit Committee within the framework of the provisions of the Banking Law No: 5411 and the Banking Regulation and Supervision Agency of Turkey's Regulation on the Internal Systems of Banks in accordance with generally-accepted professional standards and rules of business ethics with a proactive and preventative approach with the purpose of protecting the Bank's assets; ensuring that the Bank's operations are conducted in an effective and efficient manner in compliance with the Law and other relevant legislation, the Bank's internal policies and rules and banking best practices; and ensuring the reliability and integrity of the accounting and reporting systems and prompt access to the data.

In accordance with a risk-oriented auditing approach, taking into consideration of their impact on the Bank's balance sheet, the duration and nature of control activities are held to a different standard not only at the branches depicting a high concentration of lending, deposits and non-performing loans, but also at the branches registering large increases in such activities; and the branches with a high risk rating as a result of the centralized inspections and statistical analyses due to the large number of operational errors.

Risk-oriented control activities carried out at the Head Office Units, Regional Coordinator's Offices, all domestic and overseas branches, domestic and overseas subsidiaries, and cash operations centers, supported by reports generated from the central system database and cross checks, create an effective internal control infrastructure.

The risk levels and business volumes of branches are measured using the operational risks detected during control activities and the data extracted from the central system. In addition, business processes are analyzed and opinions and recommendations for increasing efficiency and productivity are communicated to the related departments. Internal Control activities are carried out at the at the Head Office Units, Regional Coordinator's Offices, all domestic and overseas branches, domestic and overseas subsidiaries, and cash operations centers in

Audit Committee's Assessment on The Operation of The Internal Control, Internal Audit And Risk Management Systems And Information About Its Activities In 2013

accordance with the pre-determined inspection schedules; the results of these Internal Control activities are analyzed periodically to measure and assess risk by branch and subject.

Organized under a separate Department. "Compliance Control" activities are conducted in accordance with the provisions of the Regulation on the Internal Systems of Banks in order to ensure the compliance of the Bank's existing and planned operations and its new transactions and products with the Law, other related legislation, the internal policies and rules of the Bank and banking practices. Prior to seeking the approval of the Board of Directors, the Bank and Subsidiaries Compliance Controls Department provides its opinion on the Bank's new products and transactions as well as its planned operations from an internal control and legal compliance perspective.

As part of this effort, legislation is scanned using related resources; laws, decrees, regulations, communiqués, circulars and other regulations are monitored daily; and business processes are reviewed to check whether the Bank's actions are carried out in accordance with these regulations.

Examining the changes in laws and regulations and the impacts of these changes on financial reporting, accounting and other systems and practices, the Internal Control Department informs the units regarding this matter as needed and ensures that the Bank's related business flows, policies, procedures and practices are updated in accordance with the requirements stipulated by these changes.

At least one employee is charged with overseeing compliance with foreign laws and regulations in each of the Bank's overseas branches as well as subsidiaries and affiliates subject to consolidation. Reporting directly to the Bank and Subsidiaries Compliance Controls Department, which is responsible for compliance inspections, these employees report their compliance-related activities periodically. In addition, the activities of these employees performed to fulfill the compliance function are reviewed via on-site visits.

As part of the efforts to quantify operational risks, the Risk Warning Reports are entered into the database with a numeric code depending on the type of error and deficiency. These data are reviewed periodically and risk measurements and assessments are conducted by Branch and subject. In addition, as a result of the centralized analyses of these numeric data, centralized risk reports are created by identifying the Branches, subjects and areas where risks are concentrated.

Centralized control activities are conducted with the intention of shortening the durations of on-site controls, increasing the effectiveness of the controls carried out during this process, and achieving centralized control of operational risks. The data obtained from the central system database are analyzed, transactions that may pose risks in accordance with the defined criteria are reported and the results are analyzed centrally or on-site.

A team that will conduct regular inspections of the IT Department and its affiliated units (Channel Management-Card Payment Systems) that was created in 2012 was organized as a separate unit in 2013. As part of the recruitment initiative in 2013, the Bank bolstered the IT Control staff and improved control processes by adding five more Assistant Controllers to the existing staff. In addition, the Bank added financial reporting systems controls to the routine of regular inspections within the same unit in 2013; it also developed report-based controls via system and process inspections.

Pre-inspection studies of the issues that arise as a result of the control activities carried out by the Internal Control staff on request of the Senior Management of the Bank, the Members of the Board of Directors, the Board of Inspectors, the Head Office Units or the Regional Coordinator's Offices and the results of such study are reported. Information and documents that constitute the subject of the inspection activities are evaluated in detail during the inspection. Those issues which require inspection by an inspector are referred to the Board of Inspectors while those issues that can be resolved by taking administrative measures are referred to the related Head Office units.

The liability-incurring erroneous transactions that are identified by the Internal Control staff during centralized or on-sight inspection are referred to the Board of Inspectors for the determination of the administrative, financial and punitive liabilities. The Board of Inspectors also inspects the efficacy of the Internal Control activities.

In order to ensure that lending practice and business process related deficiencies are eliminated and operational risks are reduced, risks and their results identified in the inspections and the audit reports are effectively controlled and monitored and the results of this process are evaluated.

Pursuant to the new Internal Control Department Regulations that took effect in 2012, the Bank administered a recruitment exam and bolstered the staff numbers by hiring 63 new assistant internal controllers during 2013. The Bank also carried out training efforts at various levels and on various subjects in 2013 to improve the performance and skills base of the existing staff.

Risk Management

The Risk Management Department which is responsible for executing risk management functions conducts its activities in accordance with the provisions of the Regulation on Internal Systems of Banks published in Official Gazette No. 28337 dated June 28, 2012 by the Banking Regulation and Supervision Agency of Turkey under the supervision of the Audit Committee.

The Audit Committee has examined the reports on credit, market and operational risk elements generated by the Risk Management Department as well as the results of the scenario analyses and stress tests.

Audit Committee's Assessment on The Operation of The Internal Control, Internal Audit And Risk Management Systems And Information About Its Activities In 2013

Within this scope, it has been determined by the Audit Committee that:

- The Bank's Basel II Capital Adequacy ratio is at compatible levels with its risk appetite,
- As a result of the validation efforts performed in order to measure the effectiveness of the Bank's internal rating systems, the results generated by the Bank's rating systems are generally satisfactory,
- Loan default rates are at reasonable levels,
- The Bank has achieved full compliance with the ratios and limits calculated within the scope of Basel III regulations,
- As a result of the stress tests and scenario analyses conducted, the Bank's equity capital is adequate for the Bank to continue its activities safely,
- The risks taken by the Bank are within the risk appetite limits set by the Board of Directors
- Considering the ratings of the companies the Bank lent to and the risk mitigation elements established, the Bank paid adequate attention to the element of security in its placement activities,
- The results of the "Internal Capital Adequacy Assessment Process (ICAAP)" report, commissioned to determine the Bank's economic capital requirements consistent with its target rating score, support the conclusion that the Bank has adequate equity to cover its risk exposure,
- As a result of the structural interest rate risk analyses conducted to measure the interest rate risk inherent in banking calculations, the impact of changes in interest rates on the Bank's economic value is below the limits stipulated by the Banking Regulation and Supervision Agency,
- Based on the results of the Value at Risk analysis conducted by the Bank with an internal model to measure market risk, the market risk the Bank is exposed to is at levels that can be covered by the Bank's equity,
- The Bank is fully compliant with the liquidity ratios mandated by the Banking Regulation and Supervision Agency,
- In light of the information recorded in the operational risk loss database, the Bank's operational loss incurred between January 2013 and December 2013 is at acceptable levels.

Financial Standing, Profitability And Debt-Servicing Capability

COMPOSITION OF ASSETS

As a result of its activities in 2013, the Bank's total assets grew by 29.2% to reach TRY 139,944 million.

The Bank's major placement categories consist of loans (TRY 84,848 million; 60.6% of assets), securities portfolio (TRY 28,559 million; 20.4% of assets) and liquid assets (TRY 21,825 million; 15.6% of assets) while the share of other placements stands at 3.4%.

The major increases as of year-end 2013 compared to the previous year were registered in Turkish Lira loans (TRY 18,954 million) and cash and balances with (TRY 7,488 million).

The Bank's loans increased by 28.8% as of year-end 2013 while its loan-to-deposit ratio stands at 84.2%.

The Bank's non-performing loans stand at TRY 2,245 million as of year-end 2013 and non-performing loans/total loans ratio stood at 2.6%.

COMPOSITION OF LIABILITIES

The Bank's resources consist primarily of deposits (TRY 100,756 million; 72.0% of liabilities), non-deposit resources (TRY 20,040 million; 14.3% of liabilities) and shareholders' equity (TRY 14,146 million; 10.1% of liabilities) while the share of other liabilities stands at 3.6%.

The major increases as of year-end 2013 compared to the previous year were registered in deposits (TRY 20,782 million) and Funds Borrowed (TRY 6,312 million).

A breakdown of total deposits, the largest single resource item for the Bank, by category reveals that savings deposits, which constitute 29.5% of total deposits, increased by TRY 2,506 million; foreign currency deposits, which constitute 27.3% of total deposits, increased by TRY 9,533 million; commercial deposits, which constitute 19.1% of total deposits, increased by TRY 6,312 million; interbank deposits, which constitute 9.8% of total deposits, increased by TRY 2,614 million; and public sector deposits, which constitute 8.9% of total deposits, increased by TRY 1,486 million.

TRY accounts, with a share of 64.7%, constituted the majority of the Bank's deposits while foreign currency accounts made up the remaining 35.3% of deposits. The share of demand deposits in total deposits stands at 18.6%.

COMPOSITION OF PROFITS

The Bank closed the 2013 fiscal year with a net profit of TRY 2,751 million, a 6% increase compared to year-end 2012. The major income and expense items that constituted the profit for the period are discussed below.

Interest income from placements, the Bank's most important source of income, stands at TRY 9,205 million as of the end of the year.

Financial Standing, Profitability And Debt-Servicing Capability

Loans contributed TRY 7,134 million to interest income with a share of 77.5% while securities contributed TRY 2,053 million, with a share of 22.3%. The interest income from loans increased by TRY 404 million while interest income from the securities portfolio decreased by TRY 186 million compared to the previous year.

The largest item comprising the Bank's interest expenses was interest paid to deposits with TRY 3,839 million and 87.7% share of the total. The interest paid to deposits, was the primary expense item for the Bank in 2013. Total interest expenses with the TRY 537 million categorized as other interest expense added up to TRY 4,376 million for the year.

The Bank's net interest income as of the end of the year was TRY 4,829 million.

Net fee and commission income surged by 8.3% on the previous year and reached TRY 930 million.

The Bank set aside provisions of TRY 849 million against its loans and other receivables for its activities in 2013.

Personnel expenses, which constitute a major portion of the other operating expenses of TRY 2,655 million, increased by 28.6% on the previous year and reached TRY 1,084 million.

As a result of its activities in 2013, the Bank earned pre-tax profit of TRY 3,365 million and, after provisioning TRY 614 million for taxes, a net profit of TRY 2,751 million. The Bank maintained its sustainable profitability in 2013.

SOLVENCY

The widespread and strong Deposit base which is the most important resource for the Bank acted as an efficient instrument for covering short-term debt. The existing customer base is the most important factor the Bank relies on for the procurement of the necessary resources. The Bank's core deposit rate is around 95%; this ratio makes a large contribution to the Bank's liquidity.

The 2013 year end capital adequacy ratio of the Bank was 13.91%, above the minimum legal ratio. The equity structure, which is strengthened with sustainable profitability and the well-planned dividend distribution policy of the Bank, is on a level that can compensate the increased value subject to credit risk.

Halkbank is a Turkish government debt securities market maker and with the help of its strong capital and financial structure, it has a special position in the sector with regard to borrowing and fund procurement.

With many years of banking experience, Halkbank has a respectable position both in Turkey and in international markets. The Bank's relations with more than two thousand correspondent banks, presence abroad and extensive branch network across Turkey show the strength of its strong organizational structure in terms of fund procurement.

In 2013, Halkbank continued its efforts to increase the quality of its assets while diversifying its existing and alternative funding sources.

Risk Management Policies By Risk Types

The Bank developed its risk policies and implementation principles in accordance with the provisions of Article 36 of the “Regulation on Internal Systems of Banks” published in the Official Gazette No. 28337 dated June 28, 2012.

Halkbank’s risk policies aim to ensure that the Bank conducts its operations in accordance with the procedures and principles stipulated in the Banking Law and in line with its mission and goals of profitability and productivity while safeguarding the interests of the Bank’s depositors and the shareholders to the maximum extent possible.

The “Risk Management Policies and Implementation Procedures” that became effective pursuant to Board of Directors Resolution defines the following:

- Risk appetite of the Bank,
- Authorization limits with regard to credit transactions,
- Sector-specific limits,
- Principles of risk analyses to be conducted in relation to the rating systems used in the Bank’s lending process and the validation of these systems,
- Risk mitigation techniques by rating groups,
- Treasury operations stop-loss limits for capital markets positions and foreign currency positions, and limits for capital markets and money market transactions,
- Limits on the Bank’s foreign exchange position and counterparty risk in transactions with correspondent banks,
- Limits on the Bank’s liquidity and structural interest rate risk,
- Limits to contain the impact of interest rate shocks on the Bank’s economic value,
- Limits on liquidity ratios pursued in accordance with the Liquidity Emergency Action Plan,
- The Bank’s risk tolerance range regarding potential losses that may result from operational risks.

The Bank periodically checks compliance with these limits.

Rating Notes

Halkbank's credit ratings improved thanks to its solid reputation in international markets as well as the sustainability of its business model and financial results.

**Convenience Translation of the Independent Auditors' Report
Originally Prepared and Issued in Turkish (See Section 3.I)**

**INDEPENDENT AUDITORS' REPORT
AS OF AND FOR THE YEAR ENDED 31 DECEMBER 2013**

To the Board of Directors of Türkiye Halk Bankası AŞ:

We have audited the unconsolidated balance sheet of Türkiye Halk Bankası AŞ ("the Bank") as of 31 December 2013 and the unconsolidated statements of income, cash flows and changes in shareholders' equity for the year then ended and a summary of significant accounting policies and notes to the financial statements.

Management's responsibility for the Financial Statements:

The Board of Directors of the Bank is responsible for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the unconsolidated financial statements that are free from material misstatement, whether due to error or fraud; and for selecting and applying appropriate accounting policies in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published on the Official Gazette numbered 26333 on 1 November 2006, Turkish Accounting Standards, Turkish Financial Reporting Standards and the other regulations, communiqués and circulars and pronouncements in respect of accounting and financial reporting made by the Banking Regulation and Supervision Board and the pronouncements made by the Banking Regulation and Supervision Agency.

Disclosure for the Responsibility of the Authorized Audit Firm:

Our responsibility is to express an opinion on these financial statements based on our audit. Our audit is performed in accordance with the "Regulation on the Assignment and Activities of the Banks' Independent Audit Firms" published on the Official Gazette numbered 26333 on 1 November 2006 and the International Standards on Auditing. We planned and conducted our audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes using the audit techniques for the purpose of obtaining evidence supporting the amounts and disclosures in the financial statements. The selection of the audit techniques is made in accordance with our professional judgment by taking the effectiveness of the internal control into consideration and assessing the appropriateness of the applied accounting policies applied relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The accompanying unconsolidated financial statements as of 31 December 2013 include a general reserve amounting to net TRY 132.231 thousands after the reversal of TRY 196.069 thousands in the current period and recorded as income, provided by the Bank management for the possible result of the negative circumstances which may arise from any changes in economy or market conditions.

In our opinion, except for the effect of the matter described in the fourth paragraph above on the unconsolidated financial statements, the accompanying unconsolidated financial statements present fairly, in all material respects, the financial position of Türkiye Halk Bankası AŞ as of 31 December 2013 and the result of its operations and cash flows for the year then ended in accordance with the prevailing accounting principles and standards set out as per the existing regulations described in Article 37 of the Banking Act No: 5411 and the other regulations, communiqués and circulars in respect of accounting and financial reporting made by the Banking Regulation and Supervision Board and the pronouncements made by the Banking Regulation and Supervision Agency.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION I: GENERAL INFORMATION ABOUT THE BANK

I. ESTABLISHMENT DATE OF THE BANK, INITIAL ARTICLES OF ASSOCIATION, HISTORY OF THE BANK INCLUDING THE CHANGES OF THESE ARTICLES

Türkiye Halk Bankası Anonim Şirketi (the "Bank" or "Halkbank") was established in Turkey in accordance with the law no: 2284 in 1933 and began its operations in 1938 and still continues its activities as a public commercial bank.

II. CAPITAL STRUCTURE OF THE BANK, SHAREHOLDERS THAT RETAIN DIRECT OR INDIRECT CONTROL AND MANAGEMENT OF THE BANK SOLELY OR TOGETHER, CHANGES ABOUT THESE ISSUES DURING THE YEAR AND DISCLOSURES ABOUT THE GROUP

The capital of the Bank is controlled directly by the Republic of Turkey Prime Ministry Privatization Administration.

As of 31 December 2013 the shareholders' structure and their respective ownerships are summarized as follows:

Shareholders	31 December 2013	%	31 December 2012	%
Prime Ministry Privatization Administration ^(1,2)	638.276	51,06	638.276	51,06
Public shares ⁽²⁾	611.272	48,90	611.266	48,90
Other shareholders	452	0,04	458	0,04
Total	1.250.000	100,00	1.250.000	100,00

⁽¹⁾ As per the decree of the Higher Council of Privatization numbered 2007/8 and dated 5 February 2007, 25% of the public shares that were previously held by the Privatization Administration were privatized by a public offering and the Bank's shares were registered to Capital Market Board records by decision number 16/471 dated 26 April 2007. The shares were traded on the Borsa İstanbul A.Ş. as of 10 May 2007. As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012, 23,92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

⁽²⁾ The shares of the Prime Ministry Privatization Administration amounting TRY 550 have been included in Public shares. With that shares, the total shares amounting TRY 638.826 that held by the Privatization Administration is the 51,11% of the total shares.

⁽³⁾ According to Turkish Commercial Code, 3rd Sub-article added to Article 2 of the Law No: 6327 and 4603 dated 13 June 2012, The Privatization High Council public shares are controlled and represented by the Minister until the sales completion of these shares.

IV. INFORMATION ABOUT THE PERSONS AND INSTITUTIONS THAT HAVE QUALIFIED SHARES ATTRIBUTABLE TO THE BANK

Except for the Prime Ministry Privatization Administration, no person or institute has any qualified shares attributable to the Bank.

V. SUMMARY ON THE BANK'S FUNCTIONS AND LINES OF ACTIVITY

a) General information about the Bank:

Türkiye Halk Bankası Anonim Şirketi was established in Turkey in accordance with the Law No: 2284 in 1933 and began its operations in 1938 and still continues its activities as a public commercial bank.

b) Law numbered 4603 regarding the "Law on Türkiye Cumhuriyeti Ziraat Bankası, Türkiye Halk Bankası Anonim Şirketi and Türkiye Emlak Bankası Anonim Şirketi", was prepared within the framework of the macro-economic program for the period 2000-2002. The purpose of the law is to modernize the operations of the banks to arrive at a point where the requirements of the international norms and international competition can both be reached and it also aims to sell the majority of the banks' shares to individuals or legal entities in the private sector. The Bank revised its charter of establishment, elected a new board of directors and increased its nominal capital from TRY 250.000 to TRY 1.250.000 in the extraordinary general assembly held on 14 April 2001. Within the scope of the restructuring process, the Bank received government bonds in settlement of the accumulated specific duty losses and the Bank's whole specific duty loss receivable was thus eliminated as at 30 April 2001. In addition, a significant number of personnel were encouraged to sign new contracts and transferred to other government institutions.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

c) According to Article 2.2 of Law No: 4603, subsequent to the completion of the restructuring procedures, the procedures involved in sale of the shares of the Bank were to be concluded under the provisions of Law No: 4046 based on the "Regulation of Privatization Applications and Amendment of Some Laws and Decrees with the Force of Law". The procedures relating to restructuring and sale of the shares were to be completed within three years (until 25 November 2003) as of the effective date of the related law. However, by Law No: 5230 dated 31 July 2004, the term "3 years" in Article 2.2 of Law numbered 4603 was previously amended to "5 years" and subsequently by Law No: 5572 dated 10 January 2007 the related term was amended to "10 years". As a result of this amendment, the privatization period of the Bank was extended. The Council of Ministers has the authority to extend this period by the half of that period for one time only. The Council of Ministers extended by the half of that "10 years" period by the Decree numbered 2010/964 and dated 6 November 2010.

c.1 When the related Decree numbered 2006/69 and dated 11 August 2006 was in force, the Privatization High Council public shares were transferred to the Privatization Administration and 99.9% of the Bank shares were decided to be sold before 25 May 2008 using the block sale method. By the Privatization High Council's decree numbered 2006/4258 and dated 29 November 2006, 13th Department of Council of State decided to cease the execution of the Decree numbered 2006/69 dated 11 August 2006. Thereupon, legal regulation numbered 5572 was executed and as per the decree of the Higher Council of Privatization numbered 2007/8 and dated 5 February 2007, up to 25% of the public shares that were previously transferred to the Privatization Administration on 11 August 2006, were decided to be privatized by a public offering and it was decided to be concluded by the end of 2007. The first phase of the privatization process of the Bank corresponding to 24.98% was completed in the first week of May 2007 and Halkbank shares were traded on Borsa Istanbul A.Ş. as of 10 May 2007 with the base price of TRY full 8,00. As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012, 23.92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

d) Under No: 25539 Law regarding the "Act No: 5230 with regards to the transfer of Pamukbank Türk Anonim Şirketi to Türkiye Halk Bankası AŞ and amendments to other acts" which came into force as of 31 July 2004 with the publication of the Official Gazette, Pamukbank (whose shares, management, and control were previously inherited to the Saving Deposit Insurance Fund ("SDIF")) was transferred to the Bank. Insolvent Pamukbank TAŞ was a private sector deposit bank established by Çukurova İthalat ve İhracat TAO, Karamemmetler Scrip Company and more than 500 shareholders. Pamukbank started its private banking operations as an incorporated company in accordance with the decision of the Council of Ministers numbered 4/4573 and dated 5 March 1955. According to the decision of the Banking Regulation and Supervision Agency numbered 742 published in the Official Gazette numbered 24790 and dated 19 June 2002 including 3rd and 4th Sub-articles in Article 14 of the Banking Law No: 4389, the shareholders rights excluding dividends, management and supervision of Pamukbank were transferred to the Saving Deposit Insurance Fund as of 18 June 2002.

e) The Bank's service activities and operating areas: The Bank's operating areas include, commercial financing and corporate banking, fund management operations, retail banking and credit card operations.

As of 31 December 2013, the Bank operates with a total of 877 branches consisting of 872 domestic and 5 foreign branches that are 4 in Cyprus and 1 in Bahrain. Domestic Branches include 38 satellite branches and 2 financial services branches. The Bank has also 1 representative office in Iran.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

VI. DIFFERENCES BETWEEN THE COMMUNIQUE ON PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS OF BANKS AND TURKISH ACCOUNTING STANDARDS AND SHORT EXPLANATION ABOUT THE INSTITUTIONS SUBJECT TO LINE-BY-LINE METHOD OR PROPORTIONAL CONSOLIDATION AND INSTITUTIONS WHICH ARE DEDUCTED FROM EQUITY OR NOT INCLUDED IN THESE THREE METHODS

Due to differences between the Communiqué on Preparation of Consolidated Financial Statements of Banks and Turkish Account Standards (TAS), the non-financial subsidiary, Bileşim Alternatif Dağ. Kan. A.Ş., is not accounted in the consolidated financial statements. In the financial statements prepared in accordance with International Financial Reporting Standards, Bileşim Alternatif Dağ. Kan. A.Ş. is included in the scope of consolidation by-line by-line method.

The Bank's subsidiaries Halk Sigorta AŞ, Halk Hayat Emeklilik AŞ, Halk Yatırım Menkul Değerler AŞ, Halk Gayrimenkul Yatırım Ortaklığı AŞ, Halk Finansal Kiralama AŞ, Halk Portföy Yönetimi AŞ, Halk Banka AD, Skopje and Halk Faktoring AŞ are included in the scope of consolidation by line-by-line method.

Demir-Halkbank NV ("Demir Halk Bank") and Kobi Girişim Sermayesi Yatırım Ortaklığı AŞ which are qualified as investments in associates, are presented in the financial statements based on equity method of accounting.

There is no partnership share on banks and financial institutions, with shareholding of more than 10% and deducted from capital.

Kredi Kayıt Bürosu AŞ and Bankalararası Kart Merkezi AŞ are not consolidated in the financial statements because the other banks' shares are equal and thus, the Bank has no control.

VII. THE EXISTING OR POTENTIAL, ACTUAL OR LEGAL OBSTACLES ON THE TRANSFER OF SHAREHOLDER'S EQUITY BETWEEN THE BANK AND ITS SUBSIDIARIES OR THE REIMBURSEMENT OF LIABILITIES

Immediately transfer of the shareholder's equity between the Bank and its subsidiaries is not in question. Dividend distribution from shareholders equity is done according to related regulations.

There is no existing or potential, actual or legal obstacle to the reimbursement of liabilities between the Bank and its subsidiaries. The Bank charge or pay cost of the services according to the service agreements done between the Bank and its subsidiaries.

TÜRKİYE HALK BANKASI A.Ş.

⁽¹⁾ As of 31 December 2013, Board of Directors meeting was not held.

The accompanying notes are an integral part of these unconsolidated financial statements.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION III: EXPLANATIONS ON ACCOUNTING POLICIES

I. BASIS OF PRESENTATION

The unconsolidated financial statements, related notes and explanations in this report are prepared in accordance with the Turkish Accounting Standards ("TAS"), Turkish Financial Reporting Standards ("TFRS"), Communiqué on "Banks' Accounting Practice and Maintaining Documents" and other communiqués and interpretations of Banking Regulation and Supervision Agency ("BRSA") on accounting and financial reporting.

The accounting policies applied and the valuation methods used in the preparation of the financial statements are expressed in detail below.

Additional paragraph for convenience translation to English

The differences between accounting principles, as described in the preceding paragraphs, and the accounting principles generally accepted in countries, in which the accompanying financial statements are to be distributed, and International Financial Reporting Standards ("IFRS"), may have significant influence on the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present the financial position and results of operations in accordance with the accounting principles generally accepted in such countries and IFRS.

II. EXPLANATIONS ON THE STRATEGY OF USE OF FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

a) The Bank's strategy on financial instruments:

Due to its historical mission, the Bank focuses on granting loans to Small and Medium Size Enterprises (SMEs) and craftsmen besides corporate, commercial and individual segmented firms. In addition to the main fund source deposits, the Bank can raise funds from foreign borrowing and money market borrowing.

The Bank follows the developments in the markets and uses funds raised in most yielding areas. The strategies of the Bank are evaluated in the weekly Asset and Liability Committee meetings.

b) The Bank's explanations on foreign currency transactions:

In the statutory records of the Bank, transactions accounted in foreign currencies (currencies except for TRY) are converted into TRY by using the prevailing exchange rates at the transaction dates. Foreign currency monetary asset and liability items are converted into TRY by using the prevailing exchange rate at the balance sheet date. Non-monetary items in foreign currencies carried at fair value are converted into TRY by using the exchange rates at the date of which the fair value is determined. Exchange differences arising from the conversions of monetary foreign currency items and collections of foreign currency transactions are reflected to the income statement.

The financial statements of the foreign branches of the Bank are prepared in the currency of the primary economic environment in which the entity operates (functional currency). The financial statements of foreign branches are expressed in TRY which is the functional currency of the Bank and the presentation currency of the financial statements.

Assets and liabilities of the foreign branches of the Bank are converted into TRY by using the prevailing exchange rates at the balance sheet date. Income and expenses are converted by at exchange rates at the dates of the transactions.

III. EXPLANATIONS ON FORWARD AND OPTION CONTRACTS AND DERIVATIVE INSTRUMENTS

Derivative transactions of the Bank consist of foreign currency and interest rate swaps, forwards and credit default swaps. The Bank has no derivative instruments decomposed from the main contract.

Derivative financial instruments are recorded at fair value as of the contract date and valued at fair value in the following reporting periods. Although some derivative transactions are qualified as economical hedging items, they do not meet all the definition requirements of hedge accounting items. Therefore, under the Turkish Accounting Standard No: 39 "Financial Instruments: Recognition and Measurement" (TAS 39), these derivative instruments are recognized as held for trading and gains and losses of these instruments are associated with statement of income.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

IV. INTEREST INCOME AND EXPENSES

Interest income and expenses are recognized on an accrual basis using the effective interest method (the rate that equals the future cash flows of a financial asset or liability to its present net book value) in conformity with TAS 39 "Financial Instruments: Recognition and Measurement".

In accordance with the related legislation, realized and unrealized interest accruals of the non-performing loans are reversed and interest income related to these loans are recorded as an interest income only when they are collected.

V. FEES AND COMMISSION INCOME AND EXPENSES

Banking service income is recorded in the income in the period when they are collected. Prepaid fees and commission income obtained from cash and non-cash loans are recorded in the related period by using discounting method with internal rate of return according to the loan maturity within the matching principle.

Fees and commission expenses on borrowings that are paid to other institutions and incorporations for financial liabilities comprise operational costs. This fees and commission expenses are booked under prepaid expenses and transferred to expense accounts in the related periods by using the straight accrual method according to the financial borrowing maturity within the matching principle.

VI. EXPLANATIONS AND DISCLOSURES ON FINANCIAL ASSETS

Financial instruments comprise financial assets, financial liabilities and derivative instruments. The financial assets are included in the balance sheet of the Bank, if the Bank is a legal party of these financial assets.

Financial assets mainly constitute the majority of the commercial activities and operations of the Bank. These instruments have the ability to expose, affect and diminish the risks of liquidity, credit and interest in the financial statements.

Fair value is the amount for which an asset could be exchanged or a liability could be settled, between knowledgeable willing parties in an arm's length transaction. Market value is the amount obtainable from the sale or payable on the acquisition of a financial instrument in an active market, if one exists.

The estimated fair values of financial assets have been determined by the Bank using the available market information and appropriate valuation methodologies. However, judgment is necessarily required to interpret market data to develop the estimated fair value. Hence, estimations presented in this report may not be same with the prices in the current market conditions in the case of assets disposals. Book values of some financial assets (which equals to their costs) are assumed to approximate to their fair values due to their short term nature.

The financial instruments and their valuations methods based on their classification on the financial statements are set out below.

1. Cash and banks

Cash and bank balances in foreign currencies are valued by using the Bank's current period end exchange rates. The presented values of cash in TRY, foreign currency cash and banks at balance sheet are the estimated fair values of these assets.

2. Financial assets at fair value through profit and loss

2.1. Financial assets held for trading

Financial assets held for trading are financial assets, which are either acquired for generating a profit from short-term fluctuations in price or dealer's margin, or are financial assets included in a portfolio with a pattern of short-term profit taking.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Financial Assets Held for Trading are presented in the balance sheet with their fair values and are subject to valuation at fair values after the initial recognition. Valuation gains or losses are recognized in the profit/loss accounts. Interests gained from the retention of held for trading financial assets are recognized under the interest income and dividends gained are recognized under the dividend income in the income statement. If these assets are disposed of prior to their maturity periods, loss or gain from the disposal is recognized in the income statement by using interest income/expense accounts under profit/loss from the capital market operations.

2.2. Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss represent the financial assets at fair value through profit and loss at the initial recognition and those are not obtained for trading purposes. Recognition of fair value differences of those assets are similar to the financial asset held for trading.

The Bank has not any financial assets at fair value through profit and loss as of 31 December 2013 and 31 December 2012.

3. Investments held to maturity

Investments held to maturity are the investments, for which there is an intention of holding until maturity and the relevant conditions for fulfillment of such intention, including the funding ability, and for which there are fixed or determinable payments with fixed maturity; and which are recognized at fair value at initial recognition. Investments held to maturity with the initial recognition at fair value including transaction costs are subject to valuation with their discounted cost value by using the internal rate of return method less provision for any impairment, if any. Interest income from investments held to maturity is recognized in the income statement as an interest income. There are no financial assets that are classified by the Bank as investments held to maturity; however, they cannot be classified under this classification for two years for not satisfying the requirements of the related classification.

4. Financial assets available for sale

Financial assets available for sale represent non-derivative financial assets other than bank loans and receivables, investments held to maturity and financial assets at fair value through profit and loss. Initial recognition and subsequent valuation of financial assets available for sale are performed based on the fair value including transaction costs. The amount arising from the difference between cost and amortized value is recognized through income statement by using the internal rate of return. If a price does not occur in an active market, fair value cannot be reliably determined and "Amortized Value" is determined as the fair value using the internal rate of return. Unrealized gains and losses arising from changes in fair value of the financial assets available for sale are not recognized in the income statement, they are recognized in the "Marketable Securities Revaluation Fund" until the disposal, sale, redemption or incurring loss of those assets. Fair value differences accounted under equity arising from the application of fair value are reflected to the income statement when these assets are sold or when the valuation difference is collected.

5. Loans and receivables

Loans and receivables represent unquoted financial assets in an active market that provide money, goods or services to the debtor with fixed or determinable payments.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Loans and receivables are initially recognized with their fair values including settlement costs and carried at their amortized costs calculated using the internal rate of return at the subsequent recognition. Transaction fees, dues and other expenses paid for loan guarantees are recognized under the profit and loss accounts.

Consumer and corporate cash loans are recognized under the accounts specified by the Uniform Chart of Accounts and Explanations with their original balances based on their context.

Foreign currency indexed consumer and corporate loans are followed at TRY accounts after converting into TRY by using the opening exchange rates. At the subsequent periods, increases and decreases in the loan capital are recognized under the foreign currency income and expense accounts in the income statement depending on foreign currency rates being higher or lower than opening date rates. Repayments are calculated using the exchange rates at the repayment dates and exchange differences are recognized under the foreign currency income and expense accounts in the income statement.

Non-performing loans are classified in accordance with the regulation on "Methods and Principles for the Determination of Loans and Other Receivables to be Reserved for and Allocation of Reserves" published in the Official Gazette No: 26333 dated 1 November 2006 and amended with the regulation published in the Official Gazette No: 28418 dated last 21 September 2012 and specific provisions are allocated for those loans. Specific provisions are reflected to "820/821 Provisions and Impairment Expenses 82000/82100 Specific Provisions Expenses" account. Provisions released in same year are recognized as a credit movement under the "Provision Expenses", released portion of the previous period provisions are recognized under the "Other Operating Income" account.

6. Associates and subsidiaries:

Turkish Lira denominated associates and subsidiaries have been valued based on deducted additions of funds such as revaluation funds, permitted additions to capital under statutory purposes, from the cost of the indexed remaining balances of associate and subsidiary based on the capital increase payment dates until 31 December 2004.

As of 1 January 2012, the Bank changed the accounting policy which is related to the Turkish Lira denominated subsidiaries and began to record related subsidiaries with their fair values. Fair values of the subsidiaries, whose shares are unquoted on the active market (stock exchange) are determined with the valuation reports that are prepared by the independent valuation company and fair values of the subsidiaries, whose shares are quoted in on active market (stock exchange) are determined by taking into account of book values at stock exchange, valuation differences are added to the subsidiaries values and correspondingly recorded in the "Marketable securities revaluation fund" under the shareholders' equity.

Foreign currency denominated associates and subsidiaries are translated into Turkish Lira from the historical exchange rates at transaction dates and foreign currency associates purchased before 1 January 2005 recorded over their restated values by the occurred indexes at transaction dates until 31 December 2004.

VII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS

At each balance sheet date, the Bank reviews the carrying amounts of its financial asset or group of financial assets whether there is an objective indication that those assets have suffered an impairment loss. If such indication exists, the Bank determines the related impairment amount.

A financial asset or a group of financial assets is subject to impairment loss only if there is an objective indication that the occurrence of one or more than one event ("loss event") subsequent to the initial recognition of that asset has an effect on the reliable estimate of the expected future cash flows of the related financial asset and asset group. Irrespective of their high probability of incurrence, future expected losses are not recognized.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Impairment losses attributable to the investments held to maturity are measured as the difference between the present values of estimated future cash flows discounted using the original interest rate of financial asset and the book value of asset. The related difference is recognized as a loss and it decreases the book value of the financial asset. At subsequent periods, if the impairment loss amount decreases, impairment loss recognized is reversed.

When a decline occurs in the fair values of the "financial assets available for sale" of which value decreases and increases are recognized in equity, the accumulated profit/loss that had been recognized directly in equity is transferred from equity to period profit or loss. If, in a subsequent period, the fair value of the related asset increases, the impairment loss is reversed, with the amount of the reversal recognized in profit or loss.

For loans and receivables; the Bank's management performs consistent loan portfolio reviews and if any doubts on the collectability of the loans arise, the related loans are classified in accordance with legislation on "Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions ("Communiqué")" published in the Official Gazette numbered 26333 and dated 1 November 2006. The Bank does not limit the provision amount for the non-performing loans recognized before 1 January 2008 with the minimum rates defined in the related regulation and allocates specific provision for such loan amounts in full and they are recognized in the statement of income. Bank sets specific provision for non-performing loans recognized after 1 January 2008 through deducting the collateral amount, calculated in accordance with the related coefficient rates defined in the Article 10 of the related legislation, from the follow-up amount and setting 100% provision for the outstanding follow-up risk amount excluding the surety ship type of collaterals defined in the Article 9 of the related legislation. Unindemnified non-cash loans extended to follow-up entities are added to the follow-up risk amount after conversion by credit conversion rates defined in the Communiqué. The Bank sets 100% provision for the outstanding follow-up risk amount, that are calculated by deducting the collateral amount, and calculated in accordance with the related coefficient rates defined in the Article 10 of the related legislation. Collections made related to those loans are offset against the capital and interest collections are recognized under the "Interest Received from Non-performing Loans" item of the income statement.

Other than specific allowances, the Bank provides "general allowances" for loan and other receivables classified in accordance with the Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables. The Bank is providing 1% general allowance for cash loans and other receivables; 0.2% general allowances for non-cash loans. In accordance with the communiqué "The change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 28 May 2011 No: 27947 Official Gazette, banks are able to change the terms of the payment plans of their loans and other receivables monitored under standard and other receivables group given that those loans and receivables qualify for the prerequisites. However, if the changes made extend the initial payment plan, a general provision allocated accordingly with the related loans and other receivables given that it is no less than the 5 times of the predetermined ratio and for loans and other receivables followed under close monitoring provision cannot fall below 2,5 times of the designated ratio.

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 18 June 2011 No: 27968 Official Gazette, the Bank applies general provision ratios as 4% for all consumer loans in first group and 8% for all consumer loans in second group respectively except for real estate and automobile loans in both groups.

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 21 September 2012 No: 28418 Official Gazette, as of the recent month end prior to the effective date of the Communiqué, the Bank will provide the differences in general allowances for cash loans, close monitoring loans, letters of guarantees, bill guarantees and sureties and other non-cash loans with the rates stated in the first paragraph of Article 7 of the Communiqué until 31 December 2015.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 8 October 2013 No: 28789 Official Gazette, as of the recent month end prior to the effective date of the Communiqué, the Bank will provide the differences in general allowances for all consumer loans except for real estate loans in both groups with the rates stated in the second paragraph of Article 7 of the Communiqué until 31 December 2015.

VIII. OFFSETTING FINANCIAL ASSETS AND LIABILITIES

A financial asset and a financial liability shall be offset and the net amount shall be presented in the balance sheet only when a party currently has a legally enforceable right to set off the recognized amounts or intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

IX. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS (REPOS) AND TRANSACTIONS ON SECURITIES LOANED

Marketable securities subject to repurchase agreements are classified under "Available for Sale Financial Assets" or "Held to Maturity Investments" in the Bank's portfolio and they are valued according to the valuation principles of the related portfolios.

Funds obtained from the repurchase agreements are recognized under "Funds from Repurchase Transactions" account in liabilities. For the difference between the sale and repurchase prices determined by the repo agreements for the period; expense accrual is calculated using the internal rate of return method.

Reverse repo transactions are recognized under the "Receivables from Reverse Repo Transactions" account. For the difference between the purchase and resale prices determined by the reverse repo agreements for the period; income accrual is calculated using the internal rate of return method.

X. EXPLANATIONS ON ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Assets that meet the criteria to be classified as held for sale are measured at the lower of its carrying amount and fair value less costs to sell. Depreciation of such assets is ceased and they are presented separately in the balance sheet. In order to classify a tangible fixed asset as held for sale, the asset (or the disposal group) should be available for an immediate sale in its present condition subject to the terms of any regular sales of such assets (or such disposal groups) and the sale should be highly probable. For a highly probable sale, the appropriate level of management must be committed to a plan to sell the asset (or the disposal group), and an active programme to complete the plan should be initiated to locate a customer. Also, the asset (or the disposal group) should have an active market sale value, which is a reasonable value in relation to its current fair value. Events or circumstances may extend the completion of the sale more than one year. Such assets are still classified as held for sale if there is sufficient evidence that the delay in the sale process is due to the events and circumstances occurred beyond the control of the entity or the entity remains committed to its plan to sell the asset (or disposal group).

A discontinued operation is a component of a bank that either has been disposed of, or is classified as held for sale. Gains or losses relating to discontinued operations are presented separately in the income statement.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XI. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS

As at the balance sheet date, there is no goodwill recorded in the unconsolidated balance sheet of the Bank.

Intangible assets that are purchased prior to 1 January 2005 are carried at their restated historical costs and intangible assets that are purchased in the subsequent periods are carried at their historical cost, less any accumulated amortization and any impairment losses. Intangible assets are amortized by using the straight line method based on their useful lives. Amortization method and period are assessed periodically at the end of each year. Intangible assets consist of software expenses and they are amortized by using the straight line method over 5 years. There is no significant change in the accounting estimates expected or to be expected having a significant effect on the amortization method, amortization period or residual value.

XII. EXPLANATIONS ON PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment that are purchased prior to 1 January 2005 are carried at their 31 December 2004 dated restated costs and property, plant and equipment that are purchased in the subsequent periods are carried at cost, less any accumulated depreciation and any impairment losses. Property, plant and equipment are amortized by using the straight line method during their useful lives. Gain or loss arising from the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of that asset and is recognized in profit or loss. Leasehold improvements are depreciated over the lease period by straight line method.

Ordinary maintenance and repair expenses of property, plant and equipment items are recognized as expenses.

Estimated useful lives of property, plant and equipment are as follows:

	Estimated useful lives (Year)	Depreciation rate
Buildings	50	2%
Safe-deposit boxes	50	2%
Other movable properties	2-25	4-50%
Assets held under financial leases	4-5	20-25%

Leasehold improvements are depreciated over the lower of the periods of the respective leases and useful lives, on a straight-line basis. In any case useful life cannot exceed the lease period. If the duration of lease agreement is not determined or longer than five years, amortization duration is considered as five years.

There is no change in accounting estimates that is expected to have significant effect in current period and subsequent periods.

There are no mortgages, pledges or similar in cumbrances designated for the property, plant and equipment.

XIII. EXPLANATIONS ON LEASING TRANSACTIONS

Assets acquired under financial leases are carried at the lower of their fair values or amortized value of the lease payments. Leasing payables are recognized as liabilities in the balance sheet while the interest payable portions of the payables are recognized as a deferred amount of interest. Assets held under financial leases are recognized under the property, plant and equipment (movable properties) account and are depreciated by using the straight line method.

The Bank does not participate in the financial leasing transactions as a "lessor".

Operational lease transactions are recognized in line with the related agreement on an accrual basis.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XIV. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES

Provision and contingent liabilities are accounted in conformity with TAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

In the financial statements, a provision is made for an existing commitment resulted from past events if it is probable that the commitment will be settled and a reliable estimate can be made of the amount of the obligation. Provisions are calculated based on the best estimates of management on the expenses to incur as of the balance sheet date and, if material, such expenses are discounted for their present values. If the amount is not reliably estimated and there is no probability of cash outflow from the Bank to settle the liability, the related liability is considered as "contingent" and disclosed in the notes to the financial statements.

XV. EXPLANATIONS ON EMPLOYEE BENEFIT LIABILITIES

Employee benefits liabilities are recognized in accordance with the Turkish Accounting Standard No: 19 "Employee Benefits". According to related legislation and union contracts, the Bank is required to make lump sum retirement payments to employees who has completed one year of service, is called up for military service, dies, resigns, retires or whose employment is terminated without due cause, or for female employees, who resigns subsequent to her marriage within one year. The Bank provides provision by estimating the present value of the future retirement pay liability. The retirement pay provision of the Bank has been determined by the actuarial report of an independent valuation company. As of 1 January 2013, actuarial gains and losses are recorded under the shareholders' equity according to the revised TAS 19.

T. Halk Bankası Employee Pension Fund, T. Ziraat Bankası and T. Halk Bankası Employee Pension Fund Foundations were founded in accordance with the provisional article 20 of the Social Insurance Act (SIA) No: 506 and their members include employees of the Bank as well. Provisional article 23 of the Banking Act No: 5411 requires the Bank's pension funds founded in the scope of SIA to be transferred to the Social Insurance Institution (SII) within 3 years subsequent to the publishing date of the act. The procedure and essentials for the transfer were determined by the Council of Ministers' decision dated 30 November 2006 and numbered 2006/11345 and accordingly, both pension fund foundations would have been transferred to SSI. However, with the decree of the Constitutional Court numbered E.2005/139, K.2007/13 and K.2007/33 published in the Official Gazette dated 31 March 2007 and numbered 26479, the first paragraph of the temporary first article of the provisional article 23 of the Banking Act No: 5411 is cancelled and the execution has been ceased starting from the date the decree is published.

After the justified decree related to cancelling the provisional article 23 of the Banking Law was announced by the Constitutional Court on the Official Gazette dated 15 December 2007 and numbered 26731, Turkish Grand National Assembly started to work on establishing new legal regulations, and after it was approved at the General Assembly of the TGNA, the Law numbered 5754 "Emendating Social Security and General Health Insurance Act and Certain Laws and Decree Laws", which was published on the Official Gazette dated 8 May 2008 and numbered 26870, came into effect. The new law decrees that the contributors of the bank pension funds, the ones who receive salaries or income from these funds and their rightful beneficiaries will be transferred to the Social Security Institution and will be subject to this Law within 3 years after the release date of the related article, without any need for further operation. The three year transfer period can be prolonged for maximum 2 years by the Cabinet decision. However related transfer period has been prolonged for 2 years by the Cabinet decision dated. 14 March 2011, which was published on the Official Gazette dated 9 April 2011 and numbered 27900. In addition, by the Law numbered 6283 "Emendating Social Security and General Health Insurance Act", which was published on the Official Gazette dated 8 March 2012 and numbered 28227, this period of 2 years has been raised to 4 years. According to the decree of Council of Ministers dated 3 May 2013 and numbered 3, which was published on the Gazette on 8 April 2013, the related transfer period was prolonged one more year.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

In accordance with the related legislation, as of the transfer date, the income and expenses of the transferred funds will be considered by the insurance branches and the cash value of the liabilities will be calculated with the actuarial interest rate 9,8%. Moreover, after the transfer to SII, the unfulfilled other social rights and payments existed in the settlement deeds of the subjected pension funds of the transferred participants, members or the rightful owners will be continued to be fulfilled by the employer entities of the funds and its participants. Based on the results of the actuarial report prepared as of 31 December 2013 and 31 December 2012, no technical deficit has been reported.

XVI. EXPLANATIONS ON TAXATION

In accordance with the Article 32 of the Corporate Tax Law No: 5520, the corporate tax rate is calculated at the rate of 20%. The tax legislation requires advance tax of 20% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the corporate tax liability for the year. Accrued advance tax as of 31 December 2012 has been paid in April 2013, accrued advance tax as of 31 December 2013 will be paid in February 2014.

Tax expense is the sum of the current tax expense and deferred tax charge. Current year tax liability is calculated over taxable profit. Taxable profit is different from the profit in the income statement since taxable income or deductible expenses for the following years and non-taxable and non-deductible items are excluded. Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

The carrying amount of a deferred tax asset is reviewed at each balance sheet date. An entity shall reduce the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilized.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realized. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Prepaid corporation taxes and corporation tax liabilities are offset as they relate to income taxes levied by the same taxation authority. Deferred tax assets and liabilities are also offset.

Tax practices in the countries that foreign branches operate:

Turkish Republic of Northern Cyprus (TRNC)

According to the tax regulations in the Turkish Republic of Northern Cyprus, corporate gains are subject to 10% of corporate tax and this taxed amount is subject to 15% of income tax. The tax bases for corporate are determined by adding the expenses that cannot be deducted according to TRNC regulations, to commercial gains and by subtracting exemptions and deductions from commercial gains. Income tax is paid in June, and corporate tax payment is made in two installments, in May and in October. On the other hand, withholding tax is paid in TRNC over interest income and similar gains of corporations. The relevant withholding tax payments are deducted from the corporate tax-payable. In the case the amount of the withholding tax collections is are higher than the corporate tax payable, the difference is deducted from income tax payable.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Bahrain

Banks in Bahrain are not subject to tax according to the regulations of the country.

XVII. ADDITIONAL EXPLANATIONS ON BORROWINGS

The Bank borrows funds from domestic and foreign institutions and issues marketable securities when needed. These borrowing activities are recognized at fair value including the acquisition costs at the transaction date and they are valued at amortized costs by using the internal rate of return method.

Interest rate and liquidity risks are reduced by having assets with shorter or equal maturity terms than borrowing instruments such as syndication, securitization and borrowing with collateral and bears higher interest than costs of those instruments.

Also, asset composition is designed in accordance with the fixed/variable cost nature of borrowing instruments.

XVIII. EXPLANATIONS ON SHARES AND SHARE ISSUE

Share issuances related to costs are recognized as expenses. Dividend income related with the equity shares are determined by the General Assembly of the Bank.

The Bank has not issued any shares in the current and prior period. In accordance with the decree of the Privatization High Council dated 5 February 2007 and numbered 2007/8, the process of public offering for the 25% of shares pertaining to the Privatization Administration was completed and the Bank shares were registered to the Board with the decree of the Capital Markets Board dated 26 April 2007 and numbered 16/471, and the shares were traded on the Borsa İstanbul A.Ş. as of 10 May 2007.

As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012; 23,92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

XIX. EXPLANATIONS ON BILL GUARANTEES AND ACCEPTANCES

Bill guarantees and acceptances are realized simultaneously with the customer payments and they are presented as possible liabilities and commitments in the off-balance sheet accounts.

XX. EXPLANATIONS ON GOVERNMENT INCENTIVES

There are no government incentives utilized by the Bank.

XXI. EXPLANATIONS ON SEGMENT REPORTING

Segment reporting focuses on business segment considering the main source and nature of the risks and returns of the Bank. The Bank operates mainly in corporate, commercial, entrepreneur banking and investment banking.

The report concerning parts of Bank's business segmentation and related information is explained in section four, disclosure numbered XII.

XXII. EXPLANATION ON OTHER MATTERS

None.

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION IV: INFORMATION ON FINANCIAL STRUCTURE

I. EXPLANATIONS RELATED TO THE CAPITAL ADEQUACY RATIO

The capital adequacy ratio calculations are made in accordance with the "Regulation on Measurement and Evaluation of Capital Adequacy of Banks" published in Official Journal No 28337 of 28 June 2012. The solo basis capital adequacy ratio of the Bank is 13,91% as of 31 December 2013. (31 December 2012: 16,17%)

In the calculation process of credit risk, asset types, ratings and credit risk mitigators are taken into account. While simple approach is taken into account for banking book items, the Bank uses comprehensive approach for trading book items in the credit mitigation process.

In the calculation process of capital adequacy ratio, the data which are compatible with current regulations are used. Furthermore, the market and operational risk are also taken into account within the framework of regulations.

The items which are deducted from shareholders' equity are not considered in the calculation of risk weighted assets (RWAs). Depleted and amortized assets are taken into consideration by net amounts which are calculated by the deduction of depreciation cost and provisions.

The amount subject to credit risk for non cash loans are considered by using the conversion rates which are defined in the 5th article of "Regulation on Measurement and Evaluation of Capital Adequacy of Banks". Besides, the provisions which are defined in "Regulation on Procedures and Principles for Determination of Qualifications of Loans and Other Receivables by Banks and Provisions to Be Set Aside" and taken place at the liability side of the balance sheet are also taken into consideration.

In the calculation of counterparty credit risk arising from trading account, the current exposure method is used.

4. Information on assessment process of internal capital adequacy requirements:

The Bank uses economic capital model in the process of internal capital adequacy assessment process. Calculations are done by considering the confidence interval which corresponds to the rating targeted by Bank. In the analyses, credit risk, market risk, operational risks and asset-liability management risks and correlation effect are taken into account, correlation effect is considered while risks are consolidated. The Bank takes one year period into account in its calculations.

II. EXPLANATIONS RELATED TO THE CREDIT RISK

In accordance with the risk management policies of the Bank, the limits are specified in respect of the main and sub-sectors. Those limits are monitored periodically.

The Bank, in the credit allocation process, restricts its risk exposure by working with highly credible banks and entities considering the credit ratings for the purpose of managing its risks. Under the scope of credit risk management, the Bank rates all of its borrowers' credit and requires additional collaterals from whose risk is higher. The Bank has the policy of not granting loans/credits and/or limiting the amount of such loans/credits. The Bank's risk is concentrated in Turkey. In loan procedure, limits are determined based on the type of loans and customers and risk and limit information is controlled periodically.

Loans granted to other banks and risk limits set for the correspondent bank transactions are controlled on a daily basis. Risk concentrations are monitored systematically with the Treasury department, concerning the off-balance sheet operations based on the customers and banks.

Except for the restructured loan follow-up system determined in the related communiqué, such loans are incorporated into the new rating groups or risk weightings under the risk management systems of the banks, and new precautionary measures are taken for these processes. Since long-term commitments are more risky than the short-term commitments, risks are assorted in accordance with the Bank's risk management system.

As prescribed in the Communiqué on "Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions", the credit worthiness of the debtors of the loans and other receivables is monitored regularly. Credit limits are determined according to the audited statement of accounts. Guarantee factors are developed in accordance with the decision of the credit committee and updated according to the top management's initiatives and changes in the economic conditions. The Bank receives sufficient collaterals in consideration of the loans and other receivables granted. Guarantees are surety ships, immovable mortgages, cash blockages and customer or real person cheques.

When the Bank is exposed to significant credit risks, it has the tendency to cease its forward or similar type of transactions by using rights, fulfilling the requirements of the acquisitions or disposing of the acquisitions to mitigate the risk total.

As of 31 December 2013, the receivables of the Group from its top 100 and 200 cash loan customers are respectively 20,71% and 25,49% of its total cash loans.

As of 31 December 2013, receivables of the Bank from its top 100 and 200 non-cash loan customers are respectively 55,51% and 65,50% of its total non-cash loans.

As of 31 December 2013, share of cash and non-cash receivables of the Bank from its top 100 and 200 customers are respectively 16,47% and 20,54% of its total balance sheet and off-balance sheet assets.

⁽¹⁾ Loans for which the risk does not belong to the Bank amounting TRY 1.414.108 are not included the table above.

⁽²⁾ Prepared in accordance with the internal grading results of the Bank.

⁽³⁾ Only graded firms are included.

⁽⁴⁾ Includes the total of cash and non cash loans.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Risk Grade (1-4)	Risk Group	Definition of risk group	Risk Grade (%)
1,00-1,40	AAA	The firm is an extremely positive firm with its financial and non financial criteria and it can pursue its high credibility in the long run.	100-86
1,41-1,80	AA	The firm is a positive firm with its financial and non financial criteria and it can pursue its high credibility in the long run.	85-73
1,81-2,00	A	The firm that has performed its optimization and has a high credibility in the short run and is a credible firm in the medium run.	72-67
2,01-2,20	BBB	The firm is a credible firm despite the fact that it cannot perform the optimization certain aspects of its financial and non financial criteria.	66-60
2,21-2,40	BB	The firm cannot retain optimization in the major parts of its financials and non financial criteria. It has speculative attributes but its a credible firm in the short run.	59-53
2,41-2,60	B	Some of the financial and non financial criteria are negative. It carries highly speculative attributes. In the short run it is a credible firm dependent on the positive conjecture.	52-47
2,61-2,80	CCC	The major part of its financial and non financial criteria is negative and the firm is having difficulties in meetings its commitments. But it has guaranteed short run credibility dependent on the positive conjecture.	46-40
2,81-3,20	CC	The firm force acceptable risk limits when its financial and non financial criteria considered together, and has poor credibility.	39-27
3,21-3,60	C	The firm has no credibility when its financial and non financial criteria considered together	26-13
3,61-4,00	D	The firm has no credibility under any condition.	12-0

Entrepreneur Loans Decision Module ("GKKM") is the rating module which is used for assessment of loan applications of companies which are classified by the Bank as a small and medium sized enterprises (SME) Customers within the SME in GKKM are evaluated by both qualitative and quantitative characteristics of firm, the size of endorsement and requested amount of loan before bank creates score card forms for each customers Score card which categorize firms according to their risk, includes 1 to 7 rating group and 1 has the lowest risk. Guarantees for companies that can be assessed by GKKM, converted into cash during the time it takes to prevent probable loss of value and the conversion process is divided into two main groups according to the criteria. The conversion of cash collateral to compensate for any losses in a margin, "Liquid Collateral Value" is referred to as the facility where the customer the amount of collateral to be determined by risk group, and the collateral value of the liquid.

Carrying amount per class of financial assets whose terms have been renegotiated:

	Current Period	Prior Period
Loans^{(1), (2)}		
Corporate Loans	59.642	37.964
SME Loans	15.116	26.712
Consumer Loans	12.545	16.098
Other	64	152
Total	87.367	80.926

⁽¹⁾ Accruals are not included to the table above.

⁽²⁾ Presents loans accounted under in restructured or rescheduled loan accounts.

Financial collaterals (cash, securities pledge, etc.)	14.588	14.047
Cheque / bills	26.817	11.204
Surety ship	217.072	188.735
Other	127.504	101.416
Total	2.276.000	1.910.626

⁽¹⁾ The collaterals are considered through comparison of the net value of collateral on appraisal reports less the third party receivables having priority with the collateral. Lower of the collateral amount or the loan amount is considered on the table above.

⁽²⁾ Income accruals amounting to TRY 27828 (31 December 2012: TRY 22.411) are not included in the table.

The net value and type of collaterals belongs to loans amounted TRY 2.245.176 followed under non performing loans section is below: (31 December 2012: TRY 1.959.646)

Collateral Types	Net Value of Collateral Current Period ⁽¹⁾	Net Value of Collateral Prior Period
Cash	1.887	1.845
Mortgage	522.565	511.841
Pledge	48.963	37.805
Cheque / bills	5.044	4.899
Surety ship	1.156.880	1.000.072
Other ⁽²⁾	509.837	403.184
Total	2.245.176	1.959.646

⁽¹⁾ The collaterals are considered through comparison of the net value of collateral on appraisal reports less the third party receivables having priority with the collateral. Lower of the collateral amount or the loan amount is considered in the table above.

⁽²⁾ Comprised of share certificates, blockage on receivables and salaries, uncollateralized, etc.

III. EXPLANATIONS RELATED TO THE MARKET RISK

In accordance with the Bank's risk management policy framework to avoid the effect of market risk, the Bank has determined the management activities and has taken necessary precautions within the framework of "Regulation On Measurement and Evaluation Of Capital Adequacy Of Banks" published in Official Journal No 28337 of 28 June 2012 by .

The Board of Directors set the risk limits by taking into account the main risk factors and these limits are periodically revised in accordance with the market conditions and Bank's strategies. Furthermore, the Board of Directors ensure that, the necessary measures to be taken by risk management department and all other executives in respect of defining, measuring, monitoring and managing the risks exposed by the Bank. The VAR based limits, that are determined by the Board of Directors, and the denominated interest rate risk of the Bank' is limited to certain percentage of the shareholders' equity.

In accordance with "Regulation on Measurement and Evaluation of Capital Adequacy of Banks", the Bank's possibility of loss that may cause due to the general market risk, currency risk, specific risk, commodity risk, clearing risk and counterparty credit risk is calculated by using the standard method. The following table discloses the amounts that are calculated using the standard method.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The Value at Risk (VaR) that is calculated by using internal model methods besides standard method is validated by scenario analysis and stress tests. The VaR is calculated daily by using historical simulation and parametric approach and the results are reported the Executives.

a) Information related to market risk:

	Current Period	Prior Period
(I) Capital requirement to be employed for general market risk	179.935	87.445
(II) Capital requirement to be employed for specific risk	32.966	13.498
(III) Capital requirement to be employed for specific risk in securitization positions-Standard Method	-	-
(IV)Capital requirement to be employed for currency risk	25.735	30.714
(V)Capital requirement to be employed for commodity risk	-	-
(VI)Capital requirement to be employed for clearing risk	-	-
(VII)Total capital requirement to be employed for counterparty credit risk-Standard method	96	264
(VIII)Capital requirement to be employed for general market risk.	4.418	1.984
(IX) Total capital requirement to be employed for market risk	-	-
(X) Amount subject to market risk (I+II+III+IV+V+VI+VII+VIII)	243.150	133.905
(XI) Market Value at Risk (12,5 x IX) or (12,5 x X)	3.039.375	1.673.813

b) Average market risk calculated as of the end of months in the related period:

	Current Period			Prior Period		
	Average	Maximum	Minimum	Average	Maximum	Minimum
Interest Rate Risk	174.401	252.145	100.444	146.617	189.317	99.271
Share Risk	4.188	8.480	1.672	2.413	2.686	1.672
Currency Risk	33.758	46.530	25.735	26.365	37.330	18.235
Commodity Risk	-	-	-	-	-	-
Settlement Risk	-	-	-	-	-	-
Options Risk	448	1.313	96	185	290	79
Counterparty Credit Risk	2.709	4.418	1.484	2.406	3.142	1.931
Amount Subject to Total Risk	215.504	312.886	129.431	177.986	232.765	121.188

Information about counterparty risk:

Counterparty credit risk is the risk that the counterparty to a transaction could default before the transaction's cash flows.

Over the counter derivatives, Credit Derivatives, Securities Financing Transactions, Long Settlement Transactions, Margin Lending Transactions are subject to counterparty credit risk calculations.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The Bank uses current exposure method in the calculation process of counterparty credit risk. The comprehensive financial collateral and simple financial collateral approaches are taken into account in the calculation process of counterparty credit risk of repo style transactions for trading and banking book activities, respectively.

Under the current exposure method, the Bank calculates the current replacement cost by marking contracts to market, thus capturing the current exposure without any need for estimation, and then adding a factor ("add on") to reflect the potential future exposure over the remaining life of the contract.

The contracts made according to the attribute of the transaction are evaluated by taking into account ISDA and CSA frame for derivative transactions, GMRA frame for repurchase agreements. The risk is mitigated by receiving cash or other forms of collateral. In secured lending and repo transactions, the haircut amounts are reduced from the counterparty's limits.

The Bank does not take part in transactions and contracts requiring extra collateral in accordance with possible changes of credit rating. Especially, in the process of signing ISDA, CSA and GMRA contracts related to treasury transactions, it is cared about not accepting the conditional statements and invalidation of the contracts due to the reduction of Bank's rating. Because possible falls or rises in rating affects the current replacement cost, margin call agreements are used as a risk mitigator.

Gross positive fair value of contracts, the securities which are held and the net position of derivatives is disclosed below.

	Amount⁽⁹⁾
Contracts based on Interest rate	5.065
Contracts based on currency	78.503
Contracts based on commodity	-
Contracts based on stocks	-
Other	-
Gross Positive Fair Value	83.568
Benefits of clarification	-
Clarified current risk amount	-
The securities which are held	-
The net position of derivatives	83.568

⁽⁹⁾ Counterparty risk related to the trading accounts is included.

IV. EXPLANATIONS RELATED TO THE OPERATIONAL RISK

In the calculation of the Bank's operational risk, the "Basic Indicator Method" is used. The amount subject to operational risk is calculated once a year in accordance with the Regulation on "Measurement and Assessment of the Capital Adequacy of Banks" published in the Official Gazette numbered 28337 on 28 June 2012. In the Basic Indicator Method, the amount subject to operational risk is calculated by multiplying 15% of the Bank's average gross revenue over the previous three years with 12.5. Amount subject to operational risk is TRY 8.912.469 for the current period. (31 December 2012: TRY 7.513.762)

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

	2 PP Value	1 PP Value	CD Value	Total / Total number of years for which gross income is positive	Rate (%)	Total
Gross Income	3.883.262	4.528.461	5.848.227	4.753.317	15	712.998
Amount subject to operational risk (Total*12,5)						8.912.469

V. EXPLANATIONS RELATED TO THE CURRENCY RISK

Foreign currency risk indicates the probability of loss that banks are subject to due to the exchange rate movements in the market. While calculating the share capital requirement, all foreign currency assets, liabilities and forward transactions of the Bank are taken into consideration. Net short term and long term positions of each currency are calculated in terms of the Turkish Lira.

In accordance with "Regulation on Measurement and Evaluation of Capital Adequacy of Banks", the foreign currency position risk of the Bank is measured by "standard method" and is calculated daily and is reported monthly. Also VAR based values and limits are reported to the Executives on a daily basis by using internal model methods. The currency risks have been closely followed. The Bank makes derivative transactions against the currency risk, in case of need.

Announced current foreign exchange buying rates of the Bank as at 31 December 2013 and the previous five working days in full TRY are as follows:

	24.12.2013	25.12.2013	26.12.2013	27.12.2013	30.12.2013	31.12.2013
USD	2,0600000	2,0600000	2,1050000	2,1350000	2,1050000	2,1200000
CHF	2,2934000	2,3017000	2,3471000	2,4028000	2,3652000	2,3766000
GBP	3,3658000	3,3537000	3,4544000	3,5182000	3,4688000	3,5053000
JPY	0,0197164	0,0197022	0,0200634	0,0203270	0,0200023	0,0201362
EURO	2,8149000	2,8196000	2,8822000	2,9449000	2,9053000	2,9184000

The simple arithmetic averages of the major current foreign exchange buying rates of the Bank for the thirty days before 31 December 2013 are as follows:

	Monthly average
USD	2,0445455
CHF	2,2849682
GBP	3,3438909
JPY	0,0197195
EURO	2,8021545

⁽³⁾ In accordance with the principles of the "Regulation on Measurement and Practices of Banks' Net Overall FC Position / Shareholders' Equity Ratio on a Consolidated and Unconsolidated Basis", derivative financial instruments foreign currency income accruals (TRY 107.836), prepaid expenses (TRY 96) in assets; and derivative financial instruments foreign currency expense accruals (TRY 21.094) and shareholders' equity (TRY 145.914) in liabilities are not taken into consideration in the currency risk measurement.

⁽⁴⁾ Financial derivative assets include credit default swaps amounting to TRY 5.873 and forward precious metal purchase transactions amounting to TRY 149.450.

⁽⁵⁾ Demirhalkbank NV (TRY 74.716), an associate operates in foreign currency, Macar Halkbank (TRY 2.063) International Garagum Bank (TRY 250), and a foreign currency subsidiary Halk Banka AD Skopje (TRY 145.359) followed as available for sale items in foreign currency, are presented in financials with their historical costs since they are non-monetary financial items.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Foreign currency sensitivity:

Bank is exposed to currency risk in EURO and USD terms in balance sheet and also utilizes from derivative instruments in order to hedge against currency risk.

The following table sets the Bank's sensitivity to a 10% increase and decrease in the TRY against USD, EURO and the other foreign currencies. 10% sensitivity rate used when reporting foreign currency risk internally to key management and represents management's assessment of the possible change in foreign exchange rates. Negative amounts represent value decrease in profit and loss or shareholders' equity due to 10% decrease in value of TRY against EURO or USD.

	Change in currency rate in %	Effect on profit /loss before taxation	
		Current period	Prior period
USD	10% increase	986	(12.154)
EURO	10% increase	(28.195)	(56.521)
Other	10% increase	426	32.593

VI. EXPLANATIONS RELATED TO THE INTEREST RATE RISK

Interest rate sensitivity of assets, liabilities and off-balance sheet items are measured by the Bank. The Bank's interest rate risk is calculated using the general and specific interest rate risk tables in the standard method including the assets and liabilities and is considered as a part of the general market risk in the calculation of the capital adequacy standard ratio.

The priority of the Bank's risk management department is to avoid the effects of the interest rate volatility. Sensitivity analysis performed within this context is calculated by the risk management department and reported to the Asset-Liability Committee.

Simulations on interest income are performed in connection with the forecasted economic indicators used in the budgeting process of the Bank. The effects of the fluctuations in the market interest rates on the financial position and on the cash flows are minimized by revising budget targets. The Bank's funding costs of TRY and foreign exchange deposits, repurchase agreements are determined by the Treasury Vice Presidency.

Since the Bank does not permit maturity mismatches or imposes limits on the mismatch, significant interest rate risk exposures are not expected.

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

3. The interest rate risk of the banking book items:

Standard interest rate shock methods are being used in respect of measuring the risk arising from re-pricing mismatch of asset and liability items. The duration within the limits are determined by BRSA that obtained from the calculation intended for demand deposits by using core deposit and duration analysis is taken into account.

The interest rate risk of the banking book items is calculated by taking into account the worst ratio for the Bank among the calculated ratios by dividing the total of the differences in terms of maturities and currencies with the shareholders' equity. The mentioned difference is the difference between the net position amounts which are derived from the cash flows of the on-balance and off-balance sheet positions included in the interest sensitive banking book items discounted by the ratios derived from the application of positive and negative shocks, and the net position amounts which are discounted by the ratios without applying the shocks. The maximum limit regarding the economic value change is 20% of shareholders' equity.

While maturity distribution of the related cash flows, remaining maturities are taken into account for fixed rate instruments and re-pricing dates are taken into account for flexible interest instruments. Non-performing loans are placed to relevant maturity periods except demand time interval that are not than not be less than six months by taking into account receiving durations are receivables ratios under other receivables and estimated receiving durations. Foreign currency indexed asset and liabilities are placed to related forms by taking into accounts their indexed currency types.

In defining the maturity of demand deposits, average durations which are calculated by statistical analysis are being used.

VIII. EXPLANATIONS RELATED TO THE LIQUIDITY RISK

The liquidity risk occurs when there is insufficient cash or cash inflows to meet the cash outflows fully and timely. Liquidity risk may also occur when the market penetration is not adequate, when the open position cannot be closed immediately at the suitable prices in sufficient amounts due to barriers and break-ups in the markets.

Meeting the liquidity needs of the Bank, domestic and foreign markets are being used. Due to the fact that the Bank's liquidity need is at low levels, the bank may provide funding easily (CB, ISEM, interbank money market and other markets). When it is considered that local and foreign currency deposit account's interest rates are lower than the peer group's averages it can be realized that the Bank will be able to increase its market share if necessary. The money market borrowing facilities and the Eurobond portfolio of the Bank provides an important potential funding opportunity to the Bank.

The main funding source of the Bank is deposit accounts. Nonetheless, the securities portfolio is mainly composed of available for sale and held to maturity securities.

The Board of Directors of the Bank monitors both the BRSA and contingency plan liquidity ratios. The liquidity opportunities which will be applied in case of a liquidity shortage are defined in the contingency plans.

IX. EXPLANATIONS RELATED TO THE CREDIT RISK MITIGATION TECHNIQUES:

Securitization positions:

None.

X. EXPLANATIONS RELATED TO THE CREDIT RISK MITIGATION TECHNIQUES:

Credit risk mitigation techniques:

The Bank does not apply any netting process on balance sheet and off balance sheet items.

The risk mitigators that are used in credit process are stated below:

- Financial collaterals (Government securities, cash, deposit pledge, gold, stock pledge)
- Guarantees
- Mortgage (In the implementation of the Basel II, although, risk mortgage loans evaluated as a class, in terms of valuation methods and concentrations they are also given in this section).

The financial collaterals are revaluated by daily basis. The credibility of guarantors is monitored within the framework of credit revision periods.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The Bank reviews to reevaluate the value of the mortgages during the credit period.

The revaluation of the mortgages whose value are more than TRY 3.000 or 5% of Bank's shareholders' equity are being made by the firms authorized by BRSA or Capital Market Board.

Only Treasury and the Banks' guarantees are taken into account as risk mitigator within the framework of BRSA regulations. Besides, the credibility of Banks is reviewed periodically.

The volatility of mortgage portfolio is monitored closely by the Bank and the market fluctuations are considered in credit activities.

Standard volatility adjustments are taken into account regarding to portfolios in which comprehensive approach is used.

⁹⁾In the determination of the amounts, the non-cash loans and other off-balance sheet items are taken into account after being multiplied by credit conversion rates.

XI. EXPLANATIONS RELATED TO THE RISK MANAGEMENT TARGET AND POLICIES:

Credit Risk:

The credit authorization limits are defined with respect to Head Office, Regional Directories and Branch Basis. Credit origination and marketing activities are completely separated. The main point here is about to the Loan Department that related to credit expansion performance should not placed in loan granting process. Credit allocation monitoring processes are carried out by Credit Risk Monitoring Department which is an independent unit. The risk measurement activities are being carried out by the Risk Management Department which reports to Audit Committee directly.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

In the process of credit assessment process, rating modules are used by the Bank and risk mitigators are defined with respect to rating categories. Rating modules are subject to validation process and the discrimination power of the module is calculated periodically.

The expected loss amount is estimated by the Bank and the Bank analyses whether own funds will be able to compensate the loss. Furthermore, the effect of possible shocks is analyzed periodically by scenario analysis and stress tests.

The concentration limits are defined in respect of main and sub-sectors.

Overdue loans and their customer segmentations and sectors are periodically monitored.

Foreign Exchange Risk:

The Risk Management Department measures the foreign exchange risk of the Bank.

The risks that arising from the exchange rate volatility are calculated by using either standard method or internal model methods by Risk Management Department on a daily basis.

The trading loss of the Bank is restricted by using VaR based limits. Besides, stop loss limits are also defined for foreign exchange transactions. The Bank defines limits with respect to the nominal short or long foreign exchange position.

Interest Rate Risk:

The activities regarding the measurement of interest rate risk are carried out by Risk Management Department.

The risks arising from the interest rate volatility are measured both for trading and banking book items. Whereas standardized method and internal models are used in the measurement process of trading items, standard interest rate shock method and duration analysis are used in the measurement process of banking book items.

The economic value decline which will be occurred due to the interest rate risk in the banking book is restricted by a certain percentage of shareholders' equity. Furthermore, the interest rate risk which will be raised from the trading book items is restricted by VaR based limits.

Liquidity Risk:

The liquidity risk measurement activities are carried out by Risk Management Department.

Both BRSA and Basel III liquidity ratios are taken into account in liquidity risk measurement process. Moreover, the strategies that will be implemented in case of liquidity shocks are determined by liquidity contingency plan. The duration mismatch of asset and liability items is monitored daily basis and the liquidity deficit which will be occurred due to the maturity mismatch is restricted by setting a limit.

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XII. EXPLANATIONS RELATED TO BUSINESS SEGMENTATION

The Bank's operations are grouped under the corporate, commercial, integrated and treasury/investment banking categories. Branches are grouped considering the information above and are scaled according to the classification shown in the table below, with the classification reflected to the head office and branches.

The Bank is rendering services to a wide range of companies in all sectors, especially to Small and Medium Size Enterprises (SME) as well as individuals having consumer status. In this context, the Bank has no restrictions on the area in which it operates.

The Bank categorizes its real and legal entities that it renders services into three groups as; firms, individual customers and other customers.

Firms are composed of traders and small-scale retailers having real and legal entity status. Within the Bank's application, firms are segmented as corporate firms, commercial firms, enterprising business firms, small size enterprises and small-scale retailers.

Individual customers are real entities without having any commercial or professional purposes other than their individual demands in the Bank's application.

Other customers are referred to as associations, organizations, trade unions, foundations, societies, building managements, parent-teacher associations and similar institutions that are not included in the aforementioned classification.

The following are the services provided by the Bank to all of its customers:

- Accepting deposits,
- Issuance of cash, noncash loans,
- All kinds of reimbursements and cash receipt operations, including cash and deposit reimbursements, fund transfers, correspondent banking transactions and use of checking accounts,
- Purchasing cheques and bank bills,
- Performing custody services,
- Issuing payment instruments such as; credit cards, cash cards and travel cheques, and performing related transactions,
- Including spot transactions, foreign exchange transactions, trading of money market securities, bullion trading and/or performing the related custody services,
- Trading of forward transaction agreements, option agreements and financial instruments with more than one derivative instrument and performing the related intermediary services based on the economic and financial indicators, capital markets instruments, commodities, precious metals and exchange rates,
- Assuming guarantee transactions such as; warranties and other liabilities in favor of others,
- Having intermediary transactions on Interbank money transfer, insurance agency services,
- Rendering insurance agency transactions,
- Acting as a market maker in trade operations in accordance with liabilities assumed within the context of the agreement composed by the Turkish Treasury and/or Central Bank and associations,
- Trading capital market instruments and performing repurchase and reverse repo transactions,
- Acting as an intermediary in the sale process of capital market instruments by means of issuing instruments or through a public offering,
- Trading the capital market instruments issued for the purpose of performing intermediary services.

Under the Treasury transactions, medium and long-term fund provision is performed through securities exchange, money market operations, spot and time TRY and foreign exchange transactions, derivative instruments (such as; forwards, swaps, futures and options), syndication and securitization, etc.

Held to maturity investments	18.854.586	13.455.515	18.373.149	13.336.577
Loans ⁽²⁾	84.413.441	65.550.830	76.892.426	62.140.829
Financial Liabilities	120.976.743	90.952.227	119.985.771	90.644.050
Deposits	100.756.197	79.973.901	100.887.812	80.086.060
Derivative financial liabilities held for trading	43.848	50.666	43.848	50.666
Funds provided from other financial intuitions	13.615.155	7.303.335	12.838.597	6.946.820
Money market borrowings	771.416	381.230	771.416	381.230
Securities issued	4.164.684	2.038.438	3.916.700	2.038.438
Miscellaneous payables	1.624.053	1.203.417	1.526.008	1.139.596
Leasing payables	1.390	1.240	1.390	1.240

⁽¹⁾ As of 31 December 2013, TRY 13.963 of equity investments followed in available for sale financial assets which are measured at cost less any impairment losses have not been included in the table above (31 December 2012: TRY 10.450).

⁽²⁾ Net of follow-up loans has not been included in the table above.

The methodologies and assumptions used to determine fair values for those financial instruments which are not already recorded at fair value in the financial statements:

- i- The fair value of the held to maturity assets is determined by market places, when the market prices are not available, quoted market prices of other marketable securities which are subject to redemption with the same terms of interest maturity and other similar conditions have been used.
- ii- The applicable interest rates as of balance sheet date are used in the calculation of fair value of money market placements, banks, loans, deposits, funds provided from other financial intuitions and sundry creditors.

Classification of Fair Value Measurement

IFRS 7 - Financial Instruments requires the classification of fair value measurements into a fair value hierarchy by reference to the significance of the inputs used in measuring fair value of financial instruments measured at fair value to be disclosed. This classification basically relies on whether the relevant inputs are observable or not. Observable inputs refer to the use of market data obtained from independent sources, whereas unobservable inputs refer to the use of predictions and assumptions about the market made by the Company. This distinction brings about a fair value measurement classification generally as follows:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
- Level 3: Fair value measurements using inputs for the assets or liability that are not based on observable market data (unobservable inputs).

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Classification requires using observable market data if possible.

The classification of fair value measurements of financial assets and liabilities measured at fair value is as follows:

Current Period	Level 1	Level 2	Level 3	Total
Financial assets at fair value through profit/loss:				
Financial assets held for trading purpose ⁽²⁾	20.174	139.687	-	159.861
<i>Debt securities</i>	20.174	-	-	20.174
<i>Derivative financial assets held for trading purpose</i>	-	139.687	-	139.687
Available-for-sale financial assets ⁽¹⁾	9.526.785	-	-	9.526.785
<i>Debt securities</i>	9.526.785	-	-	9.526.785
Total Financial Assets	9.546.959	139.687	-	9.686.646
Financial liabilities at fair value through profit/loss:				
Derivative financial liabilities held for trading purpose	-	43.848	-	43.848
Total Financial Liabilities	-	43.848	-	43.848

⁽¹⁾ 31 December 2013, share certificates amounting to TRY 13.963 in available for sale financial assets are not included in the above table, which are recognized with impairment net off historic cost.

⁽²⁾ As of 31 December 2013, marketable securities amounting to TRY 3.672 that are valued by internal rate of return, are not included in financial assets held for trading purpose.

Prior Period	Level 1	Level 2	Level 3	Total
Financial assets at fair value through profit/loss:				
Financial assets held for trading purpose ⁽²⁾	19.018	83.156	-	102.174
<i>Debt securities</i>	19.018	-	-	19.018
<i>Derivative financial assets held for trading purpose</i>	-	83.156	-	83.156
Available-for-sale financial assets ⁽¹⁾	9.383.212	-	-	9.383.212
<i>Debt securities</i>	9.383.212	-	-	9.383.212
Total Financial Assets	9.402.230	83.156	-	9.485.386
Financial liabilities at fair value through profit/loss:				
Derivative financial liabilities held for trading purpose	-	50.666	-	50.666
Total Financial Liabilities	-	50.666	-	50.666

⁽¹⁾ As of 31 December 2012, share certificates amounting to TRY 10.450 in available for sale financial assets are not included in the above table, which are recognized with impairment net off historic cost.

⁽²⁾ As of 31 December 2012, marketable securities amounting to TRY 2.603 that are valued by internal rate of return, are not included in financial assets held for trading purpose.

Total	2.173.404	17.006.682	1.083.507	10.718.803

⁽¹⁾ Reserve deposits kept in Central Bank of Turkey.

⁽²⁾ Blocked reserve deposits kept in Central Bank of Turkey and Central Bank of Cyprus.

The banks operating in Turkey keep reserve deposits for Turkish currency liabilities in TRY, USD, EUR and/or standard gold at the rates between 5% and 11,5% according to their maturities (31 December 2012: between 5% and 11% according to their maturities), foreign currency liabilities in USD, EUR and/or standard gold at the rates between 6% and 13% according to their maturities (31 December 2012: between 6% and 11,5 % according to their maturities), respectively as per the Communiqué no.2011/11 and 2011/13 "Reserve Deposits" of the Central Bank of Turkey.

With the Board of Minutes No.827 dated 16 July 2012 of TRNC Central Bank's, required reserve ratio is between 5% and 8% for TRY liabilities and 8% for foreign currency liabilities.

Reserve deposits required by the Central Bank of Turkey are not interest bearing except Cyprus branches.

(2) Financial assets at fair value through profit and loss:

a) Financial assets at fair value through profit and loss blocked/given as collateral:

None.

b) Financial assets at fair value through profit and loss subject to repurchase agreements:

None.

k) Main guidelines of the liquidation policy of the Bank about the uncollectible loans and receivables:

The Bank liquidates its uncollectible receivables through three methods. These are by signing financial restructuring contract under the Law No: 4743, by making payment protocols and by presenting adequate repayment schedules for the lower amount of receivables. Within the context of this collection policy, non-performing loans are collected in considerable amounts. Collections are firstly offset against lawsuits and expenses, interest and capital receivables from loans.

The Bank recently collects some of its receivables by acquiring debtor properties in consideration of collaterals given to loans granted.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

l) Explanations on write-off policy:

In compliance with the "Procedure for Write Off and Procedures for Overdue Receivables for Legal Follow-Up" non performing loans which become unrecoverable as a result of legal follow up can be written off to prevent additional legal expenses.

m) Aging analysis of overdue but not impaired financial assets per classes of financial instruments:

c) Additional disclosures related to the concentrations of the Bank's major liabilities:

Concentrations, fund providing customers, sector groups and other criteria where risk concentration is observed:

Main liability of the Bank is deposit, which is composed of 30% of saving deposits and 27% of foreign currency deposits. In order to fulfill the short term liquidity requirements, the Bank borrows loans from interbank money markets. The Bank can borrow loans from overseas institutions especially to be used in the financing of consumer loans. There are funds obtained from the Ministry of Industry and Trade especially for constructing small industrial estates and organized industrial estates.

The Bank's 60% of banks deposits and 32% of other deposits consist of foreign currency deposits.

Provisions for non cash loans	78.830	62.215
Other	-	-

b) Foreign exchange loss provisions on the foreign currency indexed loans and finance lease receivables:

None.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE UNCONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

c) Specific provisions provided for unindemnified non-cash loans:

As of 31 December 2013, the Bank's specific provision for unindemnified non-cash loans balance is TRY 69,008 (31 December 2012: TRY 62,896). TRY 2,377 (31 December 2012: TRY 2,483) of the related provision has been allocated for non-cash loans of companies of which cash loans are transferred to the Saving Deposits Insurance Fund in accordance with and the protocol designed based on the Act No: 5230 and the related provision is managed by the SDIF.

d) Information on other provisions:

Total other provision balance amounting to TRY 249,831 (31 December 2012: TRY 452,941) consists of TRY 69,008 (31 December 2012: TRY 62,896) for specific provisions for unindemnified non cash loans, TRY 23,073 (31 December 2012: TRY 26,870) for legal cases filed against the Bank, TRY 132,231 (31 December 2012: TRY 328,300) provision for prudence in consideration for any changes that may arise in the economy and the market, TRY 25,519 (31 December 2012: TRY 34,875) of other provisions.

d.1.) Movement of employee termination benefits:

Severance indemnity provision as of 31 December 2013 is calculated by an independent company by using the actuarial conjectures. The amount calculated for the employee termination benefits as a result of the actuarial valuation according to TAS 19, is as follows;

	Current Period ⁽¹⁾	Prior Period
Discount Rate	%9,80	%7,63
Inflation Rate	%6,40	%5,00
Wage growth	%3,20	%2,63
Estimated Real Wage Growth Rate	%6,60	%5,20

Calculated amounts as a result of actuarial conjectures are as follows:

	Current Period	Prior Period
As of January 1	293.424	225.930
Charge for the year	25.229	16.877
Interest Expense	21.777	21.201
Actuarial gain/loss	(18.651)	49.210
Payment/The limitation of benefits/ Loss (Gain) because of discharge	3.282	7.700
Benefits paid within the period(-)	(29.203)	(27.494)
Total	295.858	293.424

As of 31 December 2013, unused vacation provision is TRY 111,804 and severance indemnity provision for outsource firms is TRY 8,026. This amount is followed under employee benefits provision under liabilities (31 December 2012: TRY 101,715 for unused vacation provision; TRY 6,609 for severance indemnity provision for outsources).

As of 1 January 2013, actuarial gains and losses are recognized and accounted in shareholders' equity.

SECTION VI: OTHER EXPLANATIONS AND NOTES

I. OTHER EXPLANATIONS ON THE BANK'S OPERATIONS

The Istanbul Chief Public Prosecutor's Office has included Mr. Süleyman ASLAN, who is the member of the Board of Directors (former Chief Executive Officer) to the scope of the judicial inquiry which is known in the public and demanded information and documents from the Bank about this investigation.

The transactions that might be considered in the scope of the judicial inquiry have been inspected and audited comprehensively by the Board of Inspectors of the Bank. There is no finding on any significant case that might influence the financial statements of the Bank according to the report prepared by the Board of Inspectors of the Bank. The auditors of the BRSA made also an examination regarding this issue and there is not any negative opinion or problematical transaction conveyed to Bank by BRSA.

According to Board of Director's decision made on the 6 February 2014, Mr. Ali Fuat TAŞKESENLIOĞLU has been elected as a Member of the Board, pursuant to the Turkish Commercial Code Article 363 for the vacant Board Membership due to decease of Mr. Ahmet Kahraman. Mr. Ali Fuat TAŞKESENLIOĞLU has started his position as Member of the Board on 7 February 2014. The title of the CEO has been taken from Mr. Süleyman ASLAN and Mr. Ali Fuat TAŞKESENLIOĞLU is assigned as Chief Executive Officer of Halkbank as per to the approval of BRSA and the resolution of the Board of Directors dated 7 February 2014.

In its announcement on the Public Disclosure Platform dated 23 December 2013 and 13 January 2014 the Board of Directors has informed the public and the investors, that the Bank does not have any business operations or transaction in contradiction with the national and international regulations and there is no undertaken review or investigation regarding the related authorities in relation to the Bank's legal entity, and further, that the Bank is continuing and will continue its activities, as it has done in the past, uninterrupted and in line with all national and international regulations.

SECTION VII: INDEPENDENT AUDITORS' REPORT

I. EXPLANATIONS ON THE INDEPENDENT AUDITORS' REPORT

The unconsolidated financial statements as of and for the year ended 31 December 2013 were audited by Akis Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik AŞ (the Turkish member firm of KPMG International Cooperative, a Swiss entity) and Independent Auditors' Report dated 17 February 2014 is presented in the introduction of this report.

II. EXPLANATIONS AND NOTES PREPARED BY THE INDEPENDENT AUDITORS

We draw attention to the judicial inquiry about Mr. Süleyman ASLAN (former Chief Executive Officer) as explained by the Board of Directors in the Section VI. This issue is not qualifying our opinion presented in the introduction part.

**Convenience Translation of the Independent Auditors' Report
Originally Prepared and Issued in Turkish (See Section 3.I)**

**INDEPENDENT AUDITORS' REPORT
AS OF AND FOR THE YEAR ENDED 31 DECEMBER 2013**

To the Board of Directors of Türkiye Halk Bankası AŞ:

We have audited the consolidated balance sheet of Türkiye Halk Bankası AŞ ("the Bank") and its financial affiliates (together "the Group") as of 31 December 2013 and the consolidated statements of income, consolidated cash flows and consolidated changes in shareholders' equity for the year then ended and a summary of significant accounting policies and notes to the consolidated financial statements.

Management's responsibility for the Financial Statements:

The Board of Directors of the Bank is responsible for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to error or fraud; and for selecting and applying appropriate accounting policies in accordance with the "Regulation on Accounting Applications for Banks and Safeguarding of Documents" published on the Official Gazette numbered 26333 on 1 November 2006, Turkish Accounting Standards, Turkish Financial Reporting Standards and the other regulations, communiqués and circulars and pronouncements in respect of accounting and financial reporting made by the Banking Regulation and Supervision Board and the pronouncements made by the Banking Regulation and Supervision Agency.

Disclosure for the Responsibility of the Authorized Audit Firm:

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. Our audit is performed in accordance with the "Regulation on the Assignment and Activities of the Banks' Independent Audit Firms" published on the Official Gazette numbered 26333 on 1 November 2006 and the International Standards on Auditing. We planned and conducted our audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement. An audit includes using the audit techniques for the purpose of obtaining evidence supporting the amounts and disclosures in the financial statements. The selection of the audit techniques is made in accordance with our professional judgment by taking the effectiveness of the internal control into consideration and assessing the appropriateness of the applied accounting policies applied relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The accompanying consolidated financial statements as of 31 December 2013 include a general reserve amounting to net TRY 132.231 thousands after the reversal of TRY 196.069 thousands in the current period and recorded as income, provided by the Bank management for the possible result of the negative circumstances which may arise from any changes in economy or market conditions.

In our opinion, except for the effect of the matter described in the fourth paragraph above on the consolidated financial statements, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Türkiye Halk Bankası AŞ and its financial affiliates as of 31 December 2013 and the result of its operations and cash flows for the year then ended in accordance with the prevailing accounting principles and standards set out as per the existing regulations described in Article 37 and Article 38 of (Turkish) Banking Law No 5411 and the other regulations, communiqués and circulars in respect of accounting and financial reporting made by the Banking Regulation and Supervision Board and the pronouncements made by the Banking Regulation and Supervision Agency.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION I: GENERAL INFORMATION ABOUT THE PARENT BANK

I. ESTABLISHMENT DATE OF THE PARENT BANK, INITIAL ARTICLES OF ASSOCIATION, HISTORY OF THE PARENT BANK INCLUDING THE CHANGES OF THESE ARTICLES

Türkiye Halk Bankası Anonim Şirketi (the "Parent Bank" or "Halkbank") was established in Turkey in accordance with the law no: 2284 in 1933 and began its operations in 1938 and still continues its activities as a public commercial bank.

II. CAPITAL STRUCTURE OF THE PARENT BANK, SHAREHOLDERS THAT RETAIN DIRECT OR INDIRECT CONTROL AND MANAGEMENT OF THE PARENT BANK SOLELY OR TOGETHER, CHANGES ABOUT THESE ISSUES DURING THE YEAR AND DISCLOSURES ABOUT THE GROUP

The capital of the Parent Bank is controlled directly by the Republic of Turkey Prime Ministry Privatization Administration.

As of 31 December 2013 the shareholders' structure and their respective ownerships are summarized as follows:

Shareholders	31 December 2013		% 31 December 2012		%
Prime Ministry Privatization Administration ^(1,2)	638,276	51,06	638,276	51,06	
Public shares ⁽²⁾	611,272	48,90	611,266	48,90	
Other shareholders	452	0,04	458	0,04	
Total	1.250.000	100,00	1.250.000	100,00	

⁽¹⁾ As per the decree of the Higher Council of Privatization numbered 2007/8 and dated 5 February 2007; 25% of the public shares that were previously held by the Privatization Administration were privatized by a public offering and the Parent Bank's shares were registered to Capital Market Board records by decision number 16/471 dated 26 April 2007. The shares were traded on the Borsa İstanbul A.Ş. as of 10 May 2007. As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012; 23,92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

⁽²⁾ The shares of the Prime Ministry Privatization Administration amounting TRY 550 have been included in Public shares. With that shares, the total shares amounting TRY 638,826 that held by the Privatization Administration is the 51,11% of the total shares.

⁽³⁾ According to Turkish Commercial Code, 3rd Sub-article added to Article 2 of the Law No: 6327 and 4603 dated 13 June 2012, The Privatization High Council public shares of the Parent Bank are controlled and represented by the Parent Bank's Minister until the sales completion of these shares.

IV. INFORMATION ABOUT THE PERSONS AND INSTITUTIONS THAT HAVE QUALIFIED SHARES ATTRIBUTABLE TO THE PARENT BANK

Except for the Prime Ministry Privatization Administration, no person or institute has any qualified shares attributable to the Parent Bank.

V. SUMMARY ON THE PARENT BANK'S FUNCTIONS AND LINES OF ACTIVITY

a) General information about the Parent Bank:

Türkiye Halk Bankası Anonim Şirketi was established in Turkey in accordance with the Law No: 2284 in 1933 and began its operations in 1938 and still continues its activities as a public commercial bank.

b) Law numbered 4603 regarding the "Law on Türkiye Cumhuriyeti Ziraat Bankası, Türkiye Halk Bankası Anonim Şirketi and Türkiye Emlak Bankası Anonim Şirketi", was prepared within the framework of the macro-economic program for the period 2000-2002. The purpose of the law is to modernize the operations of the banks to arrive at a point where the requirements of the international norms and international competition can both be reached and it also aims to sell the majority of the banks' shares to individuals or legal entities in the private sector. The Parent Bank revised its charter of establishment, elected a new board of directors and increased its nominal capital from TRY 250.000 to TRY 1.250.000 in the extraordinary general assembly held on 14 April 2001. Within the scope of the restructuring process, the Parent Bank received government bonds in settlement of the accumulated specific duty losses and the Parent Bank's whole specific duty loss receivable was thus eliminated as at 30 April 2001. In addition, a significant number of personnel were encouraged to sign new contracts and transferred to other government institutions.

c) According to Article 2.2 of Law No: 4603, subsequent to the completion of the restructuring procedures, the procedures involved in sale of the shares of the Parent Bank were to be concluded under the provisions of Law No: 4046 based on the "Regulation of Privatization Applications and Amendment of Some Laws and Decrees with the Force of Law". The procedures relating to restructuring and sale of the shares were to be completed within three years (until 25 November 2003) as of the effective date of the related law. However, by Law No: 5230 dated 31 July 2004, the term "3 years" in Article 2.2 of Law numbered 4603 was previously amended to "5 years" and subsequently by Law No: 5572 dated 10 January 2007 the related term was amended to "10 years". As a result of this amendment, the privatization period of the Parent Bank was extended. The Council of Ministers has the authority to extend this period by the half of that period for one time only. The Council of Ministers extended by the half of that "10 years" period by the Decree numbered 2010/964 and dated 6 November 2010.

c.1) When the related Decree numbered 2006/69 and dated 11 August 2006 was in force, the Privatization High Council public shares were transferred to the Privatization Administration and 99.9% of the Parent Bank shares were decided to be sold before 25 May 2008 using the block sale method. By the Privatization High Council's decree numbered 2006/4258 and dated 29 November 2006, 13th Department of Council of State decided to cease the execution of the Decree numbered 2006/69 dated 11 August 2006. Thereupon, legal regulation numbered 5572 was executed and as per the decree of the Higher Council of Privatization numbered 2007/8 and dated 5 February 2007, up to 25% of the public shares that were

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

previously transferred to the Privatization Administration on 11 August 2006, were decided to be privatized by a public offering and it was decided to be concluded by the end of 2007. The first phase of the privatization process of the Parent Bank corresponding to 24.98% was completed in the first week of May 2007 and Halkbank shares were traded on Borsa İstanbul A.Ş. as of 10 May 2007 with the base price of TRY full 8,00. As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012; 23,92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

d) Under No: 25539 Law regarding the "Act No: 5230 with regards to the transfer of Pamukbank Türk Anonim Şirketi to Türkiye Halk Bankası AŞ and amendments to other acts" which came into force as of 31 July 2004 with the publication of the Official Gazette, Pamukbank (whose shares, management, and control were previously inherited to the Saving Deposit Insurance Fund ("SDIF")) was transferred to the Parent Bank. Insolvent Pamukbank TAŞ was a private sector deposit bank established by Çukurova İthalat ve İhracat TAO, Karamehmetler Scrip Company and more than 500 shareholders. Pamukbank started its private banking operations as an incorporated company in accordance with the decision of the Council of Ministers numbered 4/4573 and dated 5 March 1955. According to the decision of the Banking Regulation and Supervision Agency numbered 742 published in the Official Gazette numbered 24790 and dated 19 June 2002 including 3rd and 4th Sub-articles in Article 14 of the Banking Law No: 4389, the shareholders rights excluding dividends, management and supervision of Pamukbank were transferred to the Saving Deposit Insurance Fund as of 18 June 2002.

e) The Parent Bank's service activities and operating areas: The Parent Bank's operating areas include, commercial financing and corporate banking, fund management operations, retail banking and credit card operations.

As of 31 December 2013, the Parent Bank operates with a total of 877 branches consisting of 872 domestic and 5 foreign branches that are 4 in Cyprus and 1 in Bahrain. Domestic Branches include 38 satellite branches and 2 financial services branches. The Parent Bank has also 1 representative office in Iran.

- Kobi Girişim Sermayesi Yatırım Ortaklığı AŞ

is accounted by "equity method" in the accompanying consolidated financial statements.

Halk Gayrimenkul Yatırım Ortaklığı AŞ ("the Company"), a subsidiary of the Parent Bank established in 2010, was registered on 18 October 2010. The Company's main line of business is, to form and improve real estate portfolios and to invest in real estate based capital market instruments. The Company's main operative target is, based on the Capital Markets Board's ("CMB") regulation regarding the investment properties, to invest in capital market instruments based on real estates, real estate projects and rights based on real estates.

As at 15 February 2013 28% shares of Halk GYO has been offered to public. After the collecting the demand the Company's shares started to be traded on Borsa İstanbul AŞ at 22 February 2013.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Halk Finansal Kiralama AŞ ("Halk Leasing"), was an associate of the Parent Bank with 47,75% of the shares and consolidated according to the equity method until 27 May 2011. The Group obtained the control of Halk Leasing by acquiring 52,24% of the shares and voting interests in the company as of 27 May 2011. As a result, the Group's equity interest in Halk Leasing has increased from 47,75% to 99,99%. Halk Leasing was established in September 1991 in Turkey and operates under the provisions of the Turkish financial leasing law number 3226.

Halk Banka AD Skopje, formerly Export and Credit Bank AD Skopje is a subsidiary of the Parent Bank. The Group obtained the control of Halk Banka AD, Skopje by acquiring 98,12% of the shares and voting interests of the company as of 8 April 2011 and 8 August 2011. Halk Banka AD Skopje has taken over Ziraat Banka AD Skopje which the is a Turkish capital bank that operates in Macedonia, through the merger as of 1 October 2012. As a result, the Group's equity interest in Halk Banka AD, Skopje has increased from 98,12% to 98,78%. Halk Banka AD, Skopje is operating in Republic of Macedonia. Its main activities include commercial lending, receiving of deposits, foreign exchange deals, and payment operation services in the country and abroad and retail banking services.

Halk Portföy Yönetimi AŞ ("Halk Portföy"), a subsidiary of the Parent Bank established in 2011, was registered on 30 June 2011. Halk Portföy's main line of business is to provide portfolio and fund management services.

Halk Faktoring AŞ ("Halk Faktoring"), was a subsidiary of the Parent Bank with capital payments of amounting to TRY 19.000 and 95% of shares. After, it was registered to trade registry on 6 June 2012, establishment has been completed. Halk Faktoring's main line of business is to provide factoring services, that include legitimate commercial lending for all domestic and international trade operation.

For the purposes of the consolidated financial statements, the Parent Bank and its consolidated subsidiaries are referred to as "the Group".

VII. DIFFERENCES BETWEEN THE COMMUNIQUE ON PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS OF BANKS AND TURKISH ACCOUNTING STANDARDS AND SHORT EXPLANATION ABOUT THE INSTITUTIONS SUBJECT TO LINE-BY-LINE METHOD OR PROPORTIONAL CONSOLIDATION AND INSTITUTIONS WHICH ARE DEDUCTED FROM EQUITY OR NOT INCLUDED IN THESE THREE METHODS

Due to differences between the Communiqué on Preparation of Consolidated Financial Statements of Banks and Turkish Account Standards (TAS), the non-financial subsidiary, Bileşim Alternatif Dağ. Kan. A.Ş, is not accounted in the consolidated financial statements. In the financial statements prepared in accordance with International Financial Reporting Standards, Bileşim Alternatif Dağ. Kan. A.Ş is included in the scope of consolidation by-line by-line method.

The Parent Bank's subsidiaries Halk Sigorta AŞ, Halk Hayat Emeklilik AŞ, Halk Yatırım Menkul Değerler AŞ, Halk Gayrimenkul Yatırım Ortaklığı AŞ, Halk Finansal Kiralama AŞ, Halk Portföy Yönetimi AŞ, Halk Banka AD, Skopje and Halk Faktoring AŞ are included in the scope of consolidation by line-by-line method.

Demir-Halkbank NV ("Demir Halk Bank") and Kobi Girişim Sermayesi Yatırım Ortaklığı AŞ which are qualified as investments in associates, are presented in the financial statements based on equity method of accounting. An associate is a partnership in whose capital the Parent Bank participates and over which it has a significant influence but no control, established at home and abroad.

There is no partnership share on banks and financial institutions, with shareholding of more than 10% and deducted from capital.

Kredi Kayıt Bürosu AŞ and Bankalararası Kart Merkezi AŞ are not consolidated in the financial statements because the other banks' shares are equal and thus, the Bank has no control.

VIII. THE EXISTING OR POTENTIAL, ACTUAL OR LEGAL OBSTACLES ON THE TRANSFER OF SHAREHOLDER'S EQUITY BETWEEN THE PARENT BANK AND ITS SUBSIDIARIES OR THE REIMBURSEMENT OF LIABILITIES

Immediately transfer of the shareholder's equity between the Parent Bank and its subsidiaries is not in question. Dividend distribution from shareholders equity is done according to related regulations.

There is no existing or potential, actual or legal obstacle to the reimbursement of liabilities between the Parent Bank and its subsidiaries. The Parent Bank charge or pay cost of the services according to the service agreements done between the Parent Bank and its subsidiaries.

⁽¹⁾ Due to regulations in Turkey, profit is not distributed over consolidated figures. Therefore, above table only includes the profit distribution of the Parent Bank. Profit distribution decisions are only made by Parent Bank's general assembly. General assembly has not been held yet as of the date when the Parent Bank's financial statements are formed.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION III: EXPLANATIONS ON CONSOLIDATED ACCOUNTING POLICIES

I. BASIS OF PRESENTATION

The consolidated financial statements, related notes and explanations in this report are prepared in accordance with the Turkish Accounting Standards ("TAS"), Turkish Financial Reporting Standards ("TFRS"), Communiqué on "Banks' Accounting Practice and Maintaining Documents" and other communiqués and interpretations of Banking Regulation and Supervision Agency ("BRSA") on accounting and financial reporting.

Accounting policies applied and valuation methods used in the preparation of the consolidated financial statements are expressed in detail below.

Additional paragraph for convenience translation to English

The differences between accounting principles, as described in the preceding paragraphs, and the accounting principles generally accepted in countries, in which the accompanying financial statements are to be distributed, and International Financial Reporting Standards ("IFRS"), may have significant influence on the accompanying financial statements. Accordingly, the accompanying financial statements are not intended to present the financial position and results of operations in accordance with the accounting principles generally accepted in such countries and IFRS.

II. EXPLANATIONS ON THE STRATEGY OF USE OF FINANCIAL INSTRUMENTS AND FOREIGN CURRENCY TRANSACTIONS

1. The Group's strategy on financial instruments:

Due to its historical mission, the Parent Bank focuses on granting loans to Small and Medium Size Enterprises (SMEs) and craftsmen besides corporate, commercial and individual segmented firms. In addition to the main fund source deposits, the Group can raise funds from foreign borrowing and money market borrowing.

The Group follows the developments in the markets and uses funds raised in most yielding areas. The strategies of the Parent Bank are evaluated in the weekly Asset and Liability Committee meetings.

2. The Group's explanations on foreign currency transactions:

In the statutory records of the Group, transactions accounted in foreign currencies (currencies except for TRY) are converted into TRY by using the prevailing exchange rates at the transaction dates. Foreign currency monetary asset and liability items are converted into TRY by using the prevailing exchange rate at the balance sheet date. Non-monetary items in foreign currencies carried at fair value are converted into TRY by using the exchange rates at the date of which the fair value is determined. Exchange differences arising from the conversions of monetary foreign currency items and collections of foreign currency transactions are reflected to the income statement.

The financial statements of the foreign branches and subsidiaries of the Parent Bank are prepared in the currency of the primary economic environment in which the entity operates (functional currency). The financial statements of foreign branches and subsidiaries are expressed in TRY which is the functional currency of the Group and the presentation currency of the financial statements.

Assets and liabilities of the foreign branches and subsidiaries of the Parent Bank are converted into TRY by using the prevailing exchange rates at the balance sheet date. The foreign branches' income and expenses are converted by at exchange rates at the dates of the transactions. The foreign subsidiaries' income and expenses are converted by average rate of the exchange of the current year.

III. INFORMATION ABOUT THE ASSOCIATES AND SUBSIDIARIES SUBJECT TO CONSOLIDATION

1. Basis of consolidation:

The accompanying consolidated financial statements are prepared in accordance with the communiqué on "Preparation of Consolidated Financial Statements of Banks" and the Turkish Accounting Standards are applied in the consolidation.

a. Basis of consolidation of subsidiaries:

The Parent Bank's subsidiaries Halk Sigorta AŞ, Halk Hayat Emeklilik AŞ, Halk Yatırım Menkul Değerler AŞ, Halk Gayrimenkul Yatırım Ortaklığı AŞ, Halk Finansal Kiralama AŞ, Halk Portföy Yönetimi AŞ, Halk Banka AD, Skopje and Halk Faktoring AŞ are included in the scope of consolidation.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

A subsidiary is an entity that is controlled by the Parent Bank. Control is the power of the Parent Bank to appoint or remove from office the decision-taking majority of members of board of directors through direct or indirect possession of the majority of a legal person's capital irrespective of the requirement of owning minimum fifty-one per cent of its capital; or by having control over the majority of the voting right as a consequence of holding privileged shares or of agreements with other shareholders although not owning the majority of capital.

Under line-by-line method, the assets, liabilities, income and expenses and off-balance sheet items of subsidiaries are combined with the equivalent items of the Parent Bank on a line-by-line basis. The book value of the Parent Bank's investment in each subsidiary and the Group's portion of equity of each subsidiary are eliminated. All significant transactions and balances between the Parent Bank and its consolidated subsidiaries are eliminated reciprocally. Minority interests in the net income and in the equity of consolidated subsidiaries are calculated separately from the Group's net income and the Group's shareholders' equity. Minority interests are identified separately in the balance sheet and in the income statement.

In preparing the consolidated financial statements, if a subsidiary uses accounting policies other than those adapted by the Parent Bank, appropriate adjustments are made to subsidiaries' financial statements. There is no item that a different accounting policy is applied.

b. Basis of consolidation of associates:

Demir-Halkbank NV ("Demir Halk Bank") and Kobi Girişim Sermayesi Yatırım Ortaklığı AŞ, which are qualified as investments in associates, are presented in the accompanying financial statements based on the equity method of accounting. An associate is a partnership in whose capital the Parent Bank participates and over which it has a significant influence but no control, established at home and abroad.

Significant influence is the power to participate in the financial and operating policy of the investee. If the Parent Bank holds ten percent or more of the voting power of the associate, it is presumed that the Parent Bank has significant influence unless otherwise demonstrated. A substantial or majority ownership by another investor does not necessarily preclude an investor from having significant influence.

Qualified share is the share that directly or indirectly constitute ten percent of an entity's capital or voting rights and irrespective of this requirement, possession of privileged shares giving right to appoint members of board of directors.

Equity method is an accounting method of associates by which book value of the associate is increased or decreased due to changes in the Parent Bank's share in the associates' equity and dividends received from associate is deducted from the share of Bank calculated as explained above.

Accounting principles used by Demir Halkbank NV and Kobi Girişim Sermayesi AŞ which is a consolidated associate by the equity method of accounting, has the same accounting principles of the Parent Bank.

c. Basis of consolidation of joint ventures:

The Parent Bank does not have any joint ventures.

d. Principles applied during share transfer, merger and acquisition:

Accounting for business combinations

From 1 January 2010 the Group will apply IFRS 3 Business Combinations (2008) in accounting for business combinations. Business Combinations that occurred before 1 January 2010 had not been restated and the accounting policies applicable to those acquisitions are set out below. The new accounting policy in respect of business combinations is as follows.

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that currently are exercisable.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Acquisitions on or after 1 January 2010

The Group measures goodwill at the acquisition date as the total of:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interest in the acquiree; plus if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When this total is negative, a bargain purchase gain is recognized immediately in profit or loss.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognized in profit or loss.

The Group elects on a transaction-by-transaction basis whether to measure non-controlling interest at its fair value, or at its proportionate share of the recognised amount of the identifiable net assets, at the acquisition date.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred. Any contingent consideration payable is recognised at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity.

Otherwise, subsequent changes to the fair value of the contingent consideration are recognized in profit or loss. When share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquirer's employees (acquirer's awards) and relate to past services, then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based value of the replacement awards compared with the market-based value of the acquirer's awards and the extent to which the replacement awards relate to past and/or future service.

Acquisitions before 1 January 2010

For acquisitions before 1 January 2010, goodwill represents the excess of the cost of the acquisition over the Group's interest in the recognised amount (generally fair value) of the identifiable assets, liabilities and contingent liabilities of the acquiree. When the excess was negative, a bargain purchase gain was recognized immediately in profit or loss.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurred in connection with business combinations were capitalized as part of the cost of the acquisitions.

IV. EXPLANATIONS ON FORWARD AND OPTION CONTRACTS AND DERIVATIVE INSTRUMENTS

Derivative transactions of the Group consist of foreign currency and interest rate swaps, forwards and credit default swaps. The Group has no derivative instruments decomposed from the main contract.

Derivative financial instruments are recorded at fair value as of the contract date and valued at fair value in the following reporting periods. Although some derivative transactions are qualified as economical hedging items, they do not meet all the definition requirements of hedge accounting items. Therefore, under the Turkish Accounting Standard No: 39 "Financial Instruments: Recognition and Measurement" (TAS 39), these derivative instruments are recognized as held for trading and gains and losses of these instruments are associated with statement of income.

V. INTEREST INCOME AND EXPENSES

Interest income and expenses are recognized on an accrual basis using the effective interest method (the rate that equals the future cash flows of a financial asset or liability to its present net book value) in conformity with TAS 39 "Financial Instruments: Recognition and Measurement".

In accordance with the related legislation, realized and unrealized interest accruals of the non-performing loans are reversed and interest income related to these loans are recorded as an interest income only when they are collected.

VI. FEES AND COMMISSION INCOME AND EXPENSES

Banking service income is recorded in the income in the period when they are collected. Prepaid fees and commission income obtained from cash and non-cash loans are recorded in the related period by using discounting method with internal rate of return according to the loan maturity within the matching principle.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Fees and commission expenses on borrowings that are paid to other institutions and incorporations for financial liabilities comprise operational costs. This fees and commission expenses are booked under prepaid expenses and transferred to expense accounts in the related periods by using the straight accrual method according to the financial borrowing maturity within the matching principle.

VII. EXPLANATIONS AND DISCLOSURES ON FINANCIAL ASSETS

Financial instruments comprise financial assets, financial liabilities and derivative instruments. The financial assets are included in the balance sheet of the Group, if the Group is a legal party of these financial assets.

Financial assets mainly constitute the majority of the commercial activities and operations of the Group. These instruments have the ability to expose, affect and diminish the risks of liquidity, credit and interest in the financial statements.

Fair value is the amount for which an asset could be exchanged or a liability could be settled, between knowledgeable willing parties in an arm's length transaction. Market value is the amount obtainable from the sale or payable on the acquisition of a financial instrument in an active market, if one exists.

The estimated fair values of financial assets have been determined by the Group using the available market information and appropriate valuation methodologies. However, judgment is necessarily required to interpret market data to develop the estimated fair value. Hence, estimations presented in this report may not be same with the prices in the current market conditions in the case of assets disposals. Book values of some financial assets (which equals to their costs) are assumed to approximate to their fair values due to their short term nature.

The financial instruments and their valuations methods based on their classification on the financial statements are set out below.

1. Cash and banks

Cash and bank balances in foreign currencies are valued by using the Bank's current period end exchange rates. The presented values of cash in TRY, foreign currency cash and banks at balance sheet are the estimated fair values of these assets.

2. Financial assets at fair value through profit and loss

a. Financial assets held for trading

Financial assets held for trading are financial assets, which are either acquired for generating a profit from short-term fluctuations in price or dealer's margin, or are financial assets included in a portfolio with a pattern of short-term profit taking.

Financial Assets Held For Trading are presented in the balance sheet with their fair values and are subject to valuation at fair values after the initial recognition. Valuation gains or losses are recognized in the profit/loss accounts. Interests gained from the retention of held for trading financial assets are recognized under the interest income and dividends gained is recognized under the dividend income in the income statement. If these assets are disposed of prior to their maturity periods, loss or gain from the disposal is recognized in the income statement by using interest income/expense accounts under profit/loss from the capital market operations.

b. Financial assets at fair value through profit and loss

Financial assets at fair value through profit and loss represent the financial assets at fair value through profit and loss at the initial recognition and those are not obtained for trading purposes. Recognition of fair value differences of those assets are similar to the financial asset held for trading.

The Group has not any financial assets at fair value through profit and loss as of 31 December 2013 and 31 December 2012.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

3. Investments held to maturity

Investments held to maturity are the investments, for which there is an intention of holding until maturity and the relevant conditions for fulfillment of such intention, including the funding ability, and for which there are fixed or determinable payments with fixed maturity; and which are recognized at fair value at initial recognition. Investments held to maturity with the initial recognition at fair value including transaction costs are subject to valuation with their discounted cost value by using the internal rate of return method less provision for any impairment, if any. Interest income from investments held to maturity is recognized in the income statement as an interest income. There are no financial assets that are classified by the Group as investments held to maturity; however, they cannot be classified under this classification for two years for not satisfying the requirements of the related classification.

4. Financial assets available for sale

Financial assets available for sale represent non-derivative financial assets other than the bank loans and receivables, investments held to maturity and financial assets at fair value through profit and loss. Initial recognition and subsequent valuation of financial assets available for sale are performed based on the fair value including transaction costs. The amount arising from the difference between cost and amortized value is recognized through income statement by using the internal rate of return. If a price does not occur in an active market, fair value cannot be reliably determined and "Amortized Value" is determined as the fair value using the internal rate of return. Unrealized gains and losses arising from changes in fair value of the financial assets available for sale are not recognized in the income statement, they are recognized in the "Marketable Securities Revaluation Fund" until the disposal, sale, redemption or incurring loss of those assets. Fair value differences accounted under equity arising from the application of fair value are reflected to the income statement when these assets are sold or when the valuation difference is collected.

5. Loans and receivables

Loans and receivables represent unquoted financial assets in an active market that provide money, goods or services to the debtor with fixed or determinable payments.

Loans and receivables are initially recognized with their fair values including settlement costs and carried at their amortized costs calculated using the internal rate of return at the subsequent recognition. Transaction fees, dues and other expenses paid for loan guarantees are recognized under the profit and loss accounts.

Consumer and corporate cash loans are recognized under the accounts specified by the Uniform Chart of Accounts and Explanations with their original balances based on their context.

Foreign currency indexed consumer and corporate loans are followed at TRY accounts after converting into TRY by using the opening exchange rates. At the subsequent periods, increases and decreases in the loan capital are recognized under the foreign currency income and expense accounts in the income statement depending on foreign currency rates being higher or lower than opening date rates. Repayments are calculated using the exchange rates at the repayment dates and exchange differences are recognized under the foreign currency income and expense accounts in the income statement.

Non-performing loans are classified in accordance with the regulation on "Methods and Principles for the Determination of Loans and Other Receivables to be Reserved for and Allocation of Reserves" published in the Official Gazette No: 26333 dated 1 November 2006 and amended with the regulation published in the Official Gazette No: 28418 dated last 21 September 2012 and specific provisions are allocated for those loans. Specific provisions are reflected to "820/821 Provisions and Impairment Expenses 82000/82100 Specific Provisions Expenses" account. Provisions released in same year are recognized as a credit movement under the "Provision Expenses", released portion of the previous period provisions are recognized under the "Other Operating Income" account.

VIII. EXPLANATIONS ON IMPAIRMENT OF FINANCIAL ASSETS

At each balance sheet date, the Group reviews the carrying amounts of its financial asset or group of financial assets whether there is an objective indication that those assets have suffered an impairment loss. If such indication exists, the Group determines the related impairment amount.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

A financial asset or a group of financial assets is subject to impairment loss only if there is an objective indication that the occurrence of one or more than one event ("loss event") subsequent to the initial recognition of that asset has an effect on the reliable estimate of the expected future cash flows of the related financial asset and asset group. Irrespective of their high probability of incurrence, future expected losses are not recognized.

Impairment losses attributable to the investments held to maturity are measured as the difference between the present values of estimated future cash flows discounted using the original interest rate of financial asset and the book value of asset. The related difference is recognized as a loss and it decreases the book value of the financial asset. At subsequent periods, if the impairment loss amount decreases, impairment loss recognized is reversed.

When a decline occurs in the fair values of the "financial assets available for sale" of which value decreases and increases are recognized in equity, the accumulated profit/loss that had been recognized directly in equity is transferred from equity to period profit or loss. If, in a subsequent period, the fair value of the related asset increases, the impairment loss is reversed, with the amount of the reversal recognized in profit or loss.

For loans and receivables; the Parent Bank's management performs consistent loan portfolio reviews and if any doubts on the collectability of the loans arise, the related loans are classified in accordance with legislation on "Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions ("Communiqué")" published in the Official Gazette numbered 26333 and dated 1 November 2006. The Bank does not limit the provision amount for the non-performing loans recognized before 1 January 2008 with the minimum rates defined in the related regulation and allocates specific provision for such loan amounts in full and they are recognized in the statement of income. Bank sets specific provision for non-performing loans recognized after 1 January 2008 through deducting the collateral amount, calculated in accordance with the related coefficient rates defined in the Article 10 of the related legislation, from the follow-up amount and setting 100% provision for the outstanding follow-up risk amount excluding the surety ship type of collaterals defined in the Article 9 of the related legislation. Unindemnified non-cash loans extended to follow-up entities are added to the follow-up risk amount after conversion by credit conversion rates defined in the Communiqué. The Bank sets 100% provision for the outstanding follow-up risk amount, that are calculated by deducting the collateral amount, and calculated in accordance with the related coefficient rates defined in the Article 10 of the related legislation. Collections made related to those loans are offset against the capital and interest collections are recognized under the "Interest Received from Non-performing Loans" item of the income statement.

Other than specific allowances, the Bank provides "general allowances" for loan and other receivables classified in accordance with the Regulation on Identification of and Provision against Non-Performing Loans and Other Receivables. The Bank is providing 1% general allowance for cash loans and other receivables; 0,2% general allowances for non-cash loans. In accordance with the communiqué "The change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 28 May 2011 No: 27947 Official Gazette, banks are able to change the terms of the payment plans of their loans and other receivables monitored under standard and other receivables group given that those loans and receivables qualify for the prerequisites. However, if the changes made extend the initial payment plan, a general provision allocated accordingly with the related loans and other receivables given that it is no less than the 5 times of the predetermined ratio and for loans and other receivables followed under close monitoring provision cannot fall below 2,5 times of the designated ratio.

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 18 June 2011 No: 27968 Official Gazette, the Parent Bank applies general provision ratios as 4% for all consumer loans in first group and 8% for all consumer loans in second group respectively except for real estate and automobile loans in both groups.

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 21 September 2012 No: 28418 Official Gazette, as of the recent month end prior to the effective date of the Communiqué, the Bank will provide the differences in general allowances for cash loans, close monitoring loans, letters of guarantees, bill guarantees and sureties and other non-cash loans with the rates stated in the first paragraph of Article 7 of the Communiqué until 31 December 2015.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

In accordance with the communiqué "The Change in the Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" published on 8 October 2013 No: 28789 Official Gazette, as of the recent month end prior to the effective date of the Communiqué, the Bank will provide the differences in general allowances for all consumer loans except for real estate loans in both groups with the rates stated in the second paragraph of Article 7 of the Communiqué until 31 December 2015.

IX. OFFSETTING FINANCIAL ASSETS AND LIABILITIES

A financial asset and a financial liability shall be offset and the net amount shall be presented in the balance sheet only when a party currently has a legally enforceable right to set off the recognized amounts or intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

X. EXPLANATIONS ON SALES AND REPURCHASE AGREEMENTS (REPOS) AND TRANSACTIONS ON SECURITIES LOANED

Marketable securities subject to repurchase agreements are classified under "Available for Sale Financial Assets" or "Held to Maturity Investments" in the Group's portfolio and they are valued according to the valuation principles of the related portfolios.

Funds obtained from the repurchase agreements are recognized under "Funds from Repurchase Transactions" account in liabilities. For the difference between the sale and repurchase prices determined by the repo agreements for the period; expense accrual is calculated using the internal rate of return method.

Reverse repo transactions are recognized under the "Receivables from Reverse Repo Transactions" account. For the difference between the purchase and resale prices determined by the reverse repo agreements for the period; income accrual is calculated using the internal rate of return method.

XI. EXPLANATIONS ON ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS

Assets that meet the criteria to be classified as held for sale are measured at the lower of its carrying amount and fair value less costs to sell. Depreciation of such assets is ceased and they are presented separately in the balance sheet. In order to classify a tangible fixed asset as held for sale, the asset (or the disposal group) should be available for an immediate sale in its present condition subject to the terms of any regular sales of such assets (or such disposal groups) and the sale should be highly probable. For a highly probable sale, the appropriate level of management must be committed to a plan to sell the asset (or the disposal group), and an active programme to complete the plan should be initiated to locate a customer. Also, the asset (or the disposal group) should have an active market sale value, which is a reasonable value in relation to its current fair value. Events or circumstances may extend the completion of the sale more than one year. Such assets are still classified as held for sale if there is sufficient evidence that the delay in the sale process is due to the events and circumstances occurred beyond the control of the entity or the entity remains committed to its plan to sell the asset (or disposal group).

A discontinued operation is a component of a bank that either has been disposed of, or is classified as held for sale. Gains or losses relating to discontinued operations are presented separately in the income statement.

XII. EXPLANATIONS ON GOODWILL AND OTHER INTANGIBLE ASSETS

As at the balance sheet date, there is no goodwill recorded in the consolidated balance sheet of the Group.

Intangible assets that are purchased prior to 1 January 2005 are carried at their restated historical costs and intangible assets that are purchased in the subsequent periods are carried at their historical cost, less any accumulated amortization and any impairment losses. Intangible assets are amortized by using the straight line method based on their useful lives. Amortization method and period are assessed periodically at the end of each year. Intangible assets consist of software expenses and they are amortized by using the straight line method over 5 years. There is no significant change in the accounting estimates expected or to be expected having a significant effect on the amortization method, amortization period or residual value.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XIII. EXPLANATIONS ON PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment that are purchased prior to 1 January 2005 are carried at their 31 December 2004 dated restated costs and property, plant and equipment that are purchased in the subsequent periods are carried at cost, less any accumulated depreciation and any impairment losses. Property, plant and equipment are amortized by using the straight line method during their useful lives. Gain or loss arising from the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of that asset and is recognized in profit or loss. Leasehold improvements are depreciated over the lease period by straight line method.

Ordinary maintenance and repair expenses of property, plant and equipment items are recognized as expenses.

Estimated useful lives of property, plant and equipment are as follows:

	Estimated useful lives (Year)	Depreciation rate
Buildings	50	% 2
Safe-deposit boxes	50	% 2
Other movable properties	2-25	% 4-50
Assets held under financial leases	4-5	% 20-25

Leasehold improvements are depreciated over the lower of the periods of the respective leases and useful lives, on a straight-line basis. In any case useful life cannot exceed the lease period. If the duration of lease agreement is not determined or longer than five years, amortization duration is considered as five years.

There is no change in accounting estimates that is expected to have significant effect in current period and subsequent periods.

There are no mortgages, pledges or similar in cumbrances designated for the property, plant and equipment.

XIV. EXPLANATIONS ON INVESTMENT PROPERTIES

Investment properties are kind of property which is held by the Group to earn rent.

These are listed in the attached consolidated financial statements at acquisition costs less accumulated amortization and impairment provisions. The accounting policies mentioned for tangible assets are also valid for investment properties.

XV. EXPLANATIONS ON LEASING TRANSACTIONS

Assets acquired under financial leases are carried at the lower of their fair values or amortized value of the lease payments. Leasing payables are recognized as liabilities in the balance sheet while the interest payable portions of the payables are recognized as a deferred amount of interest. Assets held under financial leases are recognized under the property, plant and equipment (movable properties) account and are depreciated by using the straight line method.

In the cases of the Group is renter, at the beginning of the lease operation the value of assets held under financial leases are recognized as financial lease receivables in the balance sheet. Interest income obtained by the difference between total financial lease receivables and investment value of assets held under financial leases is recorded in the income statement by distributing the receivables in the related accounting period with the constant interest rate. The interest income which is not accrued in the related period, is recognized in the account of unaccrued interest income.

Operational lease transactions are recognized in line with the related agreement on an accrual basis.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XVI. EXPLANATIONS ON INSURANCE TECHNICAL INCOME AND EXPENSE

Insurance premium income is obtained subsequent the share of reinsurers in policy income is diminished.

Claims are recorded in expense as they are reported. Outstanding loss provisions are recognized for the claims reported but not paid yet and for the claims that incurred but not reported. Reinsurers' share of claims paid and outstanding loss are offset in these provisions.

XVII. EXPLANATIONS ON INSURANCE TECHNICAL PROVISIONS

According to the current insurance regulation, insurance companies should recognize provisions for unearned premium claims, unexpired risk reserves, provision for outstanding claims, life-mathematical provisions and equalization provisions.

The provision for unearned premiums consists of the gross overlapping portion of accrued premiums for insurance contracts that are in effect to the subsequent period or periods of balance sheet date on a daily basis without a commission or any other discount.

In case the expected loss premium ratio is over 95%, the unexpired risk reserves are recognized for the branches specified by the Undersecretariat of Treasury. For each branch, the amount found by multiplying the ratio exceeding 95% by the net unearned premium provision is recognized in the financial statements as net unexpired risk reserve; and the amount found by multiplying the ratio exceeding 95% by the gross unearned premium provision is recognized as gross unexpired risk reserve. The difference between the gross and the net amounts is considered as the share of the reinsurer.

Claim provision is recognized for the accrued claims which are not paid in the current period or in the prior periods or for the claims realized with the expected costs but not reported.

Mathematical provision is recognized in order to meet the requirements of policyholders and beneficiaries for long-time life, health and personal accident insurance contracts on actuarial bases.

Equalization provision is recognized in order to balance the fluctuations in the claim ratios.

Effective 1 January 2005, the Group's insurance subsidiaries adopted TFRS 4, Insurance Contracts ("TFRS 4"). TFRS 4 represents the completion of phase I and is a transitional standard until the recognition and measurement of insurance contracts has more fully addressed. TFRS 4 requires that all contracts issued by insurance companies be classified as either insurance contracts or investment contracts.

Insurance risk is defined as risk, other than financial risk, transferred from the holder of a contract to the issuer. TFRS 4 permits a company to continue with its previously adopted accounting policies with regard to recognition and measurement of insurance contracts. Only in case of presentation of more reliable figures a change in accounting policy shall be carried out. Contracts issued by insurance companies without significant insurance risk are considered investment contracts. Investment contracts are accounted for in accordance with TAS 39 revised.

Insurance companies of the Group cede premium and risks in the normal course of business in order to limit the potential for losses arising from risks accepted. Insurance premiums ceded to reinsurers on contracts that are deemed to transfer significant insurance risk are recognized as an expense in a manner that is consistent with the recognition of insurance premium revenue arising from the underlying risks being protected.

Costs which vary and are directly associated with the acquisition of insurance and reinsurance contracts including brokerage, commissions, underwriting expenses and other acquisition costs are deferred and amortized over the period of contract, consistent with the earning of premium.

In conformity with TFRS 4, at each balance sheet date, liability adequacy tests are performed to ensure the adequacy of the insurance contract liabilities net of related Deferred Acquisition Costs (DAC) and premiums receivable. Investment income from the assets backing the liabilities is taken into account in calculating the provision. Any deficiency, if there is, is immediately charged to the income statement initially by writing off DAC and by subsequently establishing a provision for losses arising from liability adequacy tests. Any DAC written off as a result of this test cannot subsequently be reinstated.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XVIII. EXPLANATIONS ON PROVISIONS AND CONTINGENT LIABILITIES

Provision and contingent liabilities are accounted in conformity with TAS 37 "Provisions, Contingent Liabilities and Contingent Assets".

In the financial statements, a provision is made for an existing commitment resulted from past events if it is probable that the commitment will be settled and a reliable estimate can be made of the amount of the obligation. Provisions are calculated based on the best estimates of the Group's management on the expenses to incur as of the balance sheet date and, if material, such expenses are discounted for their present values. If the amount is not reliably estimated and there is no probability of cash outflow from the Group to settle the liability, the related liability is considered as "contingent" and disclosed in the notes to the financial statements.

XIX. EXPLANATIONS ON EMPLOYEE BENEFIT LIABILITIES

Employee benefits liabilities are recognized in accordance with the Turkish Accounting Standard No: 19 "Employee Benefits". According to related legislation and union contracts, the Parent Bank is required to make lump sum retirement payments to employees who has completed one year of service, is called up for military service, dies, resigns, retires or whose employment is terminated without due cause, or for female employees; who resigns subsequent to her marriage within one year. The Group provides provision by estimating the present value of the future retirement pay liability. The retirement pay provision of the Parent Bank has been determined by the actuarial report of an independent valuation company. As of 1 January 2013, actuarial gains and losses are recorded under the shareholders' equity according to the revised TAS 19.

T. Halk Bankası Employee Pension Fund, T. Ziraat Bankası and T. Halk Bankası Employee Pension Fund Foundations were founded in accordance with the provisional article 20 of the Social Insurance Act (SIA) No: 506 and their members include employees of the Parent Bank as well. Provisional article 23 of the Banking Act No: 5411 requires the Parent Bank's pension funds founded in the scope of SIA to be transferred to the Social Insurance Institution (SII) within 3 years subsequent to the publishing date of the act. The procedure and essentials for the transfer were determined by the Council of Ministers' decision dated 30 November 2006 and numbered 2006/11345 and accordingly, both pension fund foundations would have been transferred to SSI. However, with the decree of the Constitutional Court numbered E.2005/139, K.2007/13 and K.2007/33 published in the Official Gazette dated 31 March 2007 and numbered 26479, the first paragraph of the temporary first article of the provisional article 23 of the Banking Act No: 5411 is cancelled and the execution has been ceased starting from the date the decree is published.

After the justified decree related to cancelling the provisional article 23 of the Banking Law was announced by the Constitutional Court on the Official Gazette dated 15 December 2007 and numbered 26731, Turkish Grand National Assembly started to work on establishing new legal regulations, and after it was approved at the General Assembly of the TGNA, the Law numbered 5754 "Emendating Social Security and General Health Insurance Act and Certain Laws and Decree Laws", which was published on the Official Gazette dated 8 May 2008 and numbered 26870, came into effect. The new law decrees that the contributors of the bank pension funds, the ones who receive salaries or income from these funds and their rightful beneficiaries will be transferred to the Social Security Institution and will be subject to this Law within 3 years after the release date of the related article, without any need for further operation. The three year transfer period can be prolonged for maximum 2 years by the Cabinet decision. However related transfer period has been prolonged for 2 years by the Cabinet decision dated 14 March 2011, which was published on the Official Gazette dated 9 April 2011 and numbered 27900. In addition, by the Law numbered 6283 "Emendating Social Security and General Health Insurance Act", which was published on the Official Gazette dated 8 March 2012 and numbered 28227, this period of 2 years has been raised to 4 years. According to the decree of Council of Ministers dated 3 May 2013 and numbered 3, which was published on the Gazette on 8 April 2013, the related transfer period was prolonged one more year.

In accordance with the related legislation, as of the transfer date, the income and expenses of the transferred funds will be considered by the insurance branches and the cash value of the liabilities will be calculated with the actuarial interest rate 9,8%. Moreover, after the transfer to SII, the unfulfilled other social rights and payments existed in the settlement deeds of the subjected pension funds of the transferred participants, members or the rightful owners will be continued to be fulfilled by the employer entities of the funds and its participants. Based on the results of the actuarial report prepared as of 31 December 2013 and 31 December 2012, no technical deficit has been reported.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XX. EXPLANATIONS ON TAXATION

In accordance with the Article 32 of the Corporate Tax Law No: 5520, the corporate tax rate is calculated at the rate of 20%. The tax legislation requires advance tax of 20% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the corporate tax liability for the year. Accrued advance tax as of 31 December 2012 has been paid in April 2013, accrued advance tax as of 31 December 2013 has been paid in February 2014.

Tax expense is the sum of the current tax expense and deferred tax charge. Current year tax liability is calculated over taxable profit. Taxable profit is different from the profit in the income statement since taxable income or deductible expenses for the following years and non-taxable and non-deductible items are excluded. Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

The carrying amount of a deferred tax asset is reviewed at each balance sheet date. An entity shall reduce the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred tax asset to be utilized.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realized. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Prepaid corporation taxes and corporation tax liabilities are offset as they relate to income taxes levied by the same taxation authority on each consolidated entity's non-consolidated financial statements. Deferred tax assets and liabilities are also offset.

Tax practices in the countries that foreign branches and financial institution operate:

Turkish Republic of Northern Cyprus (TRNC)

According to the tax regulations in the Turkish Republic of Northern Cyprus, corporate gains are subject to 10% of corporate tax and this taxed amount is subject to 15% of income tax. The tax bases for corporate are determined by adding the expenses that cannot be deducted according to TRNC regulations, to commercial gains and by subtracting exemptions and deductions from commercial gains. Income tax is paid in June, and corporate tax payment is made in two installments, in May and in October. On the other hand, withholding tax is paid in TRNC over interest income and similar gains of corporations. The relevant withholding tax payments are deducted from the corporate tax-payable. In the case the amount of the withholding tax collections is higher than the corporate tax payable, the difference is deducted from income tax payable.

Bahrain

Banks in Bahrain are not subject to tax according to the regulations of the country.

Tax practices for the subsidiaries which are subject to consolidation

Halk Gayrimenkul Yatırım Ortaklığı AŞ

The Parent Bank's subsidiary, Halk Gayrimenkul Yatırım Ortaklığı AŞ, is established in the 2010. Income derived from the operations related with the investment properties is exempt from corporate tax in accordance with the Article 5/1(d) (4) of the Corporate Tax Law No: 5520. This exemption is also used for the accrued advanced tax terms.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Halk Banka AD Skopje

The Parent Bank's newly acquired subsidiary in 2011 Halk Banka AD, Skopje is subject to tax regulations in the Republic of Macedonia. A new tax regime had become effective according which the base for income tax computation had been shifted from the profit before taxes to the income "distribution" concept in the Republic of Macedonia.

"Distributions" are split into two components:

- Tax on any dividend distribution – i.e. the tax base is the dividend paid,
- Tax on non deductible items – i.e. the tax base is the non deductible items specified in the tax rulebook less any allowable tax credits. The tax on non deductible items is paid each month in monthly advance installments based on the previous fiscal year computation of such non deductible differences. At year end a final tax computation is prepared with a final tax settlement.

As such, the new income tax regime provokes certain implications on the presentation of the tax in the financial statements which are summarized below:

(i) Tax on dividend distribution:

Tax on dividend distribution is considered to be income tax within scope of International Accounting Standards-Tax on Income ("IAS 12").

The timing of recognition of this type of income tax is to be consistent with the underlining dividend liability recognition (i.e., recognized when the dividend is paid and/or declared). As such no provisions are required for income tax arising from dividend distribution until the dividend is declared and/or paid.

When the tax on dividend distribution arises on interim (advance) dividend paid before the year end, the income tax charge is recognized and presented in the Statement of comprehensive income after profit and loss before tax as income tax expense.

When the tax on dividend distribution arises from retained earnings, it is recognized and presented in the Statement of changes in equity.

(ii) Tax on non deductible items:

Tax on non deductible items is not income tax and is out of scope of IAS 12. Accordingly, such tax expense is presented within the operating results, and related tax payable/receivable is presented within the other assets/other liabilities in the statement of financial position.

Recognition of tax provisions:

In case of tax contingencies, provisions are made in line with International Accounting Standards – Provisions, Contingent Liabilities and Contingent Assets adopted in the Republic of Macedonia ("IAS 37").

Such provisions are not presented as deferred tax assets or deferred tax liabilities, but as other assets or other liabilities.

Recognition/reversal of such tax provisions (that is not income taxes) is presented within the other expenses/other income.

XXI. ADDITIONAL EXPLANATIONS ON BORROWINGS

The Group borrows funds from domestic and foreign institutions and issues marketable securities when needed. These borrowing activities are recognized at fair value including the acquisition costs at the transaction date and they are valued at amortized costs by using the internal rate of return method.

Interest rate and liquidity risks are reduced by having assets with shorter or equal maturity terms than borrowing instruments such as syndication, securitization and borrowing with collateral and bears higher interest than costs of those instruments. Also, asset composition is designed in accordance with the fixed/variable cost nature of borrowing instruments.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XXII. EXPLANATIONS ON SHARES AND SHARE ISSUE

Share issuances related to costs are accounted under shareholders' equity. Dividend income related with the equity shares are determined by the General Assembly of the Parent Bank.

The Parent Bank has not issued any shares in the current and prior period. In accordance with the decree of the Privatization High Council dated 5 February 2007 and numbered 2007/8, the process of public offering for the 25% of shares pertaining to the Privatization Administration was completed and the Parent Bank shares were registered to the Board with the decree of the Capital Markets Board dated 26 April 2007 and numbered 16/471, and the shares were traded on the Borsa Istanbul A.Ş. as of 10 May 2007.

As per the decree of the Higher Council of Privatization numbered 2012/150 and dated 4 October 2012; 23,92% of the public shares that were previously held by the Privatization Administration were privatized by a second public offering and privatization was completed on 21 November 2012.

Halk GYO has applied to CMB by 29 August 2012 for the purpose of initial public offering of the increasing amount of B group of shares TRY 185.500 notional amount which is increased from TRY 477.000 issued capital of the Halk GYO to TRY 662.500 within TRY 1.500.000 registered capital ceiling. Application was approved in accordance with the decision promulgated by CMB's numbered 4/97 on 8 February 2013. As at 15 February 2013 there has been an initial public offering of B group shares of TRY 185.000 notional amount by restricting the existent shareholders for purchasing the new shares. After the collecting the demand the Company's shares started to be traded on Borsa Istanbul A.Ş. at 22 February 2013.

XXIII. EXPLANATIONS ON BILL GUARANTEES AND ACCEPTANCES

Bill guarantees and acceptances are realized simultaneously with the customer payments and they are presented as possible liabilities and commitments in the off-balance sheet accounts.

XXIV. EXPLANATIONS ON GOVERNMENT INCENTIVES

None.

XXV. EXPLANATIONS ON SEGMENT REPORTING

Segment reporting focuses on business segment considering the main source and nature of the risks and returns of the Group. The Parent Bank operates mainly in corporate, commercial, entrepreneur banking and investment banking.

The report concerning parts of Group's business segmentation and related information is explained in section four, disclosure numbered XII.

XXVI. EXPLANATION ON OTHER MATTERS

None.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION IV: INFORMATION ON CONSOLIDATED FINANCIAL STRUCTURE

I. EXPLANATIONS RELATED TO THE CONSOLIDATED CAPITAL ADEQUACY RATIO

The capital adequacy ratio calculations are made in accordance with the "Regulation on Measurement and Evaluation of Capital Adequacy of Banks" published in Official Gazette No 28337 of 28 June 2012. The consolidated basis capital adequacy ratio of the Group is 13,31% as of 30 December 2013. (31 December 2012: 15,32%)

In the calculation process of credit risk, asset types, ratings and credit risk mitigators are taken into account. While simple approach is taken into account for banking book items, the Group uses comprehensive approach for trading book items in the credit mitigation process.

In the calculation process of capital adequacy ratio, the data which are compatible with current regulations are used. Furthermore, the market and operational risk are also taken into account within the framework of regulations.

The items which are deducted from shareholders' equity are not considered in the calculation of risk weighted assets (RWAs). Depleted and amortized assets are taken into consideration by net amounts which are calculated by the deduction of depreciation cost and provisions.

The amount subject to credit risk for non cash loans are considered by using the conversion rates which are defined in the 5th article of "Regulation On Measurement And Evaluation Of Capital Adequacy Of Banks". Besides, the provisions which are defined in "Regulation on Procedures and Principles for Determination of Qualifications of Loans and Other Receivables by Banks and Provisions to Be Set Aside" and taken place at the liability side of the balance sheet are also taken into consideration.

In the calculation of counterparty credit risk arising from trading account, the current exposure method is use.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

4. Information on assessment process of internal capital adequacy requirements:

The Parent Bank uses economic capital model in the process of internal capital adequacy assessment process. Calculations are done by considering the confidence interval which corresponds to the rating targeted by the Parent Bank. In the analyses, credit risk, market risk, operational risk and asset-liability management risks and correlation effect are taken into account, correlation effect is considered while risks are consolidated. The Parent Bank takes one year period into account in its calculations.

II. EXPLANATIONS RELATED TO THE CONSOLIDATED CREDIT RISK

In accordance with the Group's risk management policies, the limits are specified in respect of main and sub-sectors. That limits are monitored periodically.

The Group, in the credit allocation process, restricts its risk exposure by working with highly credible banks and entities considering the credit ratings for the purpose of managing its risks. Under the scope of credit risk management, the Parent Bank rates all of its borrowers' credit and requires additional collaterals from whose risk is higher. The Parent Bank has the policy of not granting loans/credits and/or limiting the amount of such loans/credits. The Group's risk is concentrated in Turkey. In loan procedure, limits are determined based on the type of loans and customers and risk and limit information is controlled periodically.

Loans granted to other banks and risk limits set for the correspondent bank transactions are controlled on a daily basis. Risk concentrations are monitored systematically with the Treasury department, concerning the off-balance sheet operations based on the customers and banks.

Except for the restructured loan follow-up system determined in the related communiqué, such loans are incorporated into the new rating groups or risk weightings under the risk management systems of the banks, and new precautionary measures are taken for these processes. Since long-term commitments are more risky than the short-term commitments, risks are assorted in accordance with the Parent Bank's risk management system.

As prescribed in the Communiqué on "Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions", the credit worthiness of the debtors of the loans and other receivables is monitored regularly. Credit limits are determined according to the audited statement of accounts. Guarantee factors are developed in accordance with the decision of the Parent Bank's Credit Committee and updated according to the top management's initiatives and changes in the economic conditions. The Group receives sufficient collaterals in consideration of the loans and other receivables granted. Guarantees are surety ships, immovable mortgages, cash blockages and customer or real person cheques.

When the Group is exposed to significant credit risks, it has the tendency to cease its forward or similar type of transactions by using rights, fulfilling the requirements of the acquisitions or disposing of the acquisitions to mitigate the risk total.

As of 31 December 2013, the receivables of the Group from its top 100 and 200 cash loan customers are respectively 20,17% and 24,91% of its total cash loans.

As of 31 December 2013, receivables of the Group from its top 100 and 200 non-cash loan customers are respectively 54,28% and 64,15% of its total non-cash loans.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

As of 31 December 2013, share of cash and non-cash receivables of the Bank from its top 100 and 200 customers are respectively 15,88% and 19,88% of its total balance sheet and off-balance sheet assets.

As of 31 December 2013, general loan loss provision related to the credit risk incurred by the Group in accordance with the legislation on "Determining the Nature of Loans and Receivables and Principles and Procedures on the Allocation of Loan and Receivable Provisions" is TRY 1.142.413 (31 December 2012: TRY 976.215).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Risk Grade (1-4)	Risk Group	Definition of risk group	Risk Grade (%)
1,00-1,40	AAA	The firm is an extremely positive firm with its financial and non financial criteria and it can pursue its high credibility in the long run.	100-86
1,41-1,80	AA	The firm is a positive firm with its financial and non financial criteria and it can pursue its high credibility in the long run.	85-73
1,81-2,00	A	The firm that has performed its optimization and has a high credibility in the short run and is a credible firm in the medium run.	72-67
2,01-2,20	BBB	The firm is a credible firm despite the fact that it cannot perform the optimization certain aspects of its financial and non financial criteria.	66-60
2,21-2,40	BB	The firm cannot retain optimization in the major parts of its financials and non financial criteria. It has speculative attributes but it's a credible firm in the short run.	59-53
2,41-2,60	B	Some of the financial and non financial criteria are negative. It carries highly speculative attributes. In the short run it is a credible firm dependent on the positive conjecture.	52-47
2,61-2,80	CCC	The major part of its financial and non financial criteria is negative and the firm is having difficulties in meetings its commitments. But it has guaranteed short run credibility dependent on the positive conjecture.	46-40
2,81-3,20	CC	The firm force acceptable risk limits when it's financial and non financial criteria considered together, and have poor credibility.	39-27
3,21-3,60	C	The firm has no credibility when its financial and non financial criteria considered together	26-13
3,61-4,00	D	The firm has no credibility under any condition.	12-0

Entrepreneur Loans Decision Module ("GKKM") is the rating module which is used for assessment of loan applications of companies which are classified by the Parent Bank as a small and medium sized enterprises (SME) Customers within the SME in GKKM are evaluated by both qualitative and quantitative characteristics of firm, the size of endorsement and requested amount of loan before bank creates score card forms for each customers Score card which categorize firms according to their risk, includes 1 to 7 rating group and 1 has the lowest risk. Guarantees for companies that can be assessed by GKKM, converted into cash during the time it takes to prevent probable loss of value and the conversion process is divided into two main groups according to the criteria. The conversion of cash collateral to compensate for any losses in a margin, "Liquid Collateral Value" is referred to as the facility where the customer the amount of collateral to be determined by risk group, and the collateral value of the liquid.

Carrying amount per class of financial assets whose terms have been renegotiated:

	Current Period	Prior Period
Loans^{(1), (2)}		
Corporate Loans	59.642	37.964
SME Loans	15.116	26.712
Consumer Loans	12.545	16.098
Other	64	152
Total	87.367	80.926

⁽¹⁾Accruals are not included to the table above.

⁽²⁾Presents loans accounted under in restructured or rescheduled loan accounts.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The net value and type of collaterals of the loans amounting TRY 2.304.659 followed under loans and other receivables under close monitoring section is below: (31 December 2012: TRY 1.924.813).

Collateral Types	Net Value of Collateral Current Period	Net Value of Collateral Prior Period
Real estate mortgage	1.817.757	1.519.823
Salary pledge, vehicle pledge and pledge of commercial undertaking	72.262	75.401
Financial collaterals (cash, securities pledge, etc.)	14.588	14.047
Cheque /bills	26.817	11.204
Suretyship	237.474	188.735
Other	135.761	115.603
Total	2.304.659	1.924.813

⁽¹⁾ The collaterals are considered through comparison of the net value of collateral on appraisal reports less the third party receivables having priority with the collateral. Lower of the collateral amount or the loan amount is considered in the table above.

⁽²⁾ Income accruals amounting to TRY 27906 (31 December 2012: TRY 22.521) are not included in the table.

The net value and type of collaterals belongs to loans amounted TRY 2.264.208 followed under non performing loans section is below: (31 December 2012: TRY 1.974.073)

Collateral Types	Net Value of Collateral Current Period	Net Value of Collateral Prior Period
Cash	1.887	1.845
Mortgage	522.565	511.841
Pledge	48.963	37.805
Cheque,bills	5.044	4.899
Suretyship	1156.880	1.000.072
Other ⁽²⁾	528.869	417.611
Total	2.264.208	1.974.073

⁽¹⁾ The collaterals are considered through comparison of the net value of collateral on appraisal reports less the third party receivables having priority with the collateral. Lower of the collateral amount or the loan amount is considered in the table above.

⁽²⁾ Comprised of share certificates, blockage on receivables and salaries, uncollateralized, etc.

III. EXPLANATIONS RELATED TO THE CONSOLIDATED MARKET RISK

In accordance with the Group's risk management policy framework to avoid the effect of market risk, the Bank has determined the management activities and has taken necessary precautions within the framework of "Regulation On Measurement and Evaluation Of Capital Adequacy Of Banks" published in Official Journal No 28337 of 28 June 2012 by.

The Parent Bank's Board of Directors set the risk limits by taking into account the Group's main risk factors and these limits are periodically revised in accordance with the market conditions and the Group's strategies. Furthermore, the Board of Directors ensure that, the necessary measures to be taken by risk management department and all other executives in respect of defining, measuring, monitoring and managing the risks exposed by the Group. The VAR based limits that are determined by the Board of Directors and the dominated interest rate risk of the Group's is limited to certain percentage of the shareholders' equity.

In accordance with "Regulation on Measurement and Evaluation of Capital Adequacy of Banks", the Group's possibility of loss that may cause due to the general market risk, currency risk, specific risk, commodity risk, clearing risk and counterparty credit risk is calculated by using the standard method. The following table discloses the amounts that are calculated using the standard method.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The Value at Risk (VaR) that is calculated by using internal model methods besides standard method is validated by scenario analysis and stress tests. The VaR is calculated daily by using historical simulation and parametric approach and the results are reported the Executives.

a) Information related to consolidated market risk:

	Current Period	Prior Period
(I) Capital requirement to be employed for general market risk	179.534	92.002
(II) Capital requirement to be employed for specific risk	29.441	17.037
(III) Capital requirement to be employed for specific risk in securitization positions-Standard Method	-	-
(IV)Capital requirement to be employed for currency risk	34.091	23.185
(V)Capital requirement to be employed for commodity risk	-	-
(VI)Capital requirement to be employed for clearing risk	-	-
(VII)Total capital requirement to be employed for counterparty credit risk-Standard method	96	264
(VIII)Capital requirement to be employed for general market risk.	5.194	1.964
(IX) Total capital requirement to be employed for market risk	-	-
(X) Amount subject to market risk (I+II+III+IV+V+VI+VII+VIII)	248.356	134.452
(XI) Market Value at Risk (12,5 x IX) or (12,5 x X)	3.104.450	1.680.650

b) The Group's average market risk calculated as of the end of months in the related period:

	Current Period			Prior Period		
	Average	Maximum	Minimum	Average	Maximum	Minimum
Interest Rate Risk	208.836	255.811	173.270	135.091	220.685	89.537
Share Risk	5.880	12.970	718	4.468	6.506	2.966
Currency Risk	28.690	34.091	21.455	22.079	30.026	16.833
Commodity Risk	-	-	-	-	-	-
Settlement Risk	-	-	-	-	-	-
Options Risk	520	1.313	96	182	264	91
Counterparty Credit Risk	3.176	5.194	2.093	2.190	2.415	1.964
Amount Subject to Total Risk	247.102	309.379	197.632	164.010	259.896	111.391

Information about counterparty risk:

Counterparty credit risk is the risk that the counterparty to a transaction could default before the transaction's cash flows.

Over the counter derivatives, Credit Derivatives, Securities Financing Transactions, Long Settlement Transactions, Margin Lending Transactions are subject to counterparty credit risk calculations.

The Group uses current exposure method in the calculation process of counterparty credit risk. The comprehensive financial collateral and simple financial collateral approaches are taken into account in the calculation process of counterparty credit risk of repo style transactions for trading and banking book activities, respectively.

Under the current exposure method, the Group calculates the current replacement cost by marking contracts to market, thus capturing the current exposure without any need for estimation, and then adding a factor ("add on") to reflect the potential future exposure over the remaining life of the contract.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The contracts made according to the attribute of the transaction are evaluated by taking into account ISDA and CSA frame for derivative transactions, GMRA frame for repurchase agreements. The risk is mitigated by receiving cash or other forms of collateral. In secured lending and repo transactions, the haircut amounts are reduced from the counterparty's limits.

The Bank does not take part in transactions and contracts requiring extra collateral in accordance with possible changes of credit rating. Especially, in the process of signing ISDA, CSA and GMRA contracts related to treasury transactions, it is cared about not accepting the conditional statements and invalidation of the contracts due to the reduction of Bank's rating. Because possible falls or rises in rating affects the current replacement cost, margin call agreements are used as a risk mitigator.

Gross positive fair value of contracts, the securities which are held and the net position of derivatives are disclosed below.

	Amount*
Contracts based on Interest rate	5.065
Contracts based on currency	81.265
Contracts based on commodity	-
Contracts based on stocks	-
Other	-
Gross Positive Fair Value	86.330
Benefits of clarification	-
Clarified current risk amount	-
The securities which are held	-
The net position of derivatives	86.330

^(*) Counterparty risk related to the trading accounts is included.

IV. EXPLANATIONS RELATED TO THE OPERATIONAL RISK

In the calculation of the Group's operational risk, the "Basic Indicator Method" is used. The amount subject to operational risk is calculated once a year in accordance with the Regulation on "Measurement and Assessment of the Capital Adequacy of Banks" published in the Official Gazette numbered 28337 on 28 June 2012. In the Basic Indicator Method, the amount subject to operational risk is calculated by multiplying 15% of the Group's average gross revenue over the previous three years with 12.5. Amount subject to operational risk is TRY 9.358.597 for the current period. (31 December 2012: TRY 7.795.467)

	2 PP Value	1 PP Value	CD Value	Total / Total number of years for which gross income is positive	Rate (%)	Total
Gross Income	3.928.378	4.784.490	6.260.887	4.991.252	15	748.688
Amount subject to operational risk (Total*12,5)						9.358.597

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

V. EXPLANATIONS RELATED TO THE CONSOLIDATED CURRENCY RISK

Foreign currency risk indicates the probability of loss that banks are subject to due to the exchange rate movements in the market. While calculating the share capital requirement, all foreign currency assets, liabilities and forward transactions of the Group are taken into consideration. Net short term and long term positions of each currency are calculated in terms of the Turkish Lira.

In accordance with "Regulation On Measurement and Evaluation of Capital Adequacy of Banks", the foreign currency position risk of the Group is measured by "standard method" and is calculated daily and is reported monthly. Also VAR based values and limits are reported to the Executives on a daily basis by using internal model methods. The currency risk has been closely followed. The Parent Bank makes derivative transactions against the currency risk, in case of need.

Announced current foreign exchange buying rates of the Parent Bank as at 31 December 2012 and the previous five working days in full TRY are as follows:

	24.12.2013	25.12.2013	26.12.2013	27.12.2013	30.12.2013	31.12.2013
USD	2,0600000	2,0600000	2,1050000	2,1350000	2,1050000	2,1200000
CHF	2,2934000	2,3017000	2,3471000	2,4028000	2,3652000	2,3766000
GBP	3,3658000	3,3537000	3,4544000	3,5182000	3,4688000	3,5053000

⁽³⁾ In accordance with the principles of the "Regulation on Measurement and Practices of Banks' Net Overall FC Position / Shareholders' Equity Ratio on a Consolidated and Unconsolidated Basis", derivative financial instruments foreign currency income accruals (TRY 107.836), foreign currency intangible assets (TRY 16.472), prepaid expenses (TRY 96) in assets; and derivative financial instruments foreign currency expense accruals (TRY 21.094) and shareholders' equity (TRY 21.899) and foreign currency minority shares (TRY 1.990) in liabilities are not taken into consideration in the currency risk measurement.

⁽⁴⁾ Financial derivative assets include credit default swaps amounting to TRY 5.873 and forward precious metal purchase transactions amounting to TRY 149.450.

⁽⁵⁾ Macar Halkbank (TRY 2.063) and International Garagum Bank (TRY 250), followed as available for sale items in foreign currency, are presented in financials with their historical costs since they are non-monetary financial items.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Foreign currency sensitivity:

The Group is exposed to currency risk in EURO and USD terms in balance sheet and also utilizes from derivative instruments in order to compensate for currency risk.

The following table sets the Group's sensitivity to a 10% increase and decrease in the TRY against USD, EURO and the other foreign currencies. 10% sensitivity rate used when reporting foreign currency risk internally to key management and represents the Parent Bank's management of assessment of the possible change in foreign exchange rates. Negative amounts represent value decrease in profit and loss or shareholders' equity due to 10% decrease in value of TRY against EURO or USD.

	Change in currency rate in %	Effect on profit /loss before taxation	
		Current period	Prior period
USD	% 10 increase	(1.796)	(2.881)
EURO	% 10 increase	6.002	(42.297)
Other	% 10 increase	13.581	47.498

The Group's sensitivity to foreign currency rates has increased due to the change of foreign currency position in the current period.

VI. EXPLANATIONS RELATED TO THE CONSOLIDATED INTEREST RATE RISK

Interest rate sensitivity of assets, liabilities and off-balance sheet items are measured by the Group. The Group's interest rate risk is calculated using the general and specific interest rate risk tables in the standard method including the assets and liabilities and is considered as a part of the general market risk in the calculation of the capital adequacy standard ratio.

The priority of the Parent Bank's risk management department is to avoid the effects of the interest rate volatility. Sensitivity analysis performed within this context is calculated by the risk management department and reported to the Asset-Liability Committee.

Simulations on interest income are performed in connection with the forecasted economic indicators used in the budgeting process of the Parent Bank. The effects of the fluctuations in the market interest rates on the financial position and on the cash flows are minimized by revising budget targets. The Parent Bank's funding costs of TRY and foreign exchange deposits, repurchase agreements are determined by the Treasury Vice Presidency.

Since the Parent Bank does not permit maturity mismatches or imposes limits on the mismatch, significant interest rate risk exposures are not expected.

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

3. The interest rate risk of the banking book items:

The Parent Bank's standard interest rate shock methods are being used on a daily basis in respect of measuring the risk arising from repricing mismatch of asset and liability items. The duration within the limits are determined by BRSA that obtained from the calculation intended for demand deposits by using core deposit and duration analysis is taken into account.

The interest rate risk of the banking book items is calculated by taking into account the worst ratio for the Parent Bank among the calculated ratios by dividing the total of the differences in terms of maturities and currencies with the shareholders' equity. The mentioned difference is the difference between the net position amounts which are derived from the cash flows of the on-balance and off-balance sheet positions included in the interest sensitive banking book items discounted by the ratios derived from the application of positive and negative shocks, and the net position amounts which are discounted by the ratios without applying the shocks. The maximum limit regarding the economic value change is 20% of shareholders' equity.

While maturity distribution of the related cash flows, remaining maturities are taken into account for fixed rate instruments and repricing dates are taken into account for flexible interest instruments. Non-performing loans are placed to relevant maturity periods except demand time interval that are not than not be less than six months by taking into account receiving durations are receivables ratios under other receivables and estimated receiving durations. Foreign currency indexed asset and liabilities are placed to related forms by taking into accounts their indexed currency types.

In defining the maturity of demand deposits, average durations which are calculated by statistical analysis are being used.

The impact on financial statements regarding interest rate instabilities stated below as divided by the Parent Bank's different currencies.

Current Period

3. Other share certificates	-	16.729	7.528	-	-
Total	-	16.729	7.528	-	-

VIII. EXPLANATIONS RELATED TO THE CONSOLIDATED LIQUIDITY RISK

The liquidity risk occurs when there is insufficient cash or cash inflows to meet the cash outflows fully and timely. Liquidity risk may also occur when the market penetration is not adequate, when the open position cannot be closed immediately at the suitable prices in sufficient amounts due to barriers and break-ups in the markets.

Meeting the liquidity needs of the Parent Bank, domestic and foreign markets are being used. Due to the fact that the Bank's liquidity need is at low levels, the bank may provide funding easily (CB, ISEM, interbank money market and other markets). When it is considered that local and foreign currency deposit account's interest rates are lower than the peer group's averages it can be realized that the Parent Bank will be able to increase its market share if necessary. The money market borrowing facilities and the Eurobond portfolio of the Parent Bank provides an important potential funding opportunity to the Parent Bank.

The main funding source of the Group is deposit accounts. Nonetheless, the securities portfolio is mainly composed of available for sale and held to maturity securities.

The Board of Directors of the Parent Bank monitors both the BRSA and contingency plan liquidity ratios. The liquidity opportunities which will be applied in case of a liquidity shortage are defined in the contingency plans.

Securitization positions:

None.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

X. EXPLANATIONS RELATED TO THE CONSOLIDATED CREDIT RISK MITIGATION TECHNIQUES:

Credit risk mitigation techniques:

The Group does not apply any netting process on balance sheet and off balance sheet items.

The risk mitigators that are used in credit process are stated below:

- Financial collaterals (Government securities, cash, deposit pledge, gold, stock pledge)
- Guarantees
- Mortgage (In the implementation of the Basel II, although, risk mortgage loans evaluated as a class, in terms of valuation methods and concentrations they are also given in this section).

The financial collaterals are revaluated by daily basis by the Parent Bank. The credibility of guarantors is monitored within the framework of credit revision periods.

The value of the mortgages is being revalued during the credit period.

The revaluation of the mortgages whose value are more than TRY 3.000 or 5% of the Parent Bank's shareholders' equity are being made by the firms authorized by BRSA or Capital Market Board.

Only Treasury and the Group's guarantees are taken into account as risk mitigator within the framework of BRSA regulations. Besides, the credibility of Banks is reviewed periodically.

The volatility of mortgage portfolio is monitored closely by the Group and the market fluctuations are considered in credit activities.

Standard volatility adjustments are taken into account regarding to portfolios in which comprehensive approach is used.

Information about guaranties according to risk classifications:

Risk Classifications	Amount	Financial guaranties	Other/ Physical guaranties	Guarantees and credit derivatives
Claims on sovereigns and Central Banks	40.991.173	694.629	-	-

Total	150.326.543	2.951.574	131.082	421.140

⁹⁾ In the determination of the amounts, the non-cash loans and other off-balance sheet items are taken into account after being multiplied by credit conversion rates.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XI. EXPLANATIONS RELATED TO THE CONSOLIDATED RISK MANAGEMENT TARGET AND POLICIES:

Risk management target and policies:

Credit Risk:

The Parent Bank's credit authorization limits are defined with respect to Head Office, Regional Directories and Branch Basis. Credit origination and marketing activities are completely separated. The main point here is about the Loan Department that related to credit expansion performance should not placed in loan granting process. Credit allocation monitoring processes are carried out by Credit Risk Monitoring Department which is an independent unit. The risk measurement activities are being carried out by the Risk Management Department which reports to Audit Committee directly.

In the process of credit assessment process, rating modules are used by the Group and risk mitigators are defined with respect to rating categories. Rating modules are subject to validation process and the discrimination power of the module is calculated periodically.

The expected loss amount is estimated by the Group and the Parent Bank analyses whether own funds will be able to compensate the loss. Furthermore, the effect of possible shocks is analyzed periodically by scenario analysis and stress tests.

The concentration limits are defined in respect of main and sub-sectors.

Overdue loans and their customer segmentations and sectors are periodically monitored.

Foreign Exchange Risk:

The Risk Management Department of the Parent Bank measures the foreign exchange risk of the Group.

The risks that arising from the exchange rate volatility are calculated by using either standard method or internal model methods by Risk Management Department on a daily basis.

The trading loss of the Group is restricted by using VaR based limits. Besides, stop loss limits are also defined for foreign exchange transactions. The Group defines limits with respect to the nominal short or long foreign exchange position.

Interest Rate Risk:

The activities regarding the measurement of the Group's interest rate risk are carried out by Risk Management Department.

The risks arising from the interest rate volatility are measured both for trading and banking book items. Whereas standardized method and internal models are used in the measurement process of trading items, standard interest rate shock method and duration analysis are used in the measurement process of banking book items.

The economic value decline which will be occurred due to the interest rate risk in the banking book is restricted by a certain percentage of shareholders' equity. Furthermore, the interest rate risk which will be raised from the trading book items is restricted by VaR based limits.

Liquidity Risk:

The Group's liquidity risk measurement activities are carried out by Risk Management Department.

Both BRSA and Basel III liquidity ratios are taken into account in liquidity risk measurement process. Moreover, the strategies that will be implemented in case of the Group's liquidity shocks are determined by liquidity contingency plan. The Parent Bank's duration mismatch of asset and liability items is monitored daily basis and the liquidity deficit which will be occurred due to the maturity mismatch is restricted by setting a limit.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

XII. EXPLANATIONS RELATED TO CONSOLIDATED BUSINESS SEGMENTATION

The Group's operations are grouped under the corporate, commercial, integrated and treasury/ investment banking categories. Branches are grouped considering the information above and are scaled according to the classification shown in the table below, with the classification reflected to the head office and branches.

The Parent Bank is rendering services to a wide range of companies in all sectors, especially to Small and Medium Size Enterprises (SME) as well as individuals having consumer status. In this context, the Parent Bank has no restrictions on the area in which it operates.

The Parent Bank categorizes its real and legal entities that it renders services into three groups as; firms, individual customers and other customers.

Firms are composed of traders and small-scale retailers having real and legal entity status. Within the Parent Bank's application, firms are segmented as corporate firms, commercial firms, enterprising business firms, small size enterprises and small-scale retailers.

Individual customers are real entities without having any commercial or professional purposes other than their individual demands in the Parent Bank's application.

Other customers are referred to as associations, organizations, trade unions, foundations, societies, building managements, parent-teacher associations and similar institutions that are not included in the afore-mentioned classification.

The following are the services provided by the Parent Bank to all of its customers:

- Accepting deposits,
- Issuance of cash, noncash loans,
- All kinds of reimbursements and cash receipt operations, including cash and deposit reimbursements, fund transfers, correspondent banking transactions and use of checking accounts,
- Purchasing cheques and bank bills,
- Performing custody services,
- Issuing payment instruments such as; credit cards, cash cards and travel cheques, and performing related transactions,
- Including spot transactions, foreign exchange transactions, trading of money market securities, bullion trading and/or performing the related custody services,
- Trading of forward transaction agreements, option agreements and financial instruments with more than one derivative instrument and performing the related intermediary services based on the economic and financial indicators, capital markets instruments, commodities, precious metals and exchange rates,
- Assuming guarantee transactions such as; warranties and other liabilities in favor of others,
- Having intermediary transactions on Interbank money transfer, insurance agency services,
- Rendering insurance agency transactions,
- Acting as a market maker in trade operations in accordance with liabilities assumed within the context of the agreement composed by the Turkish Treasury and/or Central Bank and associations,
- Trading capital market instruments and performing repurchase and reverse repo transactions,
- Acting as an intermediary in the sale process of capital market instruments by means of issuing instruments or through a public offering,
- Trading the capital market instruments issued for the purpose of performing intermediary services.

Under the Treasury transactions, medium and long-term fund provision is performed through securities exchange, money market operations, spot and time TRY and foreign exchange transactions, derivative instruments (such as; forwards, swaps, futures and options), syndication and securitization, etc.

TÜRKİYE HALK BANKASI A.Ş.

Funds provided from other financial institutions	15.086.352	8.031.070	14.309.794	7.674.555
Money market borrowings	1.261.476	715.276	1.261.476	715.276
Securities issued	4.151.666	2.118.979	3.903.682	2.118.979
Miscellaneous payables	1.693.165	1.273.676	1.595.120	1.209.855

⁽¹⁾ As of 31 December 2013 TRY 16.609 of equity investments followed in available for sale financial assets which are measured at cost less any impairment losses have not been included in the table above (31 December 2012: TRY 16.027).

⁽²⁾ Net of follow-up loans has not been included in the table above.

The methodologies and assumptions used to determine fair values for those financial instruments which are not already recorded at fair value in the financial statements:

- i- The fair value of the held to maturity assets is determined by market places, when the market prices are not available, quoted market prices of other marketable securities which are subject to redemption with the same terms of interest maturity and other similar conditions have been used.
- ii- The applicable interest rates as of balance sheet date are used in the calculation of fair value of money market placements, banks, loans, deposits, funds provided from other financial intuitions and sundry creditors.

Classification of Fair Value Measurement

IFRS 7 – *Financial Instruments* requires the classification of fair value measurements into a fair value hierarchy by reference to the observability and significance of the inputs used in measuring fair value of financial instruments measured at fair value to be disclosed. This classification basically relies on whether the relevant inputs are observable or not. Observable inputs refer to the use of market data obtained from independent sources, whereas unobservable inputs refer to the use of predictions and assumptions about the market made by the Company. This distinction brings about a fair value measurement classification generally as follows:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).

Level 3: Fair value measurements using inputs for the assets or liability that are not based on observable market data (unobservable inputs).

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

Classification requires using observable market data if possible.

The classification of fair value measurements of financial assets and liabilities measured at fair value is as follows:

Current Period	Level 1	Level 2	Level 3	Total
Financial assets at fair value through profit/loss:				
Financial assets held for trading purpose	41.984	139.664	-	181.648
<i>Debt securities</i>	34.862	-	-	34.862
<i>Derivative financial assets held for trading purpose</i>	-	139.664	-	139.664
<i>Bonds</i>	2.285	-	-	2.285
<i>Other Securities</i> ⁽²⁾	4.837	-	-	4.837
Available-for-sale financial assets ⁽¹⁾	9.811.340	-	-	9.811.340
<i>Debt securities</i>	9.801.333	-	-	9.801.333
<i>Other Securities</i>	10.007	-	-	10.007
Total Financial Assets	9.853.324	139.664	-	9.992.988

Financial liabilities at fair value through profit/loss:

Derivative financial liabilities held for trading purpose	-	53.492	-	53.492
Total Financial Liabilities	-	53.492	-	53.492

⁽¹⁾ As of 31 December 2013, share certificates amounting to TRY 16.609 in available for sale financial assets are not included in the above table, which are recognized with impairment net off historic cost.

⁽²⁾ As of 31 December 2013, marketable securities amounting to TRY 3.672 that are valued by internal rate of return, are not included in financial assets held for trading purpose.

Prior Period	Level 1	Level 2	Level 3	Total
Financial assets at fair value through profit/loss:				
Financial assets held for trading purpose	64.332	82.812	-	147.144
<i>Debt securities</i>	51.600	-	-	51.600
<i>Derivative financial assets held for trading purpose</i>	-	82.812	-	82.812
<i>Bonds</i>	1.435	-	-	1.435
<i>Other Securities</i> ⁽²⁾	11.297	-	-	11.297
Available-for-sale financial assets ⁽¹⁾	9.639.638	-	-	9.639.638
<i>Debt securities</i>	9.633.564	-	-	9.633.564
<i>Other Securities</i>	6.074	-	-	6.074
Total Financial Assets	9.703.970	82.812	-	9.786.782

Financial liabilities at fair value through profit/loss:

Derivative financial liabilities held for trading purpose	-	50.282	-	50.282
Total Financial Liabilities	-	50.282	-	50.282

⁽¹⁾ 31 December 2012 share certificates amounting to TRY 16.027 in available for sale financial assets are not included in the above table, which are recognized with impairment net off historic cost.

⁽²⁾ As of 31 December 2012, marketable securities amounting to TRY 2.603 that are valued by internal rate of return, are not included in financial assets held for trading purpose.

XIV. EXPLANATIONS RELATED TO TRANSACTIONS MADE ON BEHALF OF OTHERS AND TRANSACTIONS BASED ON TRUST

The Parent Bank performs buying transactions on behalf of customers, and gives custody, administration and consultancy services.

The Group does not engage in transaction based on trust.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION V: EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED FINANCIAL STATEMENTS

I. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED ASSETS

(1) a) Cash and balances with the Central Bank of Turkey:

	Current period		Prior period	
	TRY	FC	TRY	FC
Cash and foreign currency	627.718	188.357	523.334	169.982
Central Bank of Turkey	2.173.404	17.006.682	1.083.507	10.718.803
Other	-	25.234	-	21.452
Total	2.801.122	17.220.273	1.606.841	10.910.237

⁽¹⁾ As of 31 December 2013, blocked reserve deposits kept in Central Bank of Macedonia amounted TRY 24.942 (31 December 2012: TRY 21.438).

b) Information on the account of Central Bank of Turkey:

	Current period		Prior period	
	TRY	FC	TRY	FC
Demand unrestricted amount ⁽¹⁾	2.164.297	1.570.064	1.076.051	876.801
Time unrestricted amount	-	-	-	-
Time restricted amount	-	-	-	-
Reserve deposits ⁽²⁾	9.107	15.436.618	7.456	9.842.002
Total	2.173.404	17.006.682	1.083.507	10.718.803

⁽¹⁾ Reserve deposits kept in Central Bank of Turkey.

⁽²⁾ Blocked reserve deposits kept in Central Bank of Turkey and Central Bank of Cyprus.

The banks operating in Turkey keep reserve deposits for Turkish currency liabilities in TRY, USD, EUR and/or standard gold at the rates between 5% and 11,5% according to their maturities (31 December 2012: between 5% and 11% according to their maturities), foreign currency liabilities in USD, EUR and/or standard gold at the rates between 6% and 13% according to their maturities (31 December 2012: between 6% and 11,5 % according to their maturities), respectively as per the Communiqué no.2011/11 and 2011/13 "Reserve Deposits" of the Central Bank of Turkey.

With the Board of Minutes No.827 dated 16 July 2012 of TRNC Central Bank's, required reserve ratio is between 5% and 8% for TRY liabilities and 8% for foreign currency liabilities.

With the Board of Minutes No.129 dated 2006 of Central Bank of Macedonia, required reserve ratio are 10% for MKD currency liabilities and 13% for foreign currency liabilities.

Reserve deposits required by the Central Bank of Turkey are not interest bearing except those kept by the Central Banks of TRNC and Macedonia.

(2) Financial assets at fair value through profit and loss:

a) Financial assets at fair value through profit and loss blocked/given as collateral:

The Group has TRY 1.007 of financial assets at fair value through profit and loss blocked/given as collateral in the current period (31 December 2012: TRY 685).

k) Main guidelines of the liquidation policy of the Bank about the uncollectible loans and receivables:

The Parent Bank liquidates its uncollectible receivables through three methods. These are by signing financial restructuring contract under the Law No: 4743, by making payment protocols and by presenting adequate repayment schedules for the lower amount of receivables. Within the context of this collection policy, non-performing loans are collected in considerable amounts. Collections are firstly offset against lawsuits and expenses, interest and capital receivables from loans.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

The Parent Bank recently collects some of its receivables by acquiring debtor properties in consideration of collaterals given to loans granted.

l) Explanations on write-off policy:

In compliance with the "Procedure for Write Off and Procedures for Overdue Receivables for Legal Follow-Up" non performing loans which become unrecoverable as a result of legal follow up can be written off to prevent additional legal expenses.

m) Aging analysis of overdue but not impaired financial assets per classes of financial instruments:

Current Period	Less than 30 days	Between 31-60 days	Between 61-90 days	Total
Loans				
Corporate Loans	45.318	11.849	417	49.327

c) Additional disclosures related to the concentrations of the Group's major liabilities:

Concentrations, fund providing customers, sector groups and other criteria where risk concentration is observed:

Main liability of the Group is deposit, which is composed of 30 % of saving deposits and 28 % of foreign currency deposits. In order to fulfill the short term liquidity requirements, the Parent Bank borrows loans from interbank money markets. The Parent Bank can borrow loans from overseas institutions especially to be used in the financing of consumer loans. There are funds obtained from the Ministry of Industry and Trade especially for constructing small industrial estates and organized industrial estates.

The Group's 60% of banks deposits and 33 % of other deposits consist of foreign currency deposits.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

(5) Explanations to the funds:

Funds are granted as loans in conformity with the protocols between the Parent Bank and fund owner ministry or institutions. These funds include funds from the Ministry of Industry and Trade, Treasury Natural Disasters Credit Fund, Under secretariat of Treasury and Foreign Trade Funds, Turkish Treasury Incentive Certificated SMEs Credit Fund, Housing Development Administration Fund and other funds.

a) Maturity structure of funds:

Current period		Prior Period	
Short-term	Long-term	Short-term	Long-term
17957	1470585	9624	1.398.263

(6) Information on other liabilities:

Other liabilities balance in the balance sheet amounts to TRY 1.356.677 and does not exceed 10% of the balance sheet total (31 December 2012: TRY 1.342.153).

(7) Information on finance lease payables (Net):

a) The general explanations on criteria used in determining installments of financial lease agreements, renewal and purchasing options and restrictions in the agreements that create significant obligations to the Bank:

In the financial lease agreements, installments are based on useful life, usage periods and provisions of the Tax Procedural Code.

b) Explanation on finance lease payables:

None.

c) Explanations regarding operational leases:

The operational leasing agreements are signed for some branches. The agreements are prepared annually and annual rents are paid in advance and recorded as prepaid expense in "other assets". The Parent Bank does not have any commitments arising on the existing operational lease agreements.

(8) Information on derivative financial liabilities for hedging purposes:

None.

(9) Explanations on provisions:

a) Information on general provisions:

	Current period	Prior period
General provision	1.142.413	976.215
Provisions for first group loans and receivables	972.257	847.278
<i>Additional provisions for the loans with extended payment plan</i>	<i>15.179</i>	<i>28.583</i>
Provisions for second group loans and receivables	90.911	66.468
<i>Additional provisions for the loans with extended payment plan</i>	<i>74.253</i>	<i>53.421</i>
Provisions for non cash loans	79.245	62.469
Other	-	-

b) Foreign exchange loss provisions on the foreign currency indexed loans and finance lease receivables:

None.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

c) Specific provisions provided for unindemnified non-cash loans:

As of 31 December 2013, the Bank's specific provision for unindemnified non-cash loans balance is TRY 69.008 (31 December 2012: TRY 62.896). TRY 2.377 (31 December 2012: TRY 2.483) of the related provision has been allocated for non-cash loans of companies of which cash loans are transferred to the Saving Deposits Insurance Fund in accordance with and the protocol designed based on the Act No: 5230 and the related provision is managed by the SDIF.

d) Information on other provisions:

Total other provision balance amounting to TRY 253.319 (31 December 2012: TRY 455.383) consists of TRY 69.008 (31 December 2012: TRY 62.896) for specific provisions for unindemnified non cash loans, TRY 26.222 (31 December 2012: TRY 29.112) for legal cases filed against the Bank, TRY 132.231 (31 December 2012: TRY 328.300) provision for prudence in consideration for any changes that may arise in the economy and the market, TRY 25.858 (31 December 2012: TRY 35.176) of other provisions.

e) Movement of employee termination benefits:

The Parent Bank's severance indemnity provision is calculated by an independent company by using the severance indemnity provision as of 31 December 2013 is calculated by an independent company by using the actuarial conjectures. The amount calculated for the employee termination benefits as a result of the actuarial valuation, according to TAS 19, is as follows:

	Current Period ⁽¹⁾	Prior Period
Discount Rate	%9,80	%7,63
Inflation Rate	%6,40	%5,00
Wage growth	%3,20	%2,63
Estimated Real Wage Growth Rate	%6,60	%5,20

Calculated amounts as a result of actuarial conjectures are as follows:

	Current period	Prior period
As of January 1	295.809	227.040
Charge for the year	25.997	18.312
Interest Expense	21.859	21.263
Actuarial gain/loss	(18.126)	49.782
Payment/The limitation of benefits/ Loss (Gain) because of discharge	3.282	7.700
Benefits paid within the period(-)	(30.029)	(28.288)
Total	298.792	295.809

As of 31 December 2013, the Group's unused vacation provision is TRY 113.617 and severance indemnity provision for outsource firms is TRY 8.026. This amount is followed under employee benefits provision under liabilities (31 December 2012: TRY 103.247 for unused vacation provision; TRY 6.609 for severance indemnity provision for outsource firms).

As of 1 January 2013, the Group's actuarial gains and losses are recognized and accounted in shareholders' equity.

f) Liabilities on pension rights

f.1. Liabilities for pension funds established in accordance with "Social Security Institution":

None.

f.2. Liabilities resulting from all kinds of pension funds, foundations etc. which provide post retirement benefits for the employees:

Based on the results of the actuarial report prepared as of 31 December 2013 and 31 December 2012, no technical deficit has been reported. Besides, no technical deficit for Türkiye Halk Bankası AŞ Emekli Sandığı Vakfı, T.C. Ziraat Bankası and T. Halk Bankası Çalışanları Emekli Sandığı Vakfı has been reported as of 31 December 2012 and 31 December 2011.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

V. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED STATEMENT OF CHANGES IN SHAREHOLDERS' EQUITY

Explanations on inflation adjustments for equity items:

As per the BRSA circular announced on 28 April 2005, inflation accounting applied in the banking system has been ceased as of 1 January 2005 in accordance with the BRSA decree numbered 1623 and dated 21 April 2005.

According to this circular, TRY 1.220.451 of inflation adjustment related to paid in capital was transferred to the "Other Capital Reserves" account, which was recognized in "Paid-in Capital Inflation Adjustment" account before 31 December 2005. However, inflation adjustments related to other equity items are presented under the related equity item.

VI. EXPLANATIONS AND NOTES RELATED TO THE CONSOLIDATED CASH FLOW STATEMENT

(1) Disclosures for the "other" and "the effect of foreign exchange differences on cash and cash equivalents" items of cash flow statement:

The "net increase/(decrease) in other liabilities" under the changes in operating assets and liabilities is resulted from the changes in the funds obtained through repurchase agreements, miscellaneous payables, other external funding payables and taxes, duties and premiums payables and amounts to TRY 1.219.415 thousands for the year 2013. The "other" item under operating income composes of fees and commissions paid and other operating income excluding employee costs and other operating expenses, and amounts to TRY 3.504.710 thousands cash out for the year 2013.

For the year ended 31 December 2013, the effect of change in foreign exchange rate on cash and cash equivalents is TRY 638.106 increase (31 December 2012: TRY 521.045, decrease).

(2) Items of cash and cash equivalents, accounting policies used in the determination of those items: Cash in TRY and cash in foreign currency, Central Bank and bank deposits having maturity less than three months are defined as cash and cash equivalents.

(3) The effect of any change in accounting policies: None.

(4) Period beginning cash and cash equivalents balance:

	Current period	Prior period

IX. EXPLANATIONS RELATED TO THE SUBSEQUENT EVENTS

Mr. Ali Fuat TAŞKESENLIOĞLU has been appointed as a new member of the Board of Directors in accordance with the decision of the Board of Directors meeting of the Parent Bank held on 6 February 2014, following the decease of Mr. Ahmet KAHRAMAN in order to submit first General Assembly for acceptance and getting the approval from Banking Regulation and Supervision Board in respect of appointment of Mr. Ali Fuat TAŞKESENLIOĞLU as Chief Executive Officer decided in accordance with the decision.

As per the approval of BRSA dated on 7 February 2014, the decision has been made on the termination of the duty of Mr. Süleyman ASLAN as the Chief Executive Officer and the assignment of Board of Directors member Mr. Ali Fuat TAŞKESENLIOĞLU as the Chief Executive Officer.

TÜRKİYE HALK BANKASI A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2013

(Amounts expressed in thousand Turkish Lira (TRY) unless otherwise stated.)

SECTION VI: OTHER EXPLANATIONS AND NOTES

I. OTHER EXPLANATIONS ON THE PARENT BANK'S OPERATIONS

The Istanbul Chief Public Prosecutor's Office has included Mr. Süleyman ASLAN, who is the member of the Board of Directors (former Chief Executive Officer) of the Parent Bank to the scope of the judicial inquiry which is known in the public and demanded information and documents from the Bank about this investigation.

The transactions that might be considered in the scope of the judicial inquiry have been inspected and audited comprehensively by the Board of Inspectors of the Parent Bank. There is no finding on any significant case that might influence the financial statements of the Parent Bank according to the report prepared by the Board of Inspectors of the Parent Bank. The auditors of the BRSA made also an examination regarding this issue and there is not any negative opinion or problematical transaction conveyed to the Parent Bank by BRSA.

According to Board of Director of the Parent Bank's decision made on the 6 February 2014, Mr. Ali Fuat TAŞKESENLIOĞLU has been elected as a Member of the Board, pursuant to the Turkish Commercial Code Article 363 for the vacant Board Membership due to decease of Mr. Ahmet Kahraman. Mr. Ali Fuat TAŞKESENLIOĞLU has started his position as Member of the Board on 7 February 2014. The title of the CEO has been taken from Mr. Süleyman ASLAN and Mr. Ali Fuat TAŞKESENLIOĞLU is assigned as Chief Executive Officer of Halkbank as per to the approval of BRSA and the resolution of the Board of Directors of the Parent Bank dated 7 February 2014.

In its announcement on the Public Disclosure Platform dated 23 December 2013 and 13 January 2014 the Board of Directors of the Parent Bank has informed the public and the investors, that the Parent Bank does not have any business operations or transaction in contradiction with the national and international regulations and there is no undertaken review or investigation regarding the related authorities in relation to the Parent Bank's legal entity, and further, that the Parent Bank is continuing and will continue its activities, as it has done in the past, uninterrupted and in line with all national and international regulations.

SECTION VII: INDEPENDENT AUDITORS' REPORT

I. EXPLANATIONS ON THE INDEPENDENT AUDITORS' REPORT

The consolidated financial statements of the Parent Bank as of and for the year ended 31 December 2013 were audited by Akis Bağımsız Denetim ve Serbest Muhasebeci Mali Müşavirlik AŞ (the Turkish member firm of KPMG International Cooperative, a Swiss entity) and Independent Auditors' Report dated 5 March 2014 is presented in the introduction of this report.

II. EXPLANATIONS AND NOTES PREPARED BY THE INDEPENDENT AUDITORS

We draw attention to the judicial inquiry about Mr. Süleyman ASLAN (former Chief Executive Officer of the Parent Bank) as explained by the Board of Directors in the Section VI. This issue is not qualifying our opinion presented in the introduction part.
